NEWS OF MILTON

BARBED WIRE 'PHONE TO HUDSON BAY COUNTRY

Survey Made of the Walla Walla River—A. B. Noblett Recovers From Smallpox and Scarlet Fever—Several Sick With Measles and Smallpox—City Marshal Resigns.

Milton, Or., Feb. 16.—Everybody was made happy here Saturday or Sunday with a valentine.

Rev. D. C. Sanderson expects to hold a series of revival meetings in the Vincent church in the near future.

Tom Rogers and family are visiting with Mrs. Rogers' parents, Mr. and Mrs. Clark, down on the state line, this week.

Dr. M. Dittbrant was quite seriously indisposed a few days last week, but is all right now.

The Hudson Bay country is passing through a scarlet fever scare. The smallpox has been eradicated.

Grace Oliver, of Pendleton, is visiting Mr. and Mrs. L. L. Berry over Sunday.

John Wallace, of Wallace, Idaho, was here a few days last week looking for a wheat ranch. He went over to Athena Friday evening.

Mr. and Mrs. J. W. Adkins buried their infant son last Monday.

A gauge survey of the Walla Walla River was made last Friday and Saturday by T. A. Noble, a government engineer of Walla Walla.

S. F. Harrington and two sons, who went up to their ranch, near Waitsburg about four weeks ago, are confined to their cabin with the measles.

I. N. Dunlap, mother and brother, who recently came from Indiana, were in Milton looking for a location but returned to College Place where they are temporarily located.

Harry Demaris, who has been quite low with typhoid pneumonia for the past three weeks, is slowly recovering, and will soon be able to be up.

Amos Demaris drove about 100 head of cattle down into the Hudson Bay country to feed until grass comes.

Mr. Clements, the mail carrier on the R. F. D. route No. 1, which starts from Freewater postoffice, is sick with the smallpox.

Mrs. Fanny Betts, of Helix, visited with her friends, Mrs. Mat Mosgrove and Mrs. W. S. Mayberry a few days last week.

G. A. Nichols, of Union, son of Mr. and Mrs. William Nichols, was in Milton on a business trip connected with pleasure.

Among those who attended the teachers' examination at Pendleton, were Harry Huber and Nellie and Charlie Sanderson, from here.

C. H. Bustler, of Grand Rapids, Iowa, a brother of Mrs. M. L. Martin is here visiting relatives and friends. He expects to locate in this vicinity.

The measuring social, held in the Columbia chapel hall last Friday evening, was a grand success both socially and financially.

The bachelors' banquet, given by the Epworth League in the opera house on Saturday evening, was its equal, both societies netting a nice little sum.

To Have New Marshal.

Robert Vincent has purchased the lumber yard in North Milton and took charge of the same Monday. He tendered his resignation as city marshal, which was accepted by the council.

A petition has been circulated and will be presented to the council at its next meeting, asking them to appoint James Romane city marshal.

Barn Destroyed.

The barn of Mrs. D. E. George with its contents, about four tons of alfalfa hay, was destroyed by fire last Tuesday evening. It was set on fire by two small boys who thought it would be fun to see it burn.

DeHaven School.

There will be a Washington entertainment at the DeHaven school-house next Saturday evening, February 21. Quite an elaborate program has been prepared, consisting of songs, drills, recitations and dialogues appropriate for the occasion.

Mr. Mayberry, the teacher in charge, says that no admission fee will be charged, but, Methodist fashion, a collection will be taken before supper is served, to meet current expenses.

Teachers Meet.

Mr. and Mrs. F. K. Wells, of the Ferndale school; Mr. Kyle McDonald and Miss Nellie Sanderson, of the Vincent school; George W. Mayberry of the Mud Creek school; W. S. Mayberry, of the DeHaven school, and Harry Huber, of the Robinson school, were noticed holding counsel at D. J. Phelps' store Saturday. No one except themselves know the subjects discussed, but it is safe to say that they were plotting against the natives.

Was Much Afflicted.

A. B. Noblett, who has been confined to his home ever since last September with a crushed breast, scarlet fever and smallpox, has recovered and left last Saturday for Union, where he has been employed to teach a term of school near that place.

Barbed Wire 'Phone.

The Hudson Bay country is soon to be connected with the outside world with a barbed wire telephone.

F. B. Steen, who owns a farm on Pine

Creek, in that section, and one on Basket Mountain, and lives in Milton, is the promoter of the scheme. This makes five private telephone lines now centering in Milton.

WASHINGTON'S BIRTHDAY.

DeHaven School, Three Miles East of Milton, to Celebrate With Appropriate Exercises.

Sale of Historical Estate.

Baltimore, Md., Feb. 16.—By order of the court, Mount Airy, the colonial estate of the Calvert family in Prince George's county, was put up for sale today. Miss Eleanora Calvert died last summer, and as there are about seven heirs to the property the court has ordered it to be sold so that it can be divided. Mount Airy was granted to the Calvert family in 1632 by King Charles I. of England.

The tract of land contained about 10,000 acres originally, but since that time about 9,000 acres have passed into strange hands. The colonial mansion, which was erected in 1751, is standing in a good state of preservation, and was used by Miss Eleanora Calvert and her brother, Dr. Charles Baltimore Calvert, who died about three years ago. It is of brick and every brick in it, bought from England, was paid for in tobacco, then used as currency in that part of Maryland. The walls are covered with ivy, and the surroundings are extremely picturesque.

If you desire a good complexion, use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. F. W. Schmidt & Co.

"My dear sir," wrote the editor to the persistent young author, "in order to simplify matters somewhat, we are inclosing a bunch of our declined with thanks' notices. If you will put one of these in an envelope with your manuscript, and mail it to yourself it will make it easier for all of us, and you will be saving something in postage as well."—Chicago Evening Post.

New Orleans Carnival.

New Orleans, La., Feb. 16.—Carnival week has arrived and the city is crowded with strangers from all over the country who will vie with the people of New Orleans in getting their fill of mirth and pleasure for the next few days. The city is gayly decorated, business is largely suspended and polity and enthusiasm are abundant. Rex, king of the carnival made his triumphal entry today, and tonight the Mystic Crew of Proteus will have its grand pageant on the streets, winding up with a tableau ball at the French Opera House. Prominent among the visitors is Miss Alice Roosevelt, daughter of the president, who is here as the guest of Mr. and Mrs. Edward Melloney.

BONE FOOD

The bones of a baby are soft—so very soft that at first they can scarcely be called bones. They grow hard in time, but the period of their growth is a critical one. Loose joints, bow-legs, enlarged head and hip disease are evidences of rickets. If not checked they lead to deformities of a permanent character. This is the natural result of improper bone nourishment during the period of bone development.

The child needs mineral substance to harden the bones and this is plentifully supplied in the hypophosphites of lime and soda contained in Scott's Emulsion. The cod liver oil provides the element of fat needed to reinforce the child's ordinary food.

Thus Scott's Emulsion offers in a perfect combination the very principles of proper bone and flesh nourishment most needed by a young child. The action of the Emulsion is so mild that the most delicate stomach will accept and retain it. This makes Scott's Emulsion of particular value to weak children and very young babies who are in absolute need of a mild yet effective food-medicine.

Pale-faced children show they are not getting what they ought to get from their food. They need Scott's Emulsion to enrich their blood and give them strength to start on the right road to a healthy growth.

If a child is thin, backward in growth, or slow in development it will be found that Scott's Emulsion will quickly help it. There is nothing better for babies and growing children than Scott's Emulsion.

We'll send you a sample free upon request.
