### GENERAL NEWS.

Governor Stone, of Pennsylvania, advocates the passage of a state law to prevent strikes and believes that compulsory arbitration is the solution.

A Wettermark & Co., of Henderson, Texas, bankers and merchants, today went into liquidation. The liabilities and assets are each about \$400,000.

Plans are being formed to defeat the Oklahoma-Indian Territory statehood bill, to which the president is said to be opposed. He favors admitting Oklahoma alone.

The coal famine has become so serious that measures to afford relief were introduced in both houses of congress yesterday, and a lively debate occurred in the senate.

Another battle has been reported between the forces of the sultan of Morocco and the pretender. Mohammedan priests are preaching a holy war, relating the wonderful miracles said to have been accomplished by the pretender.

Great Britain has vigorously protested to the Turkish government against the permission granted in September last to the unarmed Russian torpedo-boat destroyers to pass through the Dardanelles and into the Black Sea, under the commercial flag of Russia.

Senator Mason has introduced a bill into congress providing that, when a coal mine is unoperated, to the prejudice of the people, the attorney-general may have a receiver appointed by the United States court, who shall operate it as long as necessity continues.

David Thompson, one of the best-known prospectors in the Black Hills over which country he has hunted gold for 17 years, struck a ledge of great richness, and after 10 minutes demonstrations of delight, fell dead, says a dispatch from Roubaux, S. D. An examination made later by physicians, showed a blood vessel in the brain to have been ruptured.

### PACIFIC NORTHWEST NEWS.

The damage in King county, Washington, from the flood, is placed at \$100,000, and 300 people are rendered temporarily homeless.

For the past four days the only trans-continental trains that have got into or out of the Puget Sound country have passed through Portland.

The rush of waters in the White River Valley has reached its height, and the flood is now subsiding. Weather reports indicate falling temperature in the mountains.

The regular work of the Oregon State University began yesterday morning, most of the faculty and students having returned from their homes in different parts of the state.

Representative Humphrey, of Washington, has promised Secretary Moody that Bremerton will reform its social features and obtained a promise that war ships would then be sent to the navy yard again.

Secretary Shaw has signed an order closing the streams in Southeastern Alaska against salmon fishing until July 1. This action is taken with a view to preventing the threatened destruction of the fishery industry.

Oil has been struck in two wells eight miles from Vale on the Union and Zenith ground at a depth of 450 and 50 feet, respectively. The oil was encountered in a stratum of oil sand, and came to the surface mingled with water and gas.

David Ulin, foreman in Smith & Howard's rock quarry at Portland, committed suicide in Albany today at 12:35, by cutting his throat with a butcher knife. He lately received news from Germany of the death of his mother, and was suffering from melancholia.

**Catarrh Cannot be Cured**  
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

## WOODMEN'S BAND

ELGIN CAMP FURNISHED  
MUSIC AT WESTON.

General Organizer George K. Rogers Confers With President Cohen, of Commercial Association, on Carnival Question.

The Woodmen of the World held a log-rolling at Weston last evening at which over 300 members were present.

Among the officials of the order at the meeting were Head Escort N. O. Baldwin, of Pomeroy, Wash.; George K. Rogers, general organizer, and District Organizer George W. Derrick.

The uniformed band of the Elgin camp furnished the music for the occasion and won many well-merited compliments on its performances.

The Elgin band, under the leadership of Captain Lee D. Tuttle, arrived in Pendleton yesterday on delayed No. 1, and spent the afternoon in the city.

Head Manager A. D. Stillman was complimented by the members, who serenaded him in a manner that gave evidence of the high esteem in which he is held by the order.

He responded with a neat speech and presented the band with a box of cigars.

The office of Mrs. C. C. Van Orsdall, grand guardian of the Women of Woodcraft, was then visited by the band, where some choice selections were rendered. Mrs. Van Orsdall, in response to the compliment, presented the band treasury with \$5 in cash. George K. Rogers, general organizer, accompanied the members of the band and quite a number of visitors from this city, to Weston on the evening train.

Mr. Rogers will confer with President Leon Cohen, of the Commercial Association, today, in regard to arranging for a Woodmen's carnival to be given here some time during the coming summer.

The Woodmen have made arrangements with some of the best carnival attractions in the country to hold a series of carnivals in the cities of the Northwest, and it is the intention of the officials to include Pendleton in the list if possible.

During the past seven weeks the Woodmen have held eight great log-rolling. The demonstrations are directly advertising the Lewis and Clark fair, and the method is meeting with success.

The badges worn by the membership contain the picture of a great stump which shows the marks of the woodman's axe. The gnarled roots have all been cut away, and on the face left smooth by the axe the figures "1903" are engraved.

The members of the Elgin band are as follows:

Lee D. Tuttle, captain; Eugene Hay, Dell Payne, Henry Hay, Phil Turner, C. Terwilliger, H. Morton, A. Russell, H. Helfrich, R. Wondy, James Raney, Frank Shoemaker, R. Shoemaker, J. Moorcock, John Baxter, E. W. Carmichael, George R. Rogers, Charles Marsh, H. G. Knowland, G. W. Derrick. They will return from Weston today and will leave for La Grande on the evening train.

### GOLF CLUB MEETING.

Interesting Session Held and Much Business Transacted Last Night.

The Pendleton Golf Club met last night at the home of Mr. and Mrs. Frank B. Clopton, and transacted a great deal of business of importance to its members.

The tract of land belonging to C. E. Roosevelt, now occupied by the links, was leased for the period of one year, and the course will be greatly improved.

The Sportsmen's Association will remove its traps and range to a place on the Tutulla, which will give the Golf Club more room than at present.

The executive committee was instructed to arrange for a golf ball to be given some time in February. The date will be announced soon and this

will be one of the prettiest social functions of the season.

Membership cards were ordered printed and other minor details of the association business were attended to. The membership is discussing the advisability of arranging a country course, at a distance of two or three miles from the city, for the coming season, but no definite steps were taken.

### Magnificent Profits.

The profits which the firm of J. P. Morgan & Co. have received this year from financing big industrial financial combinations, are thus roughly estimated:

Louisville & Nashville merger with the Atlantic Coast Line Co., \$6,000,000; purchase of the Marion railroad, \$250,000; Atlantic Steamship combination, \$2,500,000; Northern Securities Company, \$4,500,000; merger of the harvester companies and plants, \$5,500,000; financing the United States Realty Company, \$3,000,000; additional profits from the Underwriting Syndicate of the United States Steel Corporation, \$20,340,000—total for the year, \$42,190,000.

The biggest losing venture of the year for Mr. Morgan was his unsuccessful attempt to get franchises through the London County Council for building the underground "tubes."

Armour & Co. are said to be trying to contract for all the butter output of the dairies of New York State, and will attempt to control the market.

## NEURALGIA.

If a person has neuralgia in their system this is the season when it will be felt. It is an ailment that may spring from a variety of sources. Anæmia or any depressed state of the bodily functions are frequent causes. The exhaustion resulting from rheumatism also makes it easy for neuralgia to get a foothold. Any exposure to cold or dampness quickly causes an attack of the painful ailment and in some cases it will hang on almost continually during the winter months.

The medical world has for years recognized cod liver oil as being of great value in fortifying the body against neuralgia and against all conditions of bodily depression. It is a powerful agent for good in giving new life to the worn out nerve centers and building up the weakened tissues which are responsible for the ailment.

In Scott's Emulsion the pure cod liver oil is combined with hypophosphites of lime and soda, the latter contributing strength to the blood and bones.

As the principal mission of Scott's Emulsion is to give healthy, solid flesh, active tissue, pure blood and rich bone marrow it will be readily seen why Scott's Emulsion is so effective in driving out the causes of neuralgia.

We'll send you a sample free upon request.
