Alaska a Good Buy.
Alaska, like the Louisiana region
of the Oregon country, was not con-
sidered by some American congress-
men to be worth "a pinch of snuff."
Yet, since the United States bought
it in 1867, it has yielded gold, furs
and fish worth \$150,000,000.

Stage Days Numbered.
The arrival of the first direct over-
land mails by stage at St. Louis from
San Francisco, in 1858, was regarded
by President Buchanan as a glorious
"triumph for civilization and the
Union." Railroads aggregating 87,000
miles have taken the place of the
stage in the West.

AGAINST RESERVE

GRANT COUNTY PAPER
ENTERS HOT PROTEST.

Thinks People Should Not be Led to
Slaughter—Feels in Duty Bound to
Expose Graft Wherever Found.

We understand the honorable J. N.
Williamson, congressman-elect from
Oregon's second district, came to
Canyon City on Monday last for the
purpose of personally interviewing
the people regarding the proposed
Blue mountain forest reserve.

We recognize that the permanent
creation of the proposed forest re-
serve is a very serious question for
the people of Grant county; we real-
ize that different conditions prevail
here than do in any other county in
our state, and we know that the de-
partment of our government which
has these matters within its jurisdic-
tion knows of these conditions, and
have expressed a willingness to give
to our people a fair consideration,
and have explicitly stated how we
could get a hearing upon any protest
properly filed with the department.

The News has always opposed the
creation of the proposed forest re-
serve upon the lines indicated in the
temporary order withdrawing these
lands from settlement and will still
continue to oppose it, but while op-
posing it we will not stand by and
see the people of our town and of
Grant county hoodwinked and led as
sheep to the slaughter by either a
congressman or any of our local peo-
ple without registering a protest.

There are other grafts than those
which have been mentioned as school
land grafts, and it may be our duty
to expose them in the near future
for the benefit and protection of the
citizens of our own county. If duty
calls to us we will respond.—Grant
County News.

Missouri Pedagogues in Session.

St. Louis, Dec. 29.—One thousand
delegates attended the formal opening
of the annual convention of the Mis-
souri State Teachers' Association to-
day. All the leading educators of the
state were present. The reception
and welcome of the visitors occupied
the greater part of the day. Presi-
dent Whitford, of the association, ex-
pects the meeting to be the most suc-
cessful ever held in the state. Among
the speakers for tomorrow is Presi-
dent David Starr Jordan, of Leland
Stanford, Jr., University, who will
speak on "What the Twentieth Cen-
tury Demands."

Needs of the Rural School.

Topeka, Kan., Dec. 29.—"The Prob-
lem of the Country School" is the
general topic selected for discussion
at the 40th annual meeting of the
Kansas State Teachers' Association,
which will be in session here during
the coming two days. Among the
eminent educators to be heard on the
subject are Deputy State Superintend-
ent D. E. McClure, of Michigan, ex-
State Superintendent Henry Sabine,
of Iowa, and Professor Vincent, of the
University of Chicago. The heads
of the leading schools and colleges of
Kansas will also be heard. Professor
Joseph B. Hill, of the State Normal
School, president of the association,
delivers the annual address.

Language Students Assemble.

San Francisco, Dec. 29.—The Philo-
sophical Association of the Pacific
Coast began its fourth annual meeting
today in the Mark Hopkins Institute
of Art. The sessions are to continue
three days, during which time papers
of a profound nature will be read
and discussed. The opening session
this morning was taken up with the
reports of officers and the appoint-
ment of committees. Professor C. M.
Gayley, president of the association,
delivers his annual address this eve-
ning.

Carter to Box Gardner.

Chicago, Dec. 29.—Followers of pug-
ilism expect to see tonight one of
the best bouts that has taken place
in Chicago in some time. The con-
testants are to be George Gardner
and "Kid" Carter and they are slated
to mix it up in a six-round bout before
the Lyceum Athletic Club. Carter
has lost three times to Gardner, but
never within the six-round limit, and
the Brooklyn lad figures that he has
a good chance to reverse the former
verdict in a six-round battle.

Ground Squirrels Still Out.
Farmers from the vicinity of Barn-
hart report that ground squirrels are
to be seen occasionally in that neigh-
borhood yet. Usually these pests hiber-
nate early in the winter and it is
an extraordinary occurrence to see
them out at this season of the year.
Old settlers say this is a certain sign
of a late, backward spring.

Servants Without Price.
The Salem hayseed mayor and city
council get no salaries and have no
mileage or clerks allowed them. Yet
we have the best government in the
United States or Philippines. What's
the matter with putting the legisla-
ture on the same footing? The peo-
ple would be getting better service.—
