AGAINST GERMANY

NAVAL OFFICERS SAY SHE IS OUR NEXT ENEMY.

German interference in Venezuela Attributed to Desire to Test Monroe Doctrine.

Washington, Feb. 7.—There is an unmistakable feeling in the East, and particularly in Washington, antagonistic to Germany, a feeling that has been somewhat intensified by the attitude of Germany in the Venezuelan incident. Nowhere is this sentiment so strong as at the war and navy departments, where army and naval officers are free to declare in private conversation that the next war of the United States will be with Germany. On this point they are agreed. In these two departments there has been much ill-feeling towards Germany as a direct outgrowth of the action of the German admiral at Manila and the subsequent attitude of Von Waldersee in China.

Without exception, all members of the administration, when consulted, deny the existence of any antagonism towards Germany, and they only discredit reports to that effect. Yet it is known that among themselves and in private discussions more than one member of the cabinet has not only admitted the prevalence of this sentiment, but given indication that he himself shares it to some degree.

In New York the anti-German sentiment grows largely out of unsatisfactory trade relations with that country, the port of New York getting the bulk of German trade. In congressional circles here there is a feeling of distrust of Germany in the Venezuela negotiations. There is a general suspicion that Emperor William is looking for something more than a mere presentation of the German claims, and to some extent this distrust has spread in other directions.

Summed up there is undeniably a feeling towards Germany that is not entertained towards any other foreign power, a feeling that is very generally experienced but seldom openly acknowledged. In some quarters it is believed that Germany at this time seeks only to see how far the United States will go in insisting upon the observance of the Monroe Doctrine. Elsewhere it is suspected that Germany is desirous of obtaining a coaling station in Venezuela in defiance of the Monroe Doctrine. It is felt that there is something material behind the demand for a payment of German claims.

DRAINAGE PROJECT.

Streams to be Straightened Out and Some 50,000 Acres of Land Will be Reclaimed in Oklahoma.

Guthrie, Okla., Feb. 6.—A movement has been inaugurated by a number of prominent planters and capitalists of Oklahoma, in connection with Eastern experts, by which it is proposed to straighten the channels of Little River and Salt River, two streams which traverse Cleveland and Pottawatomie counties and the Seminole Indian nation, by an east and

west course. Along these streams, which take a very sinuous course, lie thousands of acres of deep-solled bottom lands that overflow every spring. These tracts are not swamp lands, but are overflowed by reason of the tortuous channels of these streams becoming dammed with debris. It is estimated that the straightening of these streams will reclaim not less than 50,000 acres of land, which, when reclaimed, will become worth from \$50 to \$100 an acre. In many cases fractional tracts have been reclaimed by open ditches, and on such tracts immense quantities of potatoes, corn, cotton, fruit and other crops have been secured, cotton in many instances running as high as one and a half bales to the acre and of a very fine quality.

Skaters in Competition.

Montreal, Que., Feb. 7.—Fifty of the fastest skaters of Canada and the United States took part today in the opening races for the annual skating championships of the Amateur Skating Association of Canada and the National Skating Association of America. The speedy fellows come from New York, New England, Ontario, Quebec, Manitoba, Minnesota and other points. Among them are Harley Davidson of Toronto, who holds the world's records from 100 yards to a half mile; Peter Strindur of New Jersey, holder of the world's amateur mile record; De Bellefleur, the Rat Portage skater, who scooped up many prizes at previous tournaments; Johnny Neilson of Minneapolis; J. K. McCullough of Winnipeg, and Pedlar Ostland of Norway. The amateur events scheduled for the tournament are: 220 yards, 880 yards, one mile, three miles, 880 yards backward, 220 yards hurdles, half mile (12 years and under), one mile, (15 years and under). The professional events comprise the world's championships at half-mile, one mile and three miles.

Big Event for Ten-Pin Men.

Indianapolis, Ind., Feb. 7.—Entries for the approaching tournament of the American Bowling Congress closed today. Although Secretary Bryson has not yet made public the full list of entries it is known that they are sufficiently numerous and notable to insure the largest and most successful tournament since the introduction of the game in America. A large attendance is expected from all the cities of the East, West and North, where the game enjoys favor. The bowlers of New York, Minneapolis, St. Paul, Toledo, Chicago, Cleveland, Wheeling, Louisville and many other cities, including several in Indiana, have entered teams and besides these each of the cities named is expected to send a number of visitors. Nearly all of the local teams in this city will be represented by five-men and two-men teams, and are working like Trojans to carry off some of the tournament prizes. The tournament will open February 23 in Tomlinson Hall, in which ten alleys are now being built on the latest approved plans.

Arion Pageant and Ball.

New York, Feb. 6.—The interior of Madison Square Garden has been converted into a fairyland in preparation for the annual Arion mask ball tonight. This year's affair, according to those in charge of the arrangements, will transcend in grandeur and magnificence, so far as decorations go, anything in the same line that has ever taken place in America. The opening pageant will be headed by an allegorical float intended to illustrate the motto of the night—"Wine, Women and Song." Ten figures will be grouped under a canopy, above which two towers will be visible, suggesting the ancient city of Nremburg. Other floats will be in line, and a long list of carnival characters, gorgeously dressed, will follow.

Charged With Incendiarism.

Appleton, Wis., Feb. 6.—The case of Mrs. Lucille Colbert, charged with having set the fire which last July destroyed nearly the entire village of Bear Creek, near this place, came up for hearing before Justice Millard in New London today. It is alleged that Mrs. Colbert had packed all of her clothes and valuables and left the town and that shortly after her departure the fire was discovered in her millinery store. Mrs. Colbert denies the charge of incendiarism and says that the fire was of accidental and unknown origin. The result of the case is awaited with much interest by the many citizens of the town who lost heavily by the fire.

General Miles Coming Home.

London, Feb. 7.—Lieutenant-General Nelson A. Miles, U. S. A., and his personal staff, who arrived in England two weeks ago, sailed for home today. The trip across the Atlantic is the last stage of a journey that has extended around the globe and which, according to the statement made by General Miles on the eve of his departure today, has been full of interest and instruction.

Shipper Complains of Rates.

Kansas City, Mo., Feb. 7.—The interstate commerce commission met here today and listened to the complaint of Gilbert Barr that the Chicago, Burlington & Quincy Railroad Company imposes higher rates on car load shipments of livestock for the shorter than the longer distances.
