Phelps, who has been doing a general merchandise business in Milton for the last 18 or 20 years, and has been selling goods at cost and auction for the last three months, saying that he intended to quit business on account of his health, has disappeared and his whereabouts, up to this time, are unknown. About two weeks ago he went to Pomeroy, Wash., on business, but just what that business was no one knows for certain. There are several rumors afloat. One is that he was in straitened circumstances and couldn't face his creditors: another is that he has eloped with a woman, as a certain woman with whom he has been on certain terms, packed her goods and left for parts unknown about the same time that he did. It is to be hoped that he will return and give a clear record of his disappearance, but it is doubtful, as it is known that he left a wife about 25 years ago in the East and came West. He leaves a wife and one daughter, who feel the sting of disgrace that has been brought on them by one who should be their protec-
