INVEST IN REAL ESTATE

There is no proposition before the people that is as safe and sure to double in value as Real Estate in Eastern Oregon. You take no chance of losing, for Real Estate at the figure it is selling for now, is as good as government bonds. We have the choicest farm land, grazing land, wheat land and city property that is on the market. We can make the terms to suit you. If interested just take time to call and look over what we have and learn the prices.

BUSINESS CHANCES—The Old Dutch Henry Feed Yard, Depot Livery Stable. A small business making good profits, on Court Street.

W. F. EARNHART,
ASSOCIATION BLOCK

I.O.O.F. DEDICATION

ODD FELLOWS OF HEPPNER OCCUPY NEW BUILDING.

R. Alexander Master of Ceremonies—Sumptuous Banquet by the Rebecca's—Past Grand Master Present—Speeches by Prominent Odd Fellows.

R. Alexander, Senator Walter M. Pierce, T. F. Howard, George Brown and C. E. Troutman, of this city, returned last night from Heppner, where they attended the dedication of the new lodge building just erected by the Independent Order of Odd Fellows of that city.

The building is a two-story structure of superb appearance. The lower story is occupied by stores, and on the upper story are located spacious lodge rooms, property rooms and banquet hall of the Heppner lodge. The building and furnishings cost \$30,000, and is one of the handsomest and imposing lodge buildings in Eastern Oregon.

R. Alexander was master of ceremonies for the evening and the beautiful and impressive dedicatory exercises of the Odd Fellows were witnessed by a large assemblage of members and visitors.

The address by Mr. Alexander was of a reminiscence nature and the sentiment expressed will find a place in the permanent literary and historical records of Oregon.

One most impressive part of the ceremonies of dedication was the building of the altar of the new lodge room, by the officers and members. The blocks of imitation stone were cut and numbered, each stone bearing one of the emblems of the order. The exercises were carried out so smoothly and the parts of those in charge of the ceremonies were known so well that rituals were not used, and the building of the altar, joint by joint and block by block, symbolical of the process of building a life and character from the many virtues that are strewn along the way, was one of the most impressive scenes in the dedication.

Among the prominent Odd Fellows of the state present were Past Grand Masters Phil Metschan, of Portland, and Welsh, of Astoria.

After the dedication brief addresses were made by Senator Walter M. Pierce of this city and Past Grand Master Welsh.

The assembled guests and members then repaired to the banquet hall, where the Rebecca's lodge of Heppner had prepared a feast that was in keeping with the spirit of the occasion. Plates were laid for 300 guests and the board was laden with such a variety of delicacies as only Eastern Oregon knows.

After the banquet a public installation of officers was held. The ceremony of installation was performed with the same smoothness and grace that marked every other proceeding, those in charge being perfectly familiar with their parts.

R. Alexander organized the Heppner lodge on December 20th, 1878, with a charter membership of eight. At the ceremonies of dedication, David Herrin, the only surviving member of that little band, linked the present with the past.

The membership at present is 77 and the lodge is in a most flourishing condition, and occupies its new building with just pride in a record that is worthy of emulation.

The visiting members from this city were royally entertained and express the highest terms of praise for the treatment accorded them by the Odd Fellows and the citizens of Heppner.

The trip was a most enjoyable one for the Pendleton party, with the exception of the six hours wait for their train at Heppner Junction.

The meeting will be long remembered by those in attendance as one of the landmarks along the pathway of Odd Fellowship in Oregon.

This growing order is at the head of the list of the great fraternities at present. The number of Odd Fellows now in the United States is 1,027,028. The Masonic order follows with 902,601. The state now having the largest number of Odd Fellows at present is Pennsylvania, with 110,132 and the smallest number is found in Arizona, which has but 768.

Oregon now contains a membership of 7504.

KNIGHTS OF PYTHIAS.

Begin Their Third Annual County Convention Here Tomorrow.
Tomorrow afternoon at 2:30 o'clock the third annual district convention of the Knights of Pythias of Umatilla county will open in the Music hall, on Court street.

Damon lodge is preparing to make this one of the most enjoyable and profitable conventions ever held by the Pythians of the county. Preparations are being made for the entertainment of at least 400 members of this great order, including the members of the Pendleton lodge. The other lodges to be represented in bodies are Weston, Athena, Milton and Helix. In addition to the members of these orders being here en masse many distinguished guests from abroad will honor the occasion with their presence.

The convention will be called to order by Grand Chancellor J. W. Maloney. He will state the object of the

meeting and the reading of the minutes of the last convention will be read by the secretary.

The election of officers will follow the reading of the minutes and then Mayor Thomas G. Halley will deliver the address of welcome. This will be responded to by Will M. Peterson, of Athena. Grand Chancellor Maloney will follow Peterson with an address and he will be followed by addresses on appropriate subjects by Brigadier General J. H. Aitken, of Huntington; Grand K. of R. and S. L. R. Stinson, of Salem; Past Grand Chancellor W. L. Bradshaw, of The Dalles; Grand Master at Arms M. F. Davis, of Union.

Grand Chancellor Maloney will then confer the grand lodge rank on the past chancellors present.

The evening session will open at 7 o'clock at Armory hall, where a banquet will be served under the auspices of Damon Temple No. 24, Rathbone Sisters. J. H. Quinn will act as toast master.

The banquet over, the Pythians will repair to Music hall again, where the first thing will be the opening of the lodge in the Knight rank by the officers of Damon lodge. Then the five lodges of the county will join in the exemplification of the Knight rank. A class of 18 has been secured to confer this rank upon and this work will occupy the attention of the lodge the greater part of the night.

A team has been drilling for several days and has the work of conferring this rank down to perfection.

The competitive drill contest has been eliminated from the coming convention. Last year the five teams contested for a handsome prize which was carried off by Damon lodge. The same team went to The Dalles a few weeks later and walked off with the honors over teams from that district.

The regular drill contest will be held, however, sometime in February in La Grande when teams from Baker and Union counties will compete.

Attention Knights.

Damon Lodge No. 4, Knights of Pythias, will hold a special session in Music Hall, Friday evening, January 9th. There will be work in the third rank. Also Saturday, January 10th, commencing at 2:30 p. m., the third annual district convention of K. of P. of Umatilla county, will be held at the same place. All Knights and Esquires are requested to be present.

COUNTY COURT.

Allows Many Bills—Petition for Road Denied—Interested in City Streets.

The county court, now in session, has done little business since convening Wednesday other than the viewing and allowing of bills of which there are an extra batch.

The petition of Mr. Lockwood for a county road through the place of Gus Volmer, in the east end of the county, was denied. A counter petition was filed with almost twice as many signers as the one for the road.

The county court is seriously considering appointing a committee to wait on the city council in regard to the cry of bad thoroughfares in the incorporated limits. A great deal of complaint is heard about the road from Byers' mill race to the east end of the city limits. The road is badly cut up and needs a great deal of repairs.

The court is spending the afternoon viewing a proposed road change northeast of town.

IRRIGATION PLANS

BAKER AND MALHEUR COUNTIES VERY ACTIVE.

Umatilla and Morrow Counties Diligently Working—Should Hold Occasional Meetings—Keep the Matter Before the People.

The Baker County Irrigation association recently organized in Baker City, is holding monthly meetings, has employed a civil engineer to locate the different propositions that are to be found within that county, and is preparing data on all the plans they expect to present to the government engineers.

The association organized in Malheur county recently, has called a special meeting to be held on January 17, at Ontario, and the irrigation forces throughout Eastern Oregon are active in the extreme.

While no definite plans have yet been made public, the Columbia River Basin Association is energetically working upon the propositions that lie within Umatilla and Morrow counties.

A meeting should be called at an early date, the data collected and plans systematized so Umatilla county can get her share of the funds due Oregon under the irrigation law.

While the members of the association are not burdened with the work and duties that will increase with the opening of spring, regular meetings should be held, the matter should be kept constantly before the people, and plans submitted to the state association early as possible in the year.

The rule with the government engineers will, to a large extent, be that those who apply first will be served first. Don't let the irrigation association forget this.

"Before another year passes, the water that is now flowing through Pendleton, benefiting no one, reckoned worthless by most people, should be utilized in making crops for idle land tributary to this city, and which are a part of the wealth of this county," said a prominent irrigator, to the East Oregonian today.
