GENERAL NEWS.

Anthracite coal is still \$10 a ton in New York.

Brazil has decided to send a special mission to Bolivia to settle the Acre question.

Alfred Belt, Africa's richest man, has been stricken with paralysis at Johannesburg.

A strike of the soft coal miners in West Virginia for a large advance in wages will probably go into effect April.

A German geographer complains that north pole exploration is in danger of degenerating into sport, in which establishment of "records" is the main thing.

That wheat was grown in Alaska a century ago is proved by the discovery of two old flour mills, built by the subjects of the czar, in the southern part of the territory.

A big coal company of Bevier, Mo., formerly strongly opposed to the miners' union, has lately requested their men to organize and a yearly agreement has been made with the union.

Senor Francisco Silveira has been appointed the new premier of Spain. He became noted for his opposition to the late war with the United States. He belongs to the conservative party.

Tariff was originally the name of a Moorish chief who, having a port in Spain near Gibraltar, was accustomed to levy toll on passing vessels. His toll became a regularly understood thing, and the amount was added to the price of the goods.

President Castro has defaulted in his promises to France and more warships may threaten his ports. The rebel leader, Matos, profits by his predicament and offers to settle promptly with the allies if he is made president.

Mulai Mohammed, the brother of the present sultan of Morocco, who has been held as a prisoner under the direction of his ruling brother, has now been released and may be placed on the throne in compliance with the demands of the revolutionary element.

PACIFIC NORTHWEST NEWS.

William Stapleton, a miner, was killed Wednesday near Granite by a cave-in.

Henry Speimire of Astoria, died Friday at the advanced age of 102 years. He has lived in Astoria 34 years.

Pearl J. Beckett, foreman of the state printing office, died suddenly Friday morning of heart disease. He was about 35 years old.

A great irrigation project is under way in Cassia and Lincoln counties, Idaho, to reclaim 270,000 acres of the Snake River district.

John Durs, a farmer living near Lebanon, Or., committed suicide Friday by shooting himself. Despondency, brought on by sickness, was the cause of the deed.

The Washington State Federation of Labor finished its first annual convention in Seattle Wednesday. A committee was appointed to meet with committees from Oregon and California to organize a Pacific Coast Federation.

The republicans, who have an overwhelming majority in the Utah legislature, will without doubt elect Apostie Reed Smood to the United States senate. Strong opposition is looked for in the East to his admission in the senate.

City Nephew—Have very many of the farmers around here bought gold bricks, uncle? Uncle Gamaliel:—Wasal, I calculate there's a sufficiency of 'em to warrant their organization of an association, buyin' uniforms and givin' a yell.—Puck.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

Also between—11,000 and 12,000 head of sheep, 130 head of cattle, 30 horses, wagons, harness, plows, seeders and other farming supplies. Address Joseph Vey, Pendleton.

PROPOSED LAWS

BRIEF RESUME OF UMATILLA COUNTY BILLS

Outline of Leading Measures to be Presented by Members From This County—Road Law, Tax Law, Fellow Servant Law and County Boundary Law Among the Number.

The members of the legislature from Umatilla county will present some of the most important legislation to come before the twenty-second legislative assembly.

While each member of the delegation have bills of more or less importance to present, it is understood that the delegation will endorse and work for the following important measures:

A bill to fix the county line between Union and Umatilla, and also between Umatilla and Morrow counties.

A bill to create the office of county attorney, to take the place of the district attorney.

A bill creating an inheritance tax on all estates of \$20,000 and over.

A law similar to the Ohio road law, whereby the citizens of any district can petition the county court to aid in improving county roads, where the people of the locality are willing to help bear the expense.

A bill to abolish the five-mill school tax levy, and to allow county courts to fix the rate to suit the needs of each county.

A fellow servant law, holding employers liable for damages for injury sustained by employees through negligence or incompetence.

A bill changing the time at which taxes become delinquent from April 1 to some date during the early fall when money is plentiful in the county as a result of the sale of crops.

These measures are the result of a close study of local conditions and needs, and will be introduced by the different members of the delegation, after they organize at the state capital and ascertain as near as possible whether other general measures bearing upon the same subjects are to be introduced.

It is the desire of the entire delegation to concentrate their efforts and secure the hearty co-operation of other members, who may have similar measures to present. Very much repetition often occurs in the introduction of bills, on account of the lack of understanding among the members from different parts of the state, who are interested in identical bills and laws.

THE RIGBY-CLOVE FACTORY.

Owing to the Failure of the Citizens to Subscribe \$20,000 Stock, Will Not Be Built.

Those interested in the Rigby-Clove Combined Harvester Manufacturing Company are yet undecided what will be done about manufacturing their harvester. The promoters feel that sufficient effort has been made to demonstrate that the citizens of Umatilla county will not put up the \$25,000 preferred stock asked by the company to build a manufacturing plant in Pendleton, therefore the task of raising this money has been given up. The people were backward in taking stock and the company claimed they could not build a plant here without this amount of cash. Consequently other arrangements will be made.

J. Clove, one of the inventors of the new harvester, has been in San Francisco for the past several months, getting plans and estimates preparatory to having a few of the machines built for the coming harvest. Whether he will have the work done in San Francisco complete or whether part of it will be done there and the machines put together and finished here, has not yet been decided.

There is no doubt but the harvester will prove a success, but people do not seem to appreciate the importance of the establishment of the factory in this city. The incorporators are somewhat disappointed at they wished to get their machines built in

time for the coming harvest, and the delay in getting started may be the means of causing the machines not to be put on the market as extensively next year as was anticipated.

A SAN FRANCISCO PHYSICIAN.

Use Herpicide Successfully in Treating Syphilis of the Beard.

He says: "I recently treated a case of syphilis (similar to 'barber's itch') of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

(Signed) Melville E. O'Neil, M. D.,
"845 Howard St.,
San Francisco, Cal."

Herpicide kills the dandruff germ and causes the hair to grow abundantly. Sold by F. W. Schmidt & Co. Send 25 cents in stamps for sample to The Herpicide Co., Detroit, Mich.

Brickmaker Gone East.

H. B. Nelson, who was in the city last night, left today for an extended business and pleasure trip east. Mr. Nelson is the veteran brickmaker of Weston. For the past several years his facilities for making brick have been inadequate for the demand and he is going east to secure better machinery for his plant. He is contemplating putting in a compressed brick plant and will investigate the different brickmaking methods in the Eastern and Middle states.

ITCHING Burning Scaly HUMORS

Complete External and Internal Treatment \$1.25

Consisting of CUTICULA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICULA OINTMENT (25c.), to allay itching and inflammation and soothe and heal, and CUTICULA RESOLVENT (50c.), to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring, and humiliating skin, scalp, and blood humors, with loss of hair, when all else fails.
