HOTEL ST. GEORGE

EXTENSIVE IMPROVEMENTS NOW ABOUT COMPLETED.

New Office Fitted Up in an Attractive Manner—Cafe Enlarged and Beautified—Another Story Will Be Added to the Structure to Accommodate Increasing Trade.

The improvements at the Hotel St. George are nearing completion and this up-to-date hostelry presents a very metropolitan appearance, as the changes have been very extensive and expense has not been spared in carrying out the work.

The improvements consist of making a commodious, attractive and very convenient office, which now occupies the entire front of the building from Webb street to the restaurant with two entrances on Main street. The steel ceiling is finished in a beautiful bronze which harmonizes with the pretty shade of green fresco on the walls. New desks, chairs and counter of mahogany finish have been placed in the office, which are of the latest make.

The cafe, which formerly occupied the corner of the building, has been moved to the rear and is separated from the office by a solid partition and swinging mahogany doors. In the cafe great improvements have been made and the attractiveness of the place enhanced.

George Darveau, the proprietor, is receiving many compliments on the big improvements he has made, but he has in contemplation more extensive changes in his hotel and is having prepared plans for adding another story to the building, more room being made necessary to accommodate his trade.

They will be used to border another but much larger replica of some famous painting of the crucifixion. Mr. Potwine is undecided from which picture of the crucifixion he will make his selection, but like the smaller pictures, the original of the larger picture will be by one of the great masters. The collection will constitute, when arranged and in position, what is called reredos work, and will occupy the space behind the altar, now covered with the dorsal.

A NEW REGULATION.

Whitman College Will Not Allow the Young Lady Students to Attend Dances Accompanied by Gentlemen Escorts.

Walla Walla, Feb. 19.—The decree has gone forth that henceforth young lady students at Whitman College will not be allowed to attend dances accompanied by gentlemen escorts, and the rule applied the first time last night. While a number of young gentlemen impatiently waited at the entrance to the new Odd Fellows' Temple last night, the dean of Whitman accompanied a number of young lady students to the hall and there passed them over to the care and attention of their escorts, amid blushes and evident embarrassment. The occasion was the swell dance given by Eugene Hunt and Fred Willis, two prominent young gentlemen of the city, in the new dancing room of the Odd Fellows' Temple, recently completed. The new regulation caused consternation in college circles, and the young people are wondering if it will be permanent. From all appearances it will become a law of the college.

WATER FOR AGENCY.

Engineer is Running Levels on Reservation Preparatory to Putting in Pipe System.

R. M. Pringle, the supervisor of engineering of the Indian department, is engaged in running levels out on the reservation which will be used in the work of conducting water from springs to the agency buildings. For years the water supply at the agency has been insufficient, and during the last season and up till the present time the scarcity has shown some indications of becoming a very serious matter. Hence this visit of Mr. Pringle. About three-fifths of a mile from the agency school is a splendid spring and the water from it will be piped during the coming season down to the school and all the other buildings. In Mr. Pringle's opinion it will afford an abundant supply of first-class water.

James Simons, of Richland. Shot by Marshal Robertson.

Baker City, Ore., Feb. 19.—James Simons, a farmer and stockman of Eagle Valley, 35 miles east of this place, was shot twice by City Marshal Robertson of Richland, last night after a dispute ending in an attempt upon the life of the marshal by Simons.

"Jim" Simons is an old-timer and a hard drinker, and last night became intoxicated, abusing the marshal and using the vilest language on the streets. Marshal Robertson remonstrated with him and urged him to go home and sober up.

Simons became enraged at the interference of the marshal and fired two shots directly at his head, but being drunk, missed. Robertson drew his gun and shot Simons twice, probably fatally wounding him. No arrest has been made.

SISTER AMADEA.

Died of Consumption This Morning at St. Anthony's Hospital—Had Been Here Six Years.

Sister Amadea, aged 30 years, died at St. Anthony's hospital this morning of consumption, with which she had been afflicted for some years.

She was a native of Kentucky, and had been a member of the sisterhood of St. Francis for 10 years. Six years ago she came to this place in hopes that an increasing trouble with her lungs would be relieved by this climate. But her health gradually declined, until a year ago she became satisfied that she was really afflicted with consumption, a conclusion which she hesitated to accept and did not until about a year ago.

She was a teacher and had charge of the primary department. She is said by her associates to have been a very excellent teacher, especially as a disciplinarian.

The funeral will take place Saturday at 8 a. m. from the Catholic church, and will be conducted by Father Neate. The interment will be in the Catholic cemetery.
