MILTON'S PETITION

CITIZENS HAVE RAISED \$1,200 FOR ROAD IMPROVEMENT.

Petition Presented to County Court Last Night, Asking for Reconstruction of Five Miles of River Road. Near Milton.

J. F. Campbell, road supervisor of the South Milton district, arrived in this city yesterday afternoon with a petition signed by 50 citizens of that locality, pledging \$1,200 to the county court as part of the cost of reconstructing five miles of river road near the city of Milton.

Mr. Campbell has been working but two weeks in circulating this petition and is well satisfied with the result of his labors. He has secured no subscription that is not as good as the cash and has the assurance from a majority of the subscribers that they will double their donations if necessary.

The citizens of Milton ask the county court to reconstruct five miles of road, beginning at the bridge over the Walla Walla River at Milton, and extending to the bridge over the North fork of the Walla Walla, known as the "river road." The petition asks that crushed rock eight inches deep and 20 feet wide, tapering toward each edge of the road be placed upon the roadbed, that the drainage be made perfect and the road put in first-class shape in every particular.

As an inducement to the county to improve this road, the citizens have agreed to pay over the \$1,200 subscribed in cash and labor and as much more as the court may adjudge equitable.

Mr. Campbell feels assured that \$2,000 can be raised for the purpose.

This piece of road becomes almost impassable during the winter season. It follows the river bluff and has poor drainage, all the water and rocks from the hillside lodging in the center of the road.

It is estimated that from 40,000 to 50,000 teams pass over it each year, and as it is a central thoroughfare for all that section of Umatilla county, it is highly important to improve it.

Merchants at Milton and all the mill men of the city have subscribed liberally to the fund. The subscriptions run all the way from \$60 down to \$25, and each subscriber is a permanent resident of the county.

The citizens have not made an estimate of the total cost, this matter being left entirely to the court.

ATHLETICS IN WALLA WALLA.

Movement on Foot to Organize Association.

A movement is on foot to start an athletic club in this city similar to the Seattle Athletic Association, says the Union. Henry Perrin, of Walla Walla, late of the Sixth Cavalry, who saw service in the Philippines, and an athlete of no mean ability, will endeavor to start the organization, and he will be backed in the enterprise by several prominent citizens.

To a reporter for the Union Mr. Perrin said: "With a membership of half a hundred we could start, and gradually improve and secure apparatus as we grow older. If properly managed I see no reason why this town could not support a good athletic association."

Mr. Perrin was at one time assistant instructor in the Seattle Athletic Association, and was a member of the Seattle ball team four years ago. He was stationed at Fort Walla Walla with the Fourth Cavalry at one time.
