## SEN. HEYBURN HERE

**FAVORS MORE STRINGENT  
CHINESE EXCLUSION LAWS**

is Not in Favor of Repealing the  
Present Homestead Laws—Thinks  
We Need Further Legislation on  
Subject of Irrigation.

United States Senator-elect Heyburn, of Idaho, passed through Pendleton this morning en route from Idaho to Spokane. During the five minute interval between the arrival of the westbound train and the departure of the Spokane train, he was interviewed at the depot by an East Oregonian reporter.

He was asked whether he favored the repeal of the present law by which settlers on government lands have the privilege of paying out on lands they have taken at the end of 14 months residence.

His reply was prompt, evidently showing that the senator had given reflection to the question. He said: "I'm not in favor of the repeal of the law. Its general effect is to make it easier for the settler to acquire a home from the public domain, and that alone is reason enough for its retention."

"What attitude are you in in relation to the irrigation question?"

"Briefly, I favor the present federal irrigation law. I do not regard it as a perfect measure. But what initial legislation on any question is ever perfect? It is a great stride in the right direction, and will undoubtedly be perfected, or approximately perfected in time. I believe in enlarging the legislation on this question; that is, enlarging the scope of the legislation so it will reach all the present conditions, correcting errors and adapting it to the requirements of the people in the various regions sought to be benefited."

"Senator, how do you stand on the Chinese exclusion law?"

"I favor the Chinese exclusion law and believe in its enforcement. I believe also its weak places should be strengthened by amendments passed with a view to rendering the law more stringent."

### SERVICE INCREASING.

**City Mail Delivery Will Extend as  
More Sidewalks Are Constructed.**

Postmaster Livermore states that the present force of carriers is adequate to all the demands now made upon them, and will probably be for a year to come, unless the growth of the city should be absolutely unprecedented.

One thing that will lend invariably to an increase in the duties of the carriers is the extension of the sidewalk system and the numbering of the houses. The regulations allow every citizen to be served by carrier whose house is numbered and whose premises are connected with a good and sufficient sidewalk with the premises of any other citizen who is served by carrier. In other words, the sidewalk must be continuous from house to house in the territory served by carrier. Houses isolated by not being connected by sidewalk with other premises already served by carrier cannot have carrier service.

There will be no new carriers until the volume of business required of the present force is too great for them to handle in eight hours. Mr. Livermore believes the reason there is no more extension of the rural delivery system in this county is too simply because the county is too sparsely settled.

### MORE MANUFACTURED NEWS.

**A 'Phone Message From Pilot Rock  
Says the Report About Rynerson Is  
Untrue.**

The report which was given publicly this morning to the effect that Ed Rynerson, of Pilot Rock, had disappeared, seems to be untrue from beginning to end. The sheriff's office has received no information of his disappearance and a 'phone inquiry to Pilot Rock this morning was answered by the surprising news that such a report had not been heard in that place. The police here have not been notified and several prominent citizens of this city, one of whom drove in from Pilot Rock yesterday, say they have heard no such report, although in direct communication with Pilot Rock every day.

There is every reason to believe that a frantic attempt to manufacture a sensation has resulted in neaping an unmerited disgrace upon a prominent citizen of that community, in whom the people had the utmost confidence when they elected him recorder of Pilot Rock.

Charles M. Wright and Miss Anna Brown, both of Pilot Rock, were united in marriage yesterday at 2 p. m., at the Golden Rule hotel in this city, in the presence of a small party of relatives and intimate friends. Rev. Robert Warner officiated. Mr. and Mrs. Wright will make their home at Pilot Rock.

At a party given by the students of St. Francis' college, Brooklyn, Tuesday night, 7500 persons played euchre at one time at 1875 tables, and 12 hands played in unison.

# The Peoples Warehouse

PENDLETON, OREGON.

### A NEW BUILDING.

**W. F. Matlock Will Erect a \$10,000  
Structure on Court and Garden  
Streets.**

W. F. Matlock will next spring, as soon as the weather will allow, proceed with the erection of his combined business house and residence, which has been on the tapis for some months as a possibility, and which is now an assured fact.

The building, which will cost about \$10,000, will be built on the northeast corner of Court and Garden streets, will be of brick and two stories in height. The ground plans show that it will be 50x75 feet in size. T. F. Howard is the architect. The ground upon which it will stand is now vacant. The building will be modern throughout in all its equipments, as well as architecture. It will be a testimonial of Mr. Matlock's faith in Pendleton.

### Hose Company Meeting.

All the members of Protection Hose Company are requested to be present at a meeting which will be held tonight in the council chambers. There is now about \$150 in the treasury and the meeting tonight is for the purpose of prorating it among the members.

Conspiracy indictments against the members of the coal combine doing business in Illinois and Indiana, are expected from the special grand jury in the coal famine inquiry.
