The true genius that conducts a state is he, who doing nothing himself, causes everything to be done; he contrives, he invents. he foresees the future, he re flects on what is past, he distributes and proportions things; he makes early preparations, he incessantly arms himself to struggle against fortune, as a swimmer against a rapid stream of water; he is attentive night and day, that he may leave nothing to chance.—Telemachus.

### "GRINNERS AND GROWLERS."

A young woman recently applying for a position as domestic in a Western family, after an exhaustive examination by her prospective mistress, as to qualifications, said:

### HAPPY WIVES.

Probably the most remarkable community in the world is found in Abys sinfa, where the women, without hold-ing meetings or agitations of any kind, have emancipated themselves All the women work hard, while the men are idle, but by way of compensation the house and all it contains belong to the wife. The wife, without any reason, may strike her tent and go, taking her one-third of the joint possessions. The husband, unless he is traveling, may not live out of his tent.—Golden Penny.

Family cares and duties do not weigh down the well woman, and the children are never in her way. But when the womanly health fails, and there is a constant struggle with weakness and pain, household duties are a burden almost past bearing, and children are a ceaseless annoyance and worry.

Weak women are made strong and sick women are made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries disagreeable drains, heals inflammation and ulceration and cures female weakness.

"I had been ailing some time, troubled with female weakness, "writes Mrs. Wm. H. Johnson, of Avondale, Chester Co., Pa. "Every month I would have to be on my back. I tried many different medicines and nothing gave me relief until I began Dr. Pierce's medicines, using two pottles of 'Pavorite Prescription' and two pottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' These medicines have cured me. When I began your treatment I was not able to do very much, but now I do the work for my family of nine, and feel better to-day than I have for a year. I thank you doctor, from the bottom of my heart, for well do I know that you are the one who cured me."
