Announces for

## MONDAY, MARCH 2,

And during the week their annual mammoth sale of

# Ladies' Men's and Children's HOSIERY

And special showing of spring's most fascinating footwear

## THE BEST MANUFACTURING COMPANY STEAM AND HORSE POWER COMBINED HARVESTERS

As McCormick was the original inventor of the reaper and header, so was "Best" the original inventor of the first successful Combined Harvester.

We wish to call the attention of our friends who contemplate purchasing a Side-Hill Combined Harvester the coming season, that we are still in the lead in the way of improvements, in harvesting machinery, and which our farmer friends have rightfully named the "KING OF THE FIELD." After watching its work in the field the past sixteen years, and for the season of 1903 it will be still better, as we have made a number of valuable improvements.

The MACHINE is the strongest and most durable made. IMPROVED DRIVE WHEELS—5 feet 4 inches high, 22 inch tire. RUNAWAYS—are a rare thing with us. There is a brake on main drive wheel, which is controlled by the driver.

HEADER—is driven independently from the grain wheel of separator, and is arranged with a clutch for throwing in and out of gear when turning corners.

THE SEPARATOR—We wish to call your attention particularly to the separating qualities of our machine. We claim that no other combined harvester on the market can in any way compare with it in speed and thoroughness of work, in all kinds and conditions of grain, and will require less team to operate it.

AUTOMATIC GOVERNOR—Our patent wind governor on the fans governs the blast so that at any speed at which the harvester may be traveling, the wind is automatically regulated and prevents blowing the shoe and carrying the grain over in the straw.

We take pleasure in inviting you to call on Temple & Wilcox, Pendleton, and make a personal inspection of each and every part of our machines before placing your orders. Every machine warranted to do all we claim for it and to be first-class in every respect.

### HOW DO YOU expect people to know what you have to sell if you don't ADVERTISE?

## AN EXILED BOER

### CAPTAIN TAKEN PRISONER AT SPIONKOP NOW AT SALEM.

Family Scattered, Wealth Despoiled—Confined on Board a Prison Ship he Escaped and Came to United States to Help Locate a Colony of His People.

Lieut. Jan von Logins, a native of Petersburg, South Africa, a bright young Boer officer is in the city and it is expected by many of the friends of his countrymen that he will give a lecture in the German language concerning his country, says the Salem Journal.

He served a year in the Boer war, and was taken prisoner when wounded at the brilliant battle of Spionkop. His father was a captain, and was killed at Colenso, and the young man has no relatives left, although their family was at one time one of prominence, and considerable wealth.

He had 5000 acres in the Transvaal, near Petersburg, but this has been confiscated by the British government, owing to his having made his escape while a prisoner of war upon a prison transport, while in the port of Colombo, Ceylon.

With five associates he made his escape from the ship in the evening. He was picked up by a French ship, while two of his companions were drowned and the other three reached a Russian man-of-war, and were taken to Europe. Lieut. Logins was taken to Cochin, China, whence he sailed to Java and Japan.

Later he went to Manila, where, by gaining service under General Humphrey he later secured passage to America, landing in Seattle about two weeks ago. He is now stopping at Hotel Salem, and hopes to make his home here, if he can gain suitable employment.

Lieut. Logins is now practically a subject of the government of Dutch India, notwithstanding he took the oath of allegiance to King Edward upon his capture. He now proposes to become an American citizen, and cast his future lot with Uncle Sam's people.

He says he does not want to become a rover, but hopes to settle down at an early date and become a self-supporting, self-respecting citizen. He speaks German and French fluently, besides the Holland dialect, and is acquiring English as rapidly as possible.

### SALEM WILL HOLD FETE.

Oriental Shows Close Contract With Capital City.

E. J. Arnold, owner and manager of the Oregon Pacific & Oriental shows, is in the city today, to close the contract with Manager Judah for his attraction during the Mid-Summer carnival in Salem, says the Salem Journal. Some new attractions are being provided for, and everything of an objectionable character is being eliminated. This will insure Salem the best carnival specialties ever shown on the Pacific.

The committee appointed are actively at work upon the details of their respective departments, and will soon be able to announce to the public developments of interest.

### CONDITIONS IN GUAM.

Governor Schroeder Returns and Says it Has Improved.

San Francisco, March 6.—The United States transport Solace arrived in port yesterday after a tempestuous passage from Manila. The Solace stopped at Guam and took aboard Governor Schroeder, who had been relieved of his duty by Commander Sewell S. Lucasio, an Italian bandmaster, who had long been identified with the marine corps, committed suicide by plunging over the vessel's side February 10. He was quickly recovered, but succumbed in spite of all efforts to resuscitate him.

Commander Schroeder, in an interview, said:

"I am perfectly satisfied with my administration of affairs on the island of Guam. One of the most gratifying features of my term in the island was the great change for the better in the sanitary condition of the inhabitants. While at Guam, I paid particular attention to the development of the public school system, which under Spanish rule had amounted to little more than a burlesque. I established six new schools, which are attended by a bright lot of pupils.

"The revenues at Guam have increased from \$4500, the amount received in duties when the United States took possession, to \$49,000 at the present date. From this fund the money is taken to pay the salaries of teachers on the island."

### Dominion Line's New Service.

Halifax, N. S., March 6.—The Halifax-Boston-Queenstown-Liverpool service recently arranged by the Dominion Line was inaugurated today with the sailing of the steamship Canada from this port for Queenstown. This service is designed to continue only during the winter months, when navigation of the St. Lawrence to Montreal is impracticable. The object is to give the Dominion another trans-Atlantic steamship service the year around.
