## MISCELLANEOUS "HAIR TONICS."

Most Hair Preparations Are Merely Scalp Irritants of No Value.

Most hair preparations are merely scalp irritants, mis-called hair tonics. When hair is brittle, lustreless and begins to fall out, the dandruff germ is getting in its deadly work at the root, sapping the vitality. Since science discovered that dandruff is a germ disease there has been only one preparation put on the market that will actually destroy the dandruff germ, and that is Newbro's Herpicide. It allays itching instantly, destroys the germ; and the falling hair stops, and hair grows luxuriantly. Ask your druggist for Herpicide. It allays itching instantly and makes hair grow. Sold by F. W. Schmidt & Co. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## RIDGE AND VICINITY

### CATTLE BEING MOVED TO SPRING PASTURAGE.

Nathan Kinnison Suffers With Blood Poisoning—Mrs. Whittaker Quite Ill—Little Snow at Ukiah—Grand Ball at Alba.

Ridge, Feb. 19.—Charles Sherman of Dakota has purchased Robert Watts' butcher shop at Athena, and Mr. Watt is going to return to his old neighborhood of Alba.

Nathan Kinnison, of Mt. Home, who came near losing his right hand from blood poisoning, caused by being badly lacerated by a barbed wire, is getting along nicely now, but has not the use of his hand as yet.

Mrs. H. W. Whittaker is reported to be quite ill at her home, also her son, James, is said to have measles. Dr. Snap, of Ukiah, was called to attend them last week.

A. N. Lederwood, of Ukiah, was a visitor in this part last week.

Mr. and Mrs. Adlan Sloane, of McKay Creek, were transacting business in Pilot Rock Friday. Mr. Sloane is an extensive land and cat owner in the John Day country.

J. A. Horzeman, of Gurdane, was transacting business in Pendleton last week.

It is reported that the squirrels are between Pilot Rock and Pendleton, also between Adams and Pendleton.

Your reporter made a business trip to Pilot Rock last Saturday and found it nice and warm in that locality, with nice green grass about two inches high more or less, and also found that city very jubilant because of a grand ball the night before.

Louis Mosale, of Ukiah, made a business trip to Pendleton last week. Mr. Mosale reports very little snow in his locality and stock are doing fairly well.

The children of Mr. and Mrs. Frank are getting along nicely after having the measles.

There was a grand ball at Alba Friday night. It was largely attended from Ukiah and some from here.

Mrs. Umstead and her son, Mal, and daughter, Cassie, of Gurdane were transacting business in Pendleton and visiting on McKay last week.

William Fitter and his sons, Amos and Charles, removed their cattle, consisting of about 120 head from the Mum farm north of Pendleton, to their stock ranch here for spring pasturage.

Charles Nieman, of Pendleton, is spending the winter in this locality.

Mr. and Mrs. R. Harpool, who have been on a visit and business trip in Pendleton, returned to their home in Ukiah last week.

The Helmicks and Blackburns, who are wintering their cattle north of Pendleton, are said to be preparing to remove them to the Columbia river for early spring range.

### NEW SAWMILL FOR MEACHAM.

J. D. Casey, of Hilgard, to Erect a 30,000 Capacity Plant in This County.

J. D. Casey, the prominent sawmill and wood dealer of Hilgard, also proprietor of the general merchandise store, hotel and other business interests of that thriving little town, was in the city yesterday on business.

Mr. Casey will begin the erection of a sawmill in the near future, at a point two miles west of Meacham station, on a tributary of Meacham Creek, near the O. R. & N. line.

The mill is to be 30,000 feet per day capacity, of latest improved design, and will employ in all departments from 35 to 40 men.

A spur will be built by the O. R. & N. at the point nearest the mill site, and log roads will be built to reach all the timber on the tract of land adjacent. Mr. Casey estimates that he has 20,000,000 feet of timber on this land, which will require at least three seasons to clean up. He has offers from a Salt Lake firm, which proposes to take the entire output of the mill, on board the cars at the spur.

Work will be begun on the mill site

## FINE WEATHER FOR GOLF

and grounds within a short time, but the mill will not begin operations before April 15 or later, on account of the heavy snow in the mountains.

The machinery has been selected and arrangements have all been made for the ground to be cleared as early as possible.

The timber on this tract of land is nearly all yellow pine, growing on an elevated "bench," and is tributary to one main canyon making into Meacham Creek from the west or south, about one mile east of the tunnel.

The country is easy of access to logging teams and it forms one of the most desirable mill sites remaining in this county.

### NO INBREEDING IN UMATILLA.

E. Harrington, Who Has Just Purchased 2,500 Sheep, Speaks of the Excellent Mutton Raised in This County.

E. Harrington, of San Francisco, has just effected the purchase of 2,500 mutton sheep in this county. They will be shipped as soon as suitable cars are forthcoming, being all ready now.

All are excellent mutton animals, and he may buy still more before leaving the county. Eighteen hundred 10-months-old lambs he bought of Hugg Bros., and 500 also 10-months lambs, he bought of Louie Gault. The purchases are made for Taaf & Co., of San Francisco. Mr. Harrington, who has bought many thousands of sheep in Eastern Oregon, declares that the best mutton animal is either the product of Shropshire bred to full-blood Merino, or else grade Merinos. That is, these are the best mutton animals for this country. He declares however, that the very finest mutton in the world is the pure-blood Shropshire, but it is such a poor wool animal in this country that it is unsafe to handle.

Mr. Harrington claims to see the injurious effects of inbreeding in some localities, but declares that he has observed nothing of the kind in Umatilla county. In one sheep county in Eastern Oregon 25,000 sheep were purchased a few months ago for the California market that were not as heavy as sheep a year younger averaged in Umatilla county. The cause of the wide difference is inbreeding, which is fatal to size and constitution.

Projectors of a new steel combine with a capitalization of \$3,000,000, to be located in South Baltimore, state that four other independent concerns will unite with the proposed combine.

## BUSIER THAN... EVER...

Our drug store seems to be getting busier every day. It must be, for sales are running bigger, we have more help and yet have to keep on the go all the time.

There's something fascinating about a popular store that makes it a pleasant place to trade. Come and see how nice ours is.
