Recent High Water in Vansycle Canyon Caused by Chinook Followed by Heavy Rain-Damage Repaired.

The W. & C. R. train left Pendle-ton a little late last evening on account of the damage to the road down the Vansycle by the high water. Traffic was delayed for two days on this line, as well as the O. R. & N. at Helix, but the damage has now been repaired and there will be no more trouble at present,

President Joseph McCabe, of the 'High Line," who spent last night in the city, said this morning that the recent high water down the Vansycle canyon was the worst in the history of the road. Out of more than 20 bridges across this canyon, 17 of them were damaged badly and two were washed out completely. The damage was not very serious, however, and with a couple of days' work all was repaired and traffic again re-
