KEEPING PROMISES.

You Can Depend Upon Obtaining Re-

sults—Results That Last.

"Will it cure?" is always the first
question asked by a sufferer who has
made up his mind to take a course
of treatment for any kidney ailment.
"Will I stay cured?" follows as a mat-
ter of course. If the reader is in doubt
about what method to follow, read
this statement carefully.

Frank Stites, bricklayer, of 5449
Thirty-third Ave., Denver, Colo., says:
"It is over three years since I recom-
mended Doan's Kidney Pills through
our Denver papers. At that time they
stopped pain in my back and through
the sides, which although never severe
enough to lay me up, was sufficient to
cause more annoyance than anyone
should endure, when Doan's Kidney
Pills can be so easily procured. If I
had not received positive benefit
when the remedy first came to my
notice, I would be the last man in
Denver to publicly endorse the medi-
cine, and if the results obtained from
the treatment with Doan's Kidney
Pills had not been permanent, nothing
could induce me to reendorse this
medicine. The merits of Doan's Kid-
ney Pills, should be universally
known."

Sold for 50 cents a box. Foster-Mil-
burn Co., Buffalo, N. Y., sole agents
for the United States.

Remember the name—DOAN'S—
and take no substitute.

LAST DAY AT SALEM

**EFFORTS TO PUT STATE
PRINTER ON SALARY.**

Theaters Exempt From Sunday Clos-
ing—Firecrackers the Only Explos-
ives That Can Be Sold to Children.
Salem, Ore., Feb. 23.—The house
expressed itself in favor of a flat sal-
ary for the state printer by passing
Senator Miller's bill to place that offi-
cial on a flat salary of \$3500 after
1907.

Orton wanted to know what the
state would do for a printing plant.
"Private people own the present
plant and if you put your state printer
on a salary he will be here without
tools to do the work. The logical
thing to do would be to appropriate
\$10,000 for a printing plant."

"Let that go until the next session,"
said Hilyou, and so the house decid-
ed.

No State Examiner.

Senator Booth's bill for an act cre-
ating the office of state examiner of
public officers and public officials, al-
lowing that officer a salary of \$2400
a year and \$1500 for clerical aid, was
brought to a sudden standstill when
it reached the house. In committee
of the whole the provisions of the bill
were adopted with amendments, and
on the final vote it was defeated.

Then a motion to reconsider was
made and this, too, received no sup-
port, so the measure was permanently
buried.

The bill was supposed to appoint
an officer who would do the work of
the various committees appointed by
the legislature at every session to ex-
amine into the accounts and affairs of
the various state and charitable in-
stitutions, and it was claimed that
this would do away with considerable
expense.

The measure also provided that the
governor should make the appoint-
ment and this was amended, on mo-
tion of Hodson of Multnomah, to give
the appointive power to the governor,
secretary of state and state treasurer.
The bill was not adopted, and when
it came up for reconsideration there
were not sufficient votes to do so.

Theaters Exempt.

Theaters will be exempt from the
general Sunday closing law, according
to the vote taken by the house on sen-
ate bill No. 123. This bill was intro-
duced by Sweek and amended the ex-
isting law in regard to theaters only.

Ban on Explosives.

Senator Smith's bill to prohibit the
selling, exchanging, bartering or giv-
ing to any child under 14 any explo-
sive article other than an ordinary fire-
cracker containing not more than 10
grains of gunpowder, or firearms ex-
cept those used to explode caps, was
passed.

If the governor signs the senate bill
introduced by Rand the supreme court
of the state will have two terms of
court at Pendleton, one in May and
the other in November instead of one
term as at the present. The bill also
proposes an increase of salary for this
additional work from \$1500 to \$2500,
making the total salary of the su-
preme justices \$4500 a year.

Another District.

Senator Rand's bill to constitute
Baker county the eighth judicial dis-
trict of Oregon was passed Friday
afternoon, 35 voting in favor of it.
Robbins of Baker said the bill was
necessary on account of the amount
of legal business in that county. Kay
thought the expense entailed would be
too much and Davey declared that one
judge ought to be able to look after
the business of Baker, Union and
Wallowa counties. The bill was passed,
however. Judge Eakin and Dis-
trict Attorney White of that district
will retain their positions.

Senator Pierce's bill, which passed
the house Friday afternoon, provides
that the county assessor shall be
elected for four years instead of two
years as at the present.

NOW WELL ORGANIZED.

**Eastern Oregon Sheepmen Are Solid-
ly Union.**

The local or county organizations of
sheep men in Eastern Oregon, formed
under the regime established at the
last session of the State Woolgrow-
ers' Association, now numbers seven
and represent approximately 1,000,000
sheep. These associations are dis-
tributed as follows: Baker, (2), Uma-
tilla, Morrow, Crook, Wasco and Wal-
lowa. One may be organized later
in Wheeler. Grant county sheepmen
belong to the Heppner association.
The number of sheep represented are
distributed as follows: Umatilla, 150,-
000; Morrow (including Grant), 250,-
000; Wasco, 200,000; Baker, 160,000;
Crook, 150,000; Wallowa, 120,000. The
aggregate is between one-fourth and
one-fifth of all the sheep in Oregon.

Rev. Johnson in Elgin.

Rev. Levi Johnson, of Pendleton,
and Rev. Van Nuys, of La Grande,
were in Elgin during the week, as-
sisting in the series of meetings now
being held in the Presbyterian church.
Eleven additions were made to the
church Monday evening—Elgin Re-
corder.

A chance of a lifetime to get a
sewing machine for less than cost, at
Jesse Failing's.

WOOL CONTRACTS.

**Several Clips Have Been Engaged at
a Good Figure.**

E. J. Burke, representing H. C.
Judd & Root, of Hartford, Conn., has
made several wool contracts for wool
on the sheep's back this season in the
Heppner district.

The following growers have con-
tracted: Carty Bros., Ed and Pat Mc-
David, W. B. Finley, A. Andrews, and
C. O. Curtis. The clips in the aggre-
gate will amount to 250,000 pounds,
and the price is in the neighborhood
of 9 1/2 cents per pound.

These prices are encouraging to the
sheepmen for it is fully a cent a
pound above the offerings at this time
last year.

On this basis of 9 1/2 cents for the
heavy wools, the light wools of the
foothills are worth about 14 cents per
pound.

The coming clip promises to be
very fine this season. Stockmen have
had plenty of feed and the herds
have been well fed and wintered.—
Heppner Gazette.

ALASKAN RAILROAD

**NOME TO HAVE MOST NORTH-
ERN ROAD IN THE WORLD.**

**Wonderful Value of Alaskan Timber
—Profits of White Pass Line Some-
thing Enormous—Solomon City a
Geor Harbor.**

It looks as though one of the many
railroads incorporated to tap parts of
Alaska will be built this year, and
that is the Council City & Solomon
River Railroad Company, backed by
Chicago and New York people, says a
Portland dispatch.

The articles have been filed with the
general land office, Washington, D. C.,
and the right of way for the first 100
miles is already secured. The system
will tap the principal mining points in
the Cape Nome territory, known as
Solomon River, Council City, Ophir
Creek and Blue Stone. Solomon, be-
low Nome City, is one terminus on
tidewater.

The articles permit the company to
carry on a general hotel business,
stores, build factories, lumber mills
and everything likely to go into con-
nection with a railroad on the open-
ing of a country. The company is
allowed 20 acres of station ground for
each 10 miles constructed, and al-
ready has 13,000 on which it has com-
plete railroad rights.

Solomon is said to be one of the
best places on that coast for the land-
ing of vessels. After running 10 miles
from Solomon the proposed road will
strike timber worth \$200 to \$500 per
1000 feet, and this in itself will prove
a large source of revenue to the road.

No better proof of the vast earning
possibilities of the road is needed
than the showing of three railroads
built in Alaska in the past five years.
The White Pass & Yukon road,
built in 1898-99, at a cost of something
like \$3,000,000 for 112 miles, paid
nearly \$2,000,000 profits the first two
seasons of its operation. Its stock
started at \$6.50 per share in 1898 and

Writing

RECEIVES MUCH ATTENTION

In our school instruction is given in
wording, capitalizing, punctuating, para-
graphing, etc. All our teaching is prac-
tical; the education we give is usable. A
course with us pays the success of our
graduates, as business men and women,
and as bookkeepers and stenographers,
proves this. Open all the year; students
admitted at any time; catalogue free.

LADIES, TAKE NOTICE!

Attention, now, ladies, all happy and gay!
Just see my last offer! But Two Bits to pay
For a beautiful photo, full cabinet size,
That would make your best fellow just open
his eyes.

Just cast the E. O. at Danner's old stand.
You will see our exhibit—so beautiful and
grand.
We will there try to please you, the best we
know how,
With that same pleasant smile and an artistic
bow.

It matters but little how old you may be—
Whether sweet sixteen or age twenty-three—
Be you handsome and tall, or as cute as an elf,
You will get a nice photo of your sweet little
self.

Our work is FIRST CLASS and so fine you must
know.
That all the best people know just where to go.
Through the whole month of March we will
sing you this song.
So bring your best fellow and come right along

**DANNER,
118 E. Webb St.**

is now quoted above \$500 per share.
The company paid a 60 per cent divi-
dend last year.

The Little Wild Goose Railroad,
running only five and three-eighths
miles between Nome City and Anvil
Creek, which was built by a California
millionaire at a total cost of less than
\$30,000, is reported on good authority
to have paid the cost of its construc-
tion the first few months of its opera-
tion, making in one dull season \$280,
000 net profit. The rate charged for
the five-mile journey was \$1 per pas-
senger, and the freight charge was \$40
per ton, being about the same as is
charged for carriage from Seattle to
Nome a distance of 2600 miles.

The Wild Goose Company also built
a short line of about six miles from
Council City to Aplin Creek, which
has paid enormously on the small in-
vestment.

It is estimated that the Solomon
River Railroad can be built at a cost
of from \$8000 to \$12,000 per mile. On
the surveyed route from Solomon City
to Council City not a single bridge
will have to be built.

Very few people in the United
States realize the extent and possibi-
lities of Alaska. It has an area of
nearly 600,000 square miles, equal to
the combined area of the New Eng-
land, Middle and Southern states, and
millions of its acres have never been
traversed by a white man. It is not
by any means a frozen, barren waste,
but in not a few sections farming and
stock raising are developing rapidly.
It is the largest fish and fur producing
country in the world.

Acker's Blood Elixir positively
cures chronic blood poisoning and all
scrofulous affections. At all times a
matchless system tonic and purifier.
Money refunded if you are not satis-
fied. 50c and \$1.00. F. W. Schmidt
