## AGAINST SCALPERS

### BILL TO PREVENT SECOND USE OF RAILROAD TICKETS.

Tourists Who Make a Practice of  
Selling Used Tickets, Cannot Dis-  
pose of Them Under the New Law—  
Brokers Are Fighting It Bitterly.  
Salem, Ore., Jan. 30.—City ticket  
brokers are in dismay over the intro-  
duction of a bill in the Oregon legis-  
lature, which they say will drive them  
out of business if it becomes a law.  
The bill was introduced by Mr. Davey  
and reads:

"Section 1. It shall be unlawful for  
any person, firm or association of per-  
sons other than railroad companies  
or their agents to open, establish, set  
up or maintain any office or place of  
business for the sale of railroad tick-  
ets at rates lower than those estab-  
lished by the railroad company issuing  
tickets.  
"Sec. 2. It shall be unlawful for  
any person, firm or association to sell  
or offer for sale to other than railroad  
companies or their agents any rail-  
road ticket at a rate lower than that  
established by the railroad companies  
issuing such ticket.  
"Sec. 3. Any person violating any of  
the provisions of this act shall, upon  
conviction thereof, be punished by a  
fine of not less than \$100, and not  
more than \$500, and any firm or cor-  
poration violating any of the provi-  
sions of this act shall upon conviction  
thereof, be punished by a fine not less  
than \$500, nor more than \$1,000."

"This act would give the railroad  
companies of Oregon more power than  
they have now," said a ticket broker  
today, "and it would entail a dead  
loss to the purchaser of a ticket who  
through some mishap might not com-  
plete the trip for which he had paid  
his money. It would be just as rea-  
sonable to forbid the sale of street car  
tickets, bread tickets or postage  
stamps by the party who, after paying  
cash for them, found out he had more  
of them than he would be able to  
use. I don't think the legislature will  
pass any such a bill and I am sure  
Governor Chamberlain would veto it  
if it came to him, as he is a man of  
affairs and knows the railroads of the  
country have more power now than  
the common people."

The ticket brokers of Portland are  
members of the American Ticket Bro-  
kers' Association, whose business it  
is to look after hostile legislation and  
to test all such acts as this in the  
courts, should they become laws. The  
association has been notified of the  
introduction of this bill, but thus far  
nothing has been heard from the head  
office in regard to it.

### GOOD ROADS DELEGATES.

Governor Chamberlain Names Men  
to Attend Coming Meeting at De-  
troit.

Salem, Jan. 30.—Governor Cham-  
berlain has appointed the following  
delegates to attend the International  
Good Roads convention to be held at  
Detroit, February 13-14 next: J. J.  
Whitney, Albany; W. E. Grace, Baker  
City; P. H. D'Arcy, Salem; J. R. Neill,  
Sumpter; Ira Campbell, Eugene; E.  
L. Smith, Hood River; John H. Scott,  
Salem; G. W. Bridwell, Bridwell  
Station; H. V. Gates, Hillsboro; J. H.  
Settlemyer, Woodburn.

### LAND SHARKS INTERFERE.

Government Engineers Claim That Ir-  
rigation Work is Retarded.

Washington, Jan. 30.—The govern-  
ment engineers who have in charge  
the execution of the National Irriga-  
tion Law are not a little perturbed  
over the discovery that the land tribu-  
tary to the various irrigation pro-  
jects which they have been surveying  
since the passage of the act has been  
largely filed upon by private parties  
in anticipation of government con-  
struction.

Much Fraud is Practiced.

Not only this, but the absorption of

these best lands is constantly going  
on by speculators and land stealers.  
If the lands were being entered by  
bona fide settlers and prospective  
home seekers who simply wanted to  
be on the land when the irrigation  
works are constructed, there would  
be no harm, as actual settlement is  
what is desired, but most of the en-  
tries are known to be fraudulent,  
made by "dummies" who immedi-  
ately transfer title to big speculative  
and stock interests. This is shown by  
the fact that in many sections where  
large areas have been entered, there  
is absolutely no increase in the popu-  
lation.

### Fighting Tobacco Trust.

New York, Jan. 30.—It is learned  
that the Retail Cigar and Tobacco  
Dealers' Association, which has just  
been incorporated in this state, con-  
templates the establishment of a dis-  
tributing depot for the handling of  
goods made by the companies not in-  
cluded in or controlled by the tobacco  
trust. This project is regarded as  
the most important step yet planned  
in the well organized fight of the in-  
dependent dealers against the com-  
bine. The establishment of such a de-  
pot is considered a trade necessity on  
account of the intention of the asso-  
ciation to handle only the product of  
the independent factories. By incor-  
porating and giving each member of  
the association an actual financial in-  
terest in the success of the distribut-  
ing depot, it is believed that any ob-  
jectionable and possibly illegal simi-  
larity to a boycott agreement is  
avoided. Meanwhile, the independent  
dealers, large and small, throughout  
the city are preparing to remove all  
articles known as "trust goods" from  
their stores.

### Tailors to Invade Cincinnati.

Cincinnati, O., Jan. 30.—The local  
committee of arrangements is making  
extensive preparations for entertain-  
ing the visiting delegates who will  
come from all parts of the United  
States next week to attend the annual  
meeting of the Merchant Tailors' Na-  
tional Exchange. The convention  
promises to be the most successful  
ever held, the organization having de-  
veloped a healthy growth during the  
past year. One of the matters to be  
discussed by the convention is the  
proposed establishment of a national  
home for infirm, disabled or depend-  
ent tailors. The project was first sug-  
gested 10 years ago, since which time  
funds have been raised until the ag-  
gregate now approaches \$50,000. It  
is believed that another year will see  
the realization of the project. Colo-  
rado and several other localities have  
been mentioned as the site for the in-  
stitution, but no definite selection  
has yet been made.

### Denver Honors Senator Teller.

Denver, Jan. 30.—Notwithstanding  
the severe snowstorm which broke  
upon Denver at 6 o'clock Wednesday  
evening, the reception to United  
States Senator Teller at the Brown  
Palace from 7:30 to 9 o'clock was  
largely attended. The rotunda was  
profusely decorated with flags and  
bunting and thousands of men and  
women of all parties crowded in to  
greet the hand of the man whom the  
Colorado legislature recently hono-  
red for the sixth time by election to  
the United States senate. The recep-  
tion was followed by a banquet at the  
hotel in honor of Senator Teller, the  
guests including democratic members  
of the legislature, the six representa-  
tives who were unseated; members of  
the democratic central committee and  
100 other prominent democrats. Ex-  
Governor C. S. Thomas acted as  
toastmaster.
