# TO PAVE STREETS

## MAYOR HUNT TALKS OF IMPROVEMENTS.

Silent on Water Situation in His City—Says \$100,000 Will Be Spent in Street Work This Season—Paving the Only Lasting Finish for a City.

"Walla Walla is to spend something over \$100,000 in paving its main business streets, and will put them in absolute mud-proof condition," said Mayor Hunt, of Walla Walla, to the Oregon Daily Journal yesterday. There does not seem to be much doing in the way of street railroads there, although several companies hold franchises. As a result, we are not interested in the railroad question to any great extent, but we will put the city in good shape and walk. Walking is all right when streets and sidewalks are in good condition."

Mr. Hunt is manager of the Gilbert Hunt Manufacturing Company, one of the leading agricultural firms of the state of Washington, and is in Portland on business. Mrs. Hunt accompanying him.

### Silent Regarding Water.

For months there has been a scandal over the municipal water supply of Walla Walla, but Mayor Hunt refused to discuss this question beyond saying the city needed and must have additional water. He would make no accusations against former members of the council, although newspapers have not hesitated to make open accusations.

"The question of paving the main streets of Walla Walla has been before the council for many years," said Mayor Hunt, "and there has been diversity of opinion. Now it has been decided to prove them. We have not yet fully determined upon the material that will be used, but I do not expect it will cost less than \$100,000. It is something that has been badly needed for years, as in spite of everything that can be done, at certain seasons of the year, mud will accumulate in large quantities."

### Delayed Paving.

"Almost everything under the sun except paving has been tried. Macadam, crushed rock, scraping, sluicing—all these things were resorted to but in no case has the result been what was hoped for. Now it is proposed to make a lasting improvement and one that will put the streets in excellent condition all the year round."

### MONSTER TREE Felled.

Will be Used to Advertise Washington at St. Louis Fair.

Aberdeen, Wash., Feb. 27.—The felling of an enormous spruce tree Wednesday, which will be used in William Heppfinger's exhibit at the St. Louis exposition was made an event of great importance. Twenty-five persons went from here to a point several miles down the bay and cut a tree, which is one of the largest ever felled in the state. It is 440 years old and 11½ feet across the stump at the point where it was cut off. It was 276 feet high and 118 feet to the first limb. Photographs of the tree were taken before it fell, while falling and when on the ground. Then a group of 25 men were photographed while standing on the stump.

Ex-Adjutant General Fox delivered an apostrophe to the tree after it fell. Nine feet of the trunk will be cut off, sent to St. Louis and made into an office.

Out of part of the remainder a house and office will be constructed for one of the two cars to be taken through the country before the St. Louis exposition.

The Bolivian government has issued a handsomely printed pamphlet of instructions to its World's Fair commissioner upon the selection and preparation of Bolivian exhibits. The catalog of articles includes plants, vegetables, fruits, forest and mine products, textile materials, birds and valuable animals.

## ATTORNEY ABSCONDS.

Prolonged Absence of Weiser Prosecutor Arouses Suspicion.

The abrupt departure and prolonged absence of District Attorney W. D. Lovejoy has long been a matter of more than personal interest as to his whereabouts or well being, and material interest of many Weiser citizens are deeply involved, says the Weiser Signal. He took his departure more than a month ago and during that time no communication from him has been received so far as is known. He has been located at different points from Boise to Seattle. The Signal has refrained from public mention of the case, hoping for a satisfactory explanation of his conduct, but in the light of continued unsatisfactory developments regarding his financial methods, there is but one conclusion possible, and that is that he has absconded. The Signal's regard to the interests of parties interested prevents the publication of details.

### While There is Life There is Hope.

I was afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shantz, Rahway, N. J. Cream Balm reached me safely and the effect is surprising. My son says the first application gave decided relief. Respectfully, Mrs. Franklin Freeman, Dover, N. H.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.

### Eight-Hour Law in Colorado.

Denver, Col., Feb. 27.—The house of representatives late Thursday afternoon passed on second reading the Stephens eight-hour bill. A bill very similar has already passed the senate on third reading, and as both these bills are acceptable to the labor leaders, there seems no doubt that an agreement will be reached.

### Agent Killed.

Chicago, Feb. 27.—Thomas Vaughn Baker, assistant transportation agent, department of the lakes, U. S. A., was killed Tuesday night in attempting to alight from a moving suburban train. Mr. Baker was 62 years of age and had been connected with the United States army for 35 years.
