George Plydell, of Duluth, Minn., aged 55, with his arms full of Christmas presents for friends and relatives, fell from exhaustion when within five feet of his home, and froze to death.

A Swede in New York had a fight and struck his adversary in the mouth with his fist. He cut his knuckles by the blow on the teeth, blood poisoning set in, spread to his body and resulted in his death.

A 15-year-old boy was fatally burned while playing Santa Claus in a Salvation hall of Chicago. The boy was swathed in rolls of cotton and wore a long beard of similar material which ignited from a candle.

For the second time in 15 years, says a Press dispatch from Oyster Bay, President Roosevelt did not act as Kris Kringle in person at the Cove school, where his children were taught prior to his elevation to the head of the nation.

Twenty-five of 30 miners were killed near Trinidad Thursday night. They were all from the coal mines north of the city and were going to Trinidad to spend Christmas. They were in a box car of a freight train which collided with a coal train.

Representatives of the striking shopmen on the Union Pacific are on their way to New York to confer with President Harriman in regard to a settlement of their difficulties. The strike has been on six months and the company is suffering severely from detective power.

The cab and carriage drivers' strike which began at midnight Wednesday in St. Louis, for an increase of wages, has extended until 390 out of 570 drivers in the city are out. Of the 17 stables that had agreed to accede to the demands of the men, only one member of the Liveryman's Association is said to have lived up to its agreement.

Minnie Ensminger, a school teacher of Haines, Baker county, was shot in the back and fatally wounded by Plez Armstrong, on Christmas morning. Jealousy was the cause. Armstrong shot himself after committing the dastardly act, but only inflicting a slight flesh wound on his temple.

UNNA DEFINES CAUSE.

European Skin Specialist Says Dandruff is Caused by Parasites.

Upon that theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all "took a hand" and the successful issue is the present product known as "Newbro's Herpicide."

This remedy actually kills the parasites that infest the hair bulb, does its work most effective and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.

Coming Attractions.

Mr. Atkins Lawrence, who is playing Martin Berry in "Shore Acres," was at one time considered the finest Romeo on the English-speaking stage. He played this part with Adelaide Nielson and Mary Anderson, and also with Julia Marlowe, but only at a trial performance, and at that time Miss Marlowe was not so well known as she is today. Mr. Lawrence is accounted an excellent actor and his work can always be relied upon as being artistically satisfactory. "Shore Acres" is underlined for January 7th, 1903.

George Carter, of Eugene, shot and killed his wife and then himself, on Christmas day, in a fit of jealousy.

THE POLICE RECORD

ARRESTS MADE DURING MONTH OF DECEMBER.

Judge Fitz Gerald Makes Some Pointed Observations on Law Breaking—Indians Securing a Great Amount of Liquor in Pendleton.

Seventy-six arrests have been made so far this month by the police department. This exactly compares with the number made last month, as just 76 men were arrested during the whole of last month.

November was a record breaker in the annals of the police department for the year, but from all indications, December is going to outdo November's record.

Forty-two Drunks.

Forty-two of the arrests made during the month were for drunkenness and disorderly conduct.

Twenty-seven inmates of bawdy houses appeared in police court and pleaded guilty of breaking ordinance No. 11 and paid fines ranging from \$7.50 to \$18 each.

Two arrests were made for peddling without a license, two boys were arrested under the curfew ordinance, one vagrant and one rider of a bicycle without a bell was arrested.

Fines Were Small.

The fines for this month are not up to the amount received last month. Only \$298 were received from all sources through the police department this month, to date, while the fines for last month were \$554.

In speaking of the fines Police Judge Fitz Gerald said this morning that more commitments had been made this month than ever before since his connection with the police department. "Last month everybody seemed to have money," said the judge, "but this month they are broke."

Many Indian Drunks.

Judge Fitz Gerald also stated that the drunken Indians were becoming entirely too numerous. He said: "Indians are getting liquor by the wholesale from some source. Hardly a day passes but one or more is arrested and thrown in jail for being drunk. They seldom have any money to pay a fine and when put in jail have to remain there until the fine is paid by imprisonment. If the city fed these people as a man should be fed it would cost the city \$100 a month to feed the drunken Indians committed to jail. This thing of Indians being furnished liquor is becoming a great nuisance. The law is entirely too lenient with those caught and convicted of this offense. A few months in jail is no terror to the next man when he thinks of making a few dollars off the Indians by giving them whisky. If some of the men who make it a habit of furnishing liquor to Indians were given two or three years imprisonment and a heavy fine it would have a wholesome effect on others. Courting the friendship of the Indians with a bottle of whisky for a few cents profit would become a thing of the past were some of these men to get a heavy sentence."

IN A BLOCKADE.

Echo Postmaster Caught on Northern Pacific Delayed Train.

John Dorn, postmaster of Echo, is in Pendleton today on his return from a brief visit to Wenatchee, Wash.

Mr. Dorn was a passenger on one of the delayed Northern Pacific trains which was blockaded by a snow slide for 24 hours near Wenatchee.

Mr. Dorn is an enthusiastic believer in the future richness and productivity of the arid lands adjacent to Echo. There is enough waste land in that vicinity to support a city the size of Pendleton and irrigation will bring about just such a transformation, thinks Mr. Dorn.

He reports the cities of Washington in a very prosperous condition, but prefers Umatilla county as a permanent home.

Mr. Dorn has been in attendance upon the trial of his brother, who was

unfortunately forced into a shooting affray some weeks ago in Chelan county, Washington. The trial resulted in a speedy acquittal as the shooting was done in self defense.
