WEDNESDAY, DECEMBER 24, 1902.

GENERAL NEWS.

The Philippine insurgents are becoming very active again and three provinces are to be placed under military control.

The imperial troops of Morocco have been totally defeated after a sanguinary battle with the rebels headed by the pretender to the throne.

Poor crops and prohibitive prices for rice are reported from all points in China. Great distress is reported from the provinces of Amoy and Swatow.

A young lady of Springfield, Mass., has suddenly recovered the power of speech after being dumb for 14 years. She has since talked so much that the woman may be examined to determine her sanity.

A new cholera outbreak is reported from Manila. The disease is raging unchecked in the southern islands. In Ho Ho the death rate is very heavy and the authorities are powerless to check the epidemic.

Judge Bland, of the St. Louis court of appeals, in deciding a case whereby a plumber sought to enjoin a master plumbers' association from combining said that the capitalists and the laborers had equal privileges and could combine as they pleased.

PACIFIC NORTHWEST NEWS.

Over 10,000 prune trees have been set out during the past two months in the vicinity of The Dalles.

Henry E. Nelson, police judge of Astoria, died Tuesday night in that city. He had been ill several months, being afflicted with consumption.

Elva Freeland has brought suit against the Portland Railway company for \$10,000 damages, for injury sustained in attempting to board one of its cars.

Matt Wells, a gambler, shot Erastus Dorsey, at Lakeview Tuesday. The shooting is the outcome of a gambling feud. Dorsey is not dangerously injured.

The Spokane land office has recently been flooded with inquiries concerning coal deposits near that city. It is thought a wholesale land grab is being attempted.

The city council of Astoria has restored the salaries of two city officials, and at the next meeting will increase the salary of a third. The salaries were reduced some years ago when the finances of the city were at a low ebb, the auditor's emolument being cut from \$125 to \$100 monthly; that of the city attorney from \$90 to \$70, and that of the chief of police from \$80 to \$61.

BENTON COUNTY HORSES.

They Bring Good Prices—Two Recent Shipments to Tacoma.

Within the past month, more than \$1600 has been paid in Benton by one man for horses that were shipped away. John Welsh, a Tacoma liveryman was the purchaser. Less than a month ago he was in Corvallis and bought two 1600 horses from William Gellatly paying for them \$376, and a somewhat lighter team from Walter Brown for \$350.

Monday last Mr. Welsh made another shipment from here, comprising five head of large horses. One team he purchased from John Rickard at \$350; a team from Gus Logsdon at \$400, and one horse from S. K. Brown, Jr., at \$140, making a total of \$1615 in cash spent here by Mr. Welsh for nine head of horses. These horses are purchased for use in the logging camps about the Sound. It is said that Mr. Welsh will return to Benton by the end of the month to purchase a mixed lot of horses—a carload if that many are available.

Cheap Rates Westbound.
 From February 15 to April 30, 1903, inclusive, the O. R. & N. Co. will have on sale tickets from Missouri River points to Pendleton for \$22.50; from St. Paul, \$25.00; from St. Louis, \$27.50. Call on the O. R. & N. ticket agent for full particulars.

"Your daughter is a great help to you in your household work, isn't she?" "Yes. She stays away from home so much."—Brooklyn Life.

OPEN EVENINGS

TRAINS DELAYED

SNOW BLOCKADE ADDED TO OTHER TROUBLES.

Blizzards in Wyoming Cause More Serious Hindrance—Six inches of Snow at The Dalles.

Train service on the O. R. & N. line through Pendleton is still very uncertain. The new time card went into effect Tuesday morning, but so far it has not had the desired effect of bringing west-bound trains in on time.

Yesterday morning's No. 1 passenger did not pass through here until nearly 10 o'clock last night, while today's No. 1 is due here at 4 o'clock this afternoon.

These delays are due now to the snow storms in Wyoming, Colorado and the Rockies. Local advices now are to the effect that the roads have been cleared and that unless another storm comes, traffic will resume its normal phase at once. The blizzard which has been raging in Wyoming, Colorado and the Rockies has made conditions very hard for the through trains, and as a consequence connections at Huntington are late.

Although the snow in the Cascades is quite deep it is causing no delay to trains from Portland. It is reported that a foot of snow fell at Bunsell yesterday up to 4 o'clock and about six inches at The Dalles. In the Blue Mountains the snow is also deeper than usual at this time of year, but is not impeding the progress in many places. Not enough snow has fallen here so far this winter to make good coasting.

TWO BROKEN LIMBS.

Icy Sidewalks Cause Several Accidents.

Two broken limbs have already resulted in Pendleton because of the slippery weather. Yesterday afternoon John Fichtner, who has been driving the delivery wagon for Joseph Basler, fell on Main street and fractured one bone of the ankle. Dr. Smith was called and reduced the break and made the man as comfortable as possible. No serious trouble is anticipated from the break.

The same evening Mrs. A. L. Box, who lives in the west end of town, slipped and fell at her home and broke her wrist. In trying to break her fall with her hands she came down full weight on the right hand and the weight snapped the right wrist. Dr. Smith was also called in this case and reduced the fracture, giving the unfortunate woman as much relief as possible.

Great Weather Calendar.

The Chattanooga Medicine Co., the manufacturers of McElree's Wine of Cardui and Theodor's Black Draught, have just issued the 1903 edition of the Cardui Weather Chart and Calendar. This calendar has sprung into universal prominence by accurately foretelling the Galveston flood and predicting the droughts and floods of the past summer, a year ahead of each occurrence. It can be secured by sending 10 cents in postage stamps to the Chattanooga Medicine Co., Chattanooga, Tenn.

Visiting in Baker City.

W. H. Fletcher, a sawmill man of Umatilla county, who is located in the Blue Mountains near the toll gate on the Woodward road, and who is on his way to Baker City on business, stopped over Sunday to see his old-time friend, W. H. Griggs. Mr. Fletcher reports quite a heavy fall of snow in the mountains—La Grande Chronicle.

FALLING HAIR

Prevented by warm shampoos with CUTICURA SOAP, and light dressings of CUTICURA, purest of emollient skin cures. This treatment at once stops falling hair, clears the scalp of crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, and makes the hair grow upon a clean, wholesome, healthy scalp when all else fails. Sold throughout the world. Price 25c. A. C. Carter, Sole Proprietor. "How to have Beautiful Hair," free.

BONE FOOD

The bones of a baby are soft—so very soft that at first they can scarcely be called bones. They grow hard in time, but the period of their growth is a critical one. Loose joints, bow-legs, enlarged head and hip disease are evidences of rickets. If not checked they lead to deformities of a permanent character. This is the natural result of improper bone nourishment during the period of bone development.

The child needs mineral substance to harden the bones and this is plentifully supplied in the hypophosphites of lime and soda contained in Scott's Emulsion. The cod liver oil provides the element of fat needed to reinforce the child's ordinary food.

Thus Scott's Emulsion offers in a perfect combination the very principles of proper bone and flesh nourishment most needed by a young child. The action of the Emulsion is so mild that the most delicate stomach will accept and retain it. This makes Scott's Emulsion of particular value to weak children and very young babies who are in absolute need of a mild yet effective food-medicine.

Pale-faced children show they are not getting what they ought to get from their food. They need Scott's Emulsion to enrich their blood and give them strength to start on the right road to a healthy growth.

If a child is thin, backward in growth, or slow in development it will be found that Scott's Emulsion will quickly help it. There is nothing better for babies and growing children than Scott's Emulsion.

We'll send you a sample free upon request.
