A GOOD OUTLOOK

NEW ACADEMY WILL BE OCCUPIED TOMORROW.

Flag Will Be Unfurled as Part of the Opening Exercises — President Forbes Much Pleased With the Outlook.

Pendleton Academy opens tomorrow morning with an attendance of 160 students, in the new building, which is practically completed from end to end and from roof to basement. The enrollment includes several students from Morrow and Union counties, and President Forbes is confident that the enrollment will increase steadily from now on, with the probability, of course, that the minimum for the year will not be recorded until the beginning of the next school year. A feature of the structure is the system of heating and ventilation, which has been constructed along somewhat original lines suggested by President Forbes, and which is said by architects and others competent to judge, to be practically perfect.

At 8:30 o'clock tomorrow morning the American flag will float from the academy flagstaff, drawn to position by Charles Bennett. Mr. Bennett, who is an Englishman by birth, took out naturalization papers three years ago, and as a token or symbol of loyalty to this government, gave a sum of money toward the purchase of a flag for the academy. That contribution was made the nucleus of a flag fund, which has remained unemployed until the present time. Lately it was levied upon for the purchase of a beautiful 12-foot flag which will be raised over the new academy building tomorrow morning by Mr. Bennett personally.

The educational equipment of the academy has been increased by the addition of two laboratory departments—physical and chemical. The exact amount of money expended upon these laboratories could not be ascertained, but the furniture alone for them, cost \$162.

The cabinets for the proper display of a fine botanical collection and a large variety of geological specimens and curios are complete and these collections will be arranged and on exhibition in a short time. The curios and geological specimens were nearly all collected by Mr. Forbes personally and came from all parts of the United States.

The management is expecting to purchase apparatus for the gymnasium, which will be fitted up in the basement of the building, which has a 14-foot ceiling and is in every way a very suitable place.

MEDAL SHOOT.

First Shoot on New Grounds Selected by the Association.

The Pendleton Sportsmen's Association held a medal shoot Sunday forenoon at the new grounds, located about 460 yards south of the former ground, on Frank Frazier's place.

The scores made were as follows: F. W. Waite, 22; H. J. Stillman, 22; S. R. Thompson, 19; D. C. Clark, 22; A. D. Stillman, 17; Thos. Ayers, 11; Otto Botcher, 22; Thos. Warner, 16; J. R. Means, 22; J. Tallman, 21; C. J. Ferguson, 21; W. J. Sewell, 21; J. M. Spence, 13; W. W. Hoch, 19.

The medal was won by W. J. Sewell on a score of 24. It was a 25 target event and being the first shoot over the new ranges, was of more than ordinary interest to the participants. The indications for a good attendance at the coming tournament to open January 25, are now very flattering and local sportsmen are making every effort to insure the success of the meeting.

REV. MARVIN TO LECTURE.

Noted Walla Walla Divine Will Address Pendleton Audience This Week.

Rev. M. H. Marvin, of Walla Walla, will lecture at the Presbyterian church next Friday evening, January 16. His subject will be "Gladstone." Rev. Marvin has many friends in this city who will appreciate the opportunity to listen to his eloquent review of the Grand Old Man of England.

The lecture is the third in the series of four to be given under the auspices of the Men's Resort. The former numbers of the series already given were "Israel's Gifts to the World," by Rabbi Stephen S. Wise, and "Good Citizenship," by President Penrose, of Whitman college. The last lecture of the course will be given by Rev. Andreas Bard, on February 13.

Parliamentary Club.

Since the Saturday club notes were published, important communications have been received from the Lewis and Clark exposition board, requiring immediate action from all of our clubs. Members from every club are earnestly requested to be present at the Tuesday afternoon meeting of the Parliamentary Club, where these communications will be read and acted upon. In this way each club will have its share of representation in this public work. This is a matter of interest in Oregon, and particularly to the women of Eastern Oregon, for it is to this part of the state that the directors are looking for the greater part of the necessary enthusiasm to give the fair project a proper send-off in the legislature. There are people

in Oregon who have not the broader conceptions of what a properly conducted fair means to the great Northwest. Let Pendleton women rise to the occasion, and not fail in giving a generous response to this call from the exposition board.

Mayor Halley also will look for a representative audience Tuesday afternoon.

WILLIAM MURRAY DEAD.

Was a Pioneer of Eastern Oregon and a Native of Willamette Valley.

William Murray, a well-known and highly respected citizen of Umatilla county, who has resided near the agency for the past 12 years, died yesterday from an attack of pneumonia. He returned from Pine Valley, Baker county, a short time ago, where he spent the summer with his parents, and has been in the best of health until this fatal illness. He was taken sick on the 5th and continued to grow worse, passing away Sunday afternoon.

William Murray was a son of Nelson Murray, one of the oldest pioneers of Eastern Oregon. He was born near where Woodburn, Marion county, is now situated, in 1863, and removed with his parents, to Union, in 1864, where he grew to manhood.

Twelve years ago he removed to the agency, where he has since resided. He leaves a wife to mourn his loss. The funeral will take place at the mission chapel, and the interment in the mission cemetery tomorrow at 9 a. m. The father and mother of the deceased are expected to arrive from Baker this evening.

Class in Physical Culture.

There is a decided and very gratifying increase in interest in the physical culture department of the Men's Resort. The class in all-around gymnastics meets every Thursday and Saturday nights, and the progress the members are making is very unusual when the limited apparatus and short length of time in which they have been practicing are considered. It is conducted by the secretary, of the resort, Robert Hotchkiss. The class in fencing also holds regular sessions now, and the interest is growing. Professor Leroy Conklin is its instructor.

Don't Miss the Go.

Fistic carnival at Frazer's opera house tonight. Cheney and "Franchy" are both in good condition and feeling confident. Friends of both men backing favorites lively. The preliminaries will be fast. Doors open at 8 o'clock. Performance starts at 9 o'clock sharp. Tickets for sale at doors only.

Visiting at Lyle.

Mrs. W. H. Fowler and her son Ned have gone to Lyle, Wash., where Mr. Fowler makes his headquarters, and they will visit with him for a few days. Mr. Fowler is a railroad conductor on the road running out of Lyle.

The Third Lecture.

The third of the series of lectures under the auspices of the Men's Resort will take place Friday night next in the Presbyterian church. The address will be given by Rev. M. H. Marvin, of Walla Walla, and the title of the same will be "Gladstone."

Land Transfers.

The bank of Milton transferred to Benjamin Osborne a tract of land near that city, comprising 24 1/2 acres, today. Consideration, \$1000.

CONTEST FOR MEMBERSHIP.

Teams Will Compete to Get Members for the Men's Resort.

Tomorrow night will be inaugurated a contest by the Men's Resort that will have some quite unusual features. It will be nothing more nor less than a contest between competing teams who will struggle for a month to see which can secure the greatest number of enrollments to the membership of the resort. Tomorrow night the captains who have been selected to conduct the contest—Geary Kimbrell and Fred Oster—will select each 15 assistants—lieutenants and privates. A month from tomorrow night the contest will lend with the counting and enrollment of the new members who have been secured. But it is quite likely the interest of the evening will center around the banquet, which the defeated team will give that evening to the team which scores the largest number of enrollments. There will be, as a matter of fact, two banquets, the one which the successful contestants will sit down to will have a menu that will be seasonable and up-to-date—a genuine, sure enough banquet. The other banquet will comprise two courses—the first, tooth-picks, the second, water. The individual who secures the largest number of new members will be presented with a year's free membership in the resort.

Preparations for Revival.

The Baptist people will hold prayer meeting every evening of this week, in the rear room of the church, in preparation for the revival effort which will be put forth next week. The revival meetings will be held in the church in this city, and to them all people are invited. The regular meeting of the ladies' aid society will be held this week on Thursday, at 2 p. m., in the church.

Lecture on Purity.

A. W. Cole, the architect of the new academy building, lectured yesterday at 4 p. m., at the Men's Resort. His subject, generally speaking, was that of personal purity, and he emphasized every phase of the necessity of personal purity from that of mere physical perfection to that of a clean soul.
