### Young Artists.

Work of art are the two exhibit on drawing that can be seen in the windows of Brockway and of the Peoples Warehouse is a beautiful and charming Gibson head, the other two are two Colonial figures. Both are rendered with elaborate pen-ning advertising the enter-prise of the high school assembly. The first mentioned work of Blaine Hallock, and of Clarence Allen. Both are mostly "pick up" ar-tists, natural talents being sup-plied with only a little training in city schools.

### Weston Normal Athletics.

Young men of the Normal met today and organized for the athletic by electing Ralph captain and Ernest Walden as captain. Professor Bruce is used as manager. It was decided to enter the field meet in Pendleton May and also the Walla Walla meet in March, if the boys can be in good training by that time. Leader.

## GRAIN-O

THE PURE GRAIN COFFEE

The coffee habit is quickly over-come by those who let Grain-O take its place. If properly made it tastes like the best of coffee. No other coffee compares with it in strength or healthfulness.  
**TRY IT TO-DAY.**  
Sells everywhere; 15c. and 25c. per package.

### A Good Tooth Brush

Something everybody should have. A tooth brush that is made of poor bristles is but little better than none at all.

**KOEPPE'S PENETRATIVE BRUSH**  
made to our order in France. It is a four-row bleached bristle, put together in a workmanlike manner, guaranteed to brush your teeth 271 times without losing a bristle. In other words, it is guaranteed three months, which allows you to use it three times a day—use it after each meal, no matter how soon you eat.

**Twenty-five Cents**  
The best brush we ever saw for that price. It's a 35 cent brush, but buying in large lots and direct allows us to sell it at 25 cents. Look at it even if you don't want to buy now.

C. C. Sharp, the wall paper and paint man, 205 Court street, has his new paint wagon on the street. He has it artistically lettered on both sides of the bed and it makes a very attractive appearance. A. G. Buholt is building a 10-room, two-story residence on his ranch at the head of Alkali Canyon, 10 miles southwest of the city. Mr. Buholt has 100 head of cattle, which are looking finely. Most of the cattle in that country are rough-coated on account of the protracted feeding of forage, but all are healthy.

Siddens Injured.  
While engaged in helping dismantle the old turn-table belonging to the W. & C. R. railway company, near the stock yards, F. D. Siddens was severely hurt yesterday afternoon at 4:30 o'clock. He slipped and fell in a sitting posture nine feet upon the rails below. He was badly shocked and suffered intensely. He was at once taken to the home of Mrs. James, on Maple street and Dr. Ringo summoned.

Rev. Bard's Lecture.  
Those who were fortunate enough to listen to the lecture by Rev. Andreas Bard, at the Presbyterian church, last night, express the highest appreciation of the masterly address. Mr. Bard is a thinker and lecturer of the most progressive order, and his well-chosen subject of "The Head, the Hand and the Heart," was ably and entertainingly handled.

Order of Eagles.  
The Fraternal Order of Eagles will be reorganized in this place about the last of March. The order will start with at least 100 members, as the petition to the grand lodge now contains over 75 names. This order was formerly organized in this place, but disbanded in the fall of 1900. Del Cary Smith, of Spokane, who is the national president of the order, is taking great interest in the Pendleton lodge to be and in a letter to Judge Fitz Gerald expresses his intention of being present at the organization.

Alter Society.  
Alter societies of the Catholic church have been organized, with the following officers: Ladies' society—Mrs. Thomas Milarkey, secretary; Mrs. Charles Cunningham, treasurer. W. B. Root, of Denver, an old mining man is in the city. He is interested in certain mining properties in the Sumpter country. This is his first trip into this district.
