COYLE IS CAUGHT

SMOOTH FORGER UNDER ARREST IN SPOKANE.

Ed Osborne, of Meacham, Arrested for Complicity in Coyle's Crime, by Deputy Sheriff Turner—Coyle Will Return Without Requisition Papers.

John Coyle, who forged the name of Joseph Kenney, the well known sheepman of Pilot Rock to a check for \$135, and successfully passed it upon Mike Gratz, of this city, last Sunday night, has been arrested and is now in custody in Spokane.

An officer will leave Pendleton tonight to bring Coyle to this city. Coyle was arrested upon advices from Sheriff Taylor, and has signified his willingness to return without requisition papers.

Coyle's crime was committed with the utmost coolness and daring. He spent Sunday night in this city, drinking and carousing, drawing \$10 and \$20 at a time, during the night, as Mr. Gratz refused to cash the check in one payment.

About the time the bank opened, Monday morning, he disappeared, and for three days has remained out of sight.

John Coyle, as he is known here, and who signed this name in his indorsement of the check in question, also went under the name of John Ferry, and received mail under that name.

He was also going under the name of Ferry in Spokane, as the telegraphic news to the East Oregonian reciting his capture, calls him "John Coyle, alias John Ferry."

Coyle's Confederate Arrested.

Ed Osborne, who resides near Meacham, and is well known in this city, is now in the county jail, charged with complicity in Coyle's forgery.

Immediately after the fact was made known that the Kenney check was a forgery, Chief of Police Blakley began a most rigid search for a clue that might lead to the discovery of others connected with Coyle in his smooth crime. He worked diligently among Coyle's associates and friends for a trace of some knowledge of the affair and was well rewarded for his work in finding that Ed Osborne, who resides near Meacham station on the O. R. & N., knew something of value to the authorities.

He immediately informed the sheriff's office of his discovery and Deputy Sheriff Turner went to Meacham yesterday and arrested Osborne.

LOW RATES ON FEED.

O. R. & N. and Union Pacific Make a Reduced Freight Rate on Eastern Corn and Wheat.

Owing to the threatened scarcity of feed at many points in the Northwest, the O. R. & N. and Union Pacific have made a special rate of 50 cents per 100 pounds on corn and wheat, from all points in Kansas and Nebraska to Pendleton.

Already Wyoming sheep-feeders are taking advantage of this low rate and thousands of tons of feed is now being shipped from the corn belt into the Wyoming ranges. At Welsch and Nampa, also, many of the prominent feeders and sheepowners have found it cheaper to use this feed than to pay the high prices for hay, where it can be procured and in some localities it is impossible to get hay at any price.

The corn crop in the states of Kansas and Nebraska was enormous last year, and the low freight rate to the West will enable farmers there to dispose of a crop which they feared would remain on their hands, as well as offering Western stockmen a good opportunity to supply any shortage in feed that might occur at very reasonable prices.

Mail Drivers Strike.

The drivers of the mail wagons in New York City have struck for higher wages and shorter hours. The work is let by the government to contractors who get immense pay and yet force their employes to work for very poor wages. The government would have the same difficulty with letter carriers if they contracted the work to some old party plugugly to pay election debts. There are 175 drivers who work 14 hours a day for \$10.50 per week. They are foolish if they do not strike against such wages when the people pay enough to the contractors to pay them \$5 a day each.—Public.
