MUSCULAR, MERCURIAL, they can scarcely remember the time when they were entirely free from an ache or pain, and have from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their miscry is aggravated by exposure to cold or sudden changes in the temperature. They become walking muscles and joints forstelling the approaching storm or the coming of bad muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent

that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persist-ent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

811 Twelfth Street. To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating matter are washed out of the muscles

and joints, and the pains at once ceas and Rheumatism is a thing of the past. S. S.
