RECEIVE THEIR PAY

INDIAN WAR VETERANS MUST FIX UP RED TAPE.

Adjutant General Authorizes to Examine and Audit Claims—Must Deduct Any Payment Heretofore Made by the Government to Veterans.

Salem, March 5.—The Indian war veterans' appropriation bill, which was amended before it passed the house, so as to leave out compensation for horses, is as follows:

A bill for an act to provide for compensating the volunteers for the service of the territory of Oregon, during the Indian wars of 1855-56, for such services, and appropriating money therefor. Whereas, the people of the state of Oregon, and of the whole Northwest, are greatly indebted to the volunteers who served in the Indian wars of 1855-56; and whereas, those brave veterans have never been compensated for said services in which they furnished their own horses, and a large part of their supplies, and wherein many of them offered up their lives in defense of the settlements in Oregon, Washington and California; therefore

Be it enacted by the people of the state of Oregon:

Section 1. That thereby and hereby is appropriated out of the general funds in the treasury of the state of Oregon the sum of \$100,000, or so much thereof as shall be necessary to pay the veterans of the Indian wars of 1855-56, who served under and by virtue of the directions of the officers of Oregon territory for their said service, under the conditions and upon the terms hereinafter provided.

Sec. 2. That each non-commissioned officer and private who served the territory of Oregon in the Indian wars of 1855-56, shall be entitled to receive for such service the sum of \$2 per day for himself, and all commissioned officers shall receive such sum as was paid to officers of the same rank in the army of the United States at said time; provided, that any amount paid on account thereof by the United States shall be deducted therefrom.

Sec. 3. The claim for such services verified by the claimant, shall be presented to the adjutant general, who shall, without additional cost to the state examine and pass upon the same, and may require additional and corroborative evidence in support thereof, and he shall prepare, certify and file with the secretary of state proper vouchers showing the amount payable to the claimant under the provisions of this act. Thereupon the secretary of state shall issue his warrant for the amount due to the claimant.

Sec. 4. This act, so far as the same relates to the pay of volunteers, shall be so construed as to apply to all who have been in the service of the territory of Oregon during the said Indian wars, 1855-56, and it shall also extend to the services of the Ninth regiment of the Oregon militia, while the same was in actual services during said wars.

Sec. 5. Whereas, the territory of Oregon by act of this legislature, passed on January 24, 1856, promised to pay the veterans in the said Indian wars the same compensation as above set forth, and said territory nor the state of Oregon has never paid for said services, and many of the said volunteers have died without even their losses in said war being compensated, an emergency exists, and this act shall be and remain in full force and effect from and after its approval by the governor.

proven as popular as the combination of sketches, specialties, songs, dances and acrobatic turns, musical numbers, plays, ventriloquial acts, monologues, etc., which go to make up a vaudeville performance. The vaudeville show of today occupies the same high place as that of the drama, opera or comedy. Among the first high-class vaudeville organizations to appear on the Pacific Coast is the Weston and Herbert company, who fill a two-nights' engagement at the Frazer on March 6 and 7, and which promises to be one of the best of the season's offerings.

Summerville Railroad.

Word is received that the citizens of Summerville are in earnest in regard to a railroad to connect their town with the Elgin branch at Imbler. It is proposed to lay a standard gauge track and operate the same on about the same plan as the Union railway is conducted. The length of the line will be about three miles and the road is to be built and operated by home people. It will be a great improvement over present methods, as well as a convenience that will be appreciated by the general public.—La Grande Chronicle.
