bureau drawer is made comparatively easy by dainty little ribbon boxes that are sold this year at reasonable prices.

The determined efforts to popularize strings of Venetian beads for pendant lockets, lozenges or other trinkets hanging from the neck have met with success, as may be judged from the novelties of this description shown in the shops.

Silk gloves for evening wear ought to be welcomed with open arms. They are just as dainty as those of kid and can be laundered with little trouble. The white kid glove, though elegant is a costly item of dress for the woman who goes out often, for no matter how much care may be exercised it is impossible to keep it immaculate for any length of time.

Pretty silk gloves of pure white come in 16-button length ornamented

with open drawn work in flower designs from the back of the hand to the top of the glove. The top of the gloves are finished with embroidered scallops, where usually is simply a narrow hem.

These gloves are also to be had in colors, but as white withstands the ravages of cleaning best, it is a safer investment to select white ones.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In

order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.

WE ARE NOW OFFERING THE

SECOND ALLOTMENT OF 100,000 SHARES OF HIGHLAND GOLD STOCK

AT SIX (6) CENTS PER SHARE.

The first allotment of 100,000 Shares was disposed of at six cents per share, mostly by telegram, and in order to allow those whose orders failed to reach us by the 20th of February, on account of delayed mails and blocked trains, an opportunity to secure "HIGHLAND GOLD" stock, at the bedrock price of six cents per share, we have placed the second allotment upon the market at the same price. This is a ground floor offer, and an opportunity to invest your savings in a gold mine with a brilliant future, one which will, without doubt, after a course of systematic development, rank as one of the largest gold producers and dividend payers in the Sumpter gold fields.

LOCATION AND DESCRIPTION

The HIGHLAND GOLD MINES COMPANY owns twelve quartz claims (240 acres) in the heart of the famous SUMPTER DISTRICT OF EASTERN OREGON, and located on the same belt as the world-renowned NORTH POLE, the COLUMBIA, the GOLCONDA, and the E. & E. MINES to the west, and the BAILEY-ELKHORN and other large producers to the east, the great CHLORIDE mine lying to the north of the HIGHLAND GROUP.

This wonderful belt or zone, after passing through the mines to the west, strikes the HIGHLAND ground and runs through it for a distance of 3500 feet. The vein of ledge has been thoroughly prospected and pay ore has been uncovered the whole distance—in fact, the longest and most continuous pay-shoot or ore body ever discovered in the district is found in the HIGHLAND ground.

FREE TRIP TO THE MINES

To any who wishes to invest a reasonable sum in the HIGHLAND, we will pay all the traveling expenses to and from the mine for the purpose of his making a personal investigation. We have a good mine and we are not afraid to show it. Mining men and experts of known ability who have visited the HIGHLAND are all unanimous in saying that the HIGHLAND will make a large mine and a good producer.

In inviting you to purchase stock in the HIGHLAND, we do so with the end in view of securing you as a permanent customer and client, believing that by fair and honest treatment only can we retain the confidence of investors.

From our prospectus you can learn all about our enterprise. It is a good one—safe and certain. We recommend it to our most conservative clients.
