"One of the most characteristic incidents in which 'Uncle Joe' Cannon ever figured within my knowledge. Representative Lacey of Iowa said the other day, "occurred in a democratic congress years ago, when Carlisle was speaker. "How much time does the gentle-man want?" inquired Cox.

"The time of the gentleman has an Pa, all the negroes have been expired, shouted Mr. Carlisle, and driven from the town. the future speaker had to take his seat "-Exchange.

Kissed by a Cow in Court. Probably the most unique testimoever offered in a court room was that by Mrs. Emma Houghman, of

South Omaha, last night.

Charles Epstein claimed ownership of a Jersey cow. Mrs. Houghman had him arrested and brought replevin proceedings simultaneously. the case was called for trial. Mrs. Houghman asked that the cow be brought into court. Judge King permitted it, and Mrs. Houghman called the cow by a pet name. Immediately the Jersey walked over to her and kissed her by rubbing her muzzie against Mrs. Houghman's face. Three times this act was repeated, and Mrs. Houghman was declared the owner.— Boston Record.

SUPERINTENDENT NOWLIN DISCUSSES NEW LAW.

Interesting Comparisons Drawn Be tween New and Old School Law-Disagrees With Senator Pierce in Some Points,

Pendleton, Or .Feb. 26 .- (To the Editor: )-I notice in your issue esterday an interview with Senator Walter Pierce, wherein he is quoted as saying that the school bill introduced by him was the most revolutionary measure passed at the recent session of the Legislature, and that county school fund of Umatilla county would be increased \$1.50 per Capita.

If Mr. Pierce's statement is correct we would, under the new law, receive between \$9,000 and \$10,00 more school money annually than we would receive under the present 5 mill levy law, as we have a few more than 6,000 children who draw school

But I cannot figure as Mr. Pierce oes. He would be partly right if does. the county assessment were to be made on a very low valuation of property. For instance, last year Mr. Buzan gave us about a \$6,000,000 assessment. If Mr. Pierce's law were in force now, we would receive, at \$6 per capita, \$36,000, while under the present 5 mill law, we will receive only \$30,000.

But here is the point I wish to Mr. Strain, the present make. sessor, has said and still says, that he will not give us less than an \$8,-000,000 assessment, and Mr. Strain is a man of his word.

Now if the present 5 mill law con-

tinued we would receive \$40,000 "Well, won't the gentleman yield school money from the county, but me some time?" inquired Cannon. under Mr. Pierce's law. \$6 per capita. under Mr. Pierce's law \$6 per capita, we will receive but \$36,000. In other In other words the new law instead of add-ing more than \$9,000 to the school fund, will diminish it to the extent of \$4,000 per year.

The law may be an excellent one for some of the other counties, but Now I will yield the gentleman as it will be detrimental to the educa-Respectfully submitted, J. F. NOWLIN.
