DECISION NOT LIKED.

Pilot Rock Citizens Say the Referee of the Cotton-Lavigne Contest Was Wrong.

We, the undersigned citizens of Pilot Rock, who attended the 10-round glove contest between James Lavigne and Joe Cotton last Monday night, say that the report of the contest given in the Pendleton papers is one-sided and gives Cotton the best of it. On the contrary, Lavigne had the best of it from the start to finish. The statement is made that in the third round Cotton put his left twice to his opponent's face. This is a mistake, as Lavigne did not receive a blow in the face.

The account says the referee's decision in favor of Cotton was generally accepted as just. We wish to say that there were only three men in the house in favor of Cotton, and they were his seconds and the referee.

The people of Pilot Rock offered to back Lavigne against Cotton in the sum of \$200, but the offer was not accepted.

VIRGINIA DREW TRECSCOTT.

Date at Walla Walla Cancelled to Give Pendleton Opportunity of Seeing "Lord Strathmore" Again.

It is very seldom that Pendleton theatergoers are given the opportunity to witness a performance like that seen at the Frazier last night and will be repeated tonight.

Virginia Drew Trescott, a former society leader of Portland, wife of Charles B. Trescott, the millionaire salmon packer of the Columbia, is leading lady in "Lord Strathmore" won the admiration of her audience last night in her true interpretation of the role she plays. Her acting has a refreshing effect upon the people of this city, after the chilly and inartistic performance of last week.

The high compliment paid her today by those who are thorough judges is evidence that the representations made by the press and public are true in every particular.

Ridge, Feb. 3.—Mr. and Mrs. K. F. Farnwalde were visitors of her parents, Mr. and Mrs. Henry Schmidt, of Coombs Canyon, a short time ago. CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ, in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

UNCLE SAM'S GUARANTEE.

is on Every Gallon of Whisky Turned Out by the Mayner Distilling Company.

Uncle Sam, in the person of 10 of his government officials, has charge of every department of the Hayner Distillery. During the entire process of distillation after the whisky is stored in their warehouses, during the seven years it remains there, from the very grain they buy to the whisky you get, Uncle Sam is constantly on the watch to see that everything is all right. They dare not take a gallon of their own whisky from their own warehouse unless he says it's good. And when he does say so, that whisky goes direct to you, with all its original richness and flavor, carrying a United States Registered Distiller's guarantee of purity and are, and saving you the dealers' big profits. If you use whisky, either medicinally or otherwise, you should read the offer of The Hayner Distilling Company elsewhere in this paper.
