FOR QUICK SERVICE

NEW HOTEL IN NEW YORK
HAS PNEUMATIC SERVICE.

Orders Instantaneously Transmitted
From the Dining Room to Kitchen
—Inaugurates New Era in Hotel
Service.

Mr. Elmer F. Woodbury, of the Hotel Cadillac in New York, has outdistanced the builders of the new hotels that are being constructed on Broadway and Fifth Avenue and inaugurated a new era in the hotel and restaurant business by the establishment of a new pneumatic tube service between the dining room and kitchen. All of the new and modern hotels now in course of construction are making this improvement. Mr. Woodbury, who is well known throughout the country as one of the most progressive hotel men of the age, was quick to see the advantages to be gained by the time-saving and instantaneous transmission of orders from the dining room to the kitchen by the use of the tube and today the new service was established which sets the pace for all the hotels and restaurants throughout the country.

Mr. Woodbury was formerly manager of the Brighton Beach hotel, the Maine Central railway catering de-

partment, and the Normandie, in Washington, where he entertained many of the men in recent American history including Blaine, Brice, Dewey, Joseph Manley, Arthur Sewell, Charles Emory Smith and Whitelaw Reid.

The new service is augmented and perfected by a new and unique checking system whereby all orders are taken on a duplicator and duplicates blown to the different departments through the tubes. The duplicator makes fac-simile duplicates of the parts of the original check drawing on each department. This duplicate is used to fill the order. A waiter can thus call at the bar, and in the kitchen and other departments practically at the same time to have his orders prepared.

Mr. Edward J. Palo, formerly one of the proprietors of Gould's hotel, Boston, and one of the best known hotel men in New England, has been engaged to assist Mr. Woodbury and will give the new departure his personal attention.

The St. Regis and Knickerbocker hotels which are to rival each other in luxury and splendor and Muschenheim's new Astor House which have been in course of construction for some time will also adopt the new method of feeding their guests through pneumatic tubes.

PREVENTED POTATO FAMINE.

Italian Gardeners in High Favor at Lakeview—Vegetables Lower All Around.

Lakeview, Or., March 10.—A company of Italian vegetable gardeners have gone into business and bid fair to drive out the American gardeners living along the east side of Goose Lake, who in years past have supplied the town with vegetables. The Italians are conducting business on a more extensive scale, and while there is a scarcity of vegetables they have cut the price of potatoes to \$1.50 per cwt., and other things in proportion. Gardeners threatened to call on them en masse and request them to move on. The Italians are all citizens and some are native born Americans. The old gardeners are not meeting with much sympathy from the public, who appreciate the fact that the Italians shipped a carload of seed potatoes here from Reno, Nev., last spring, at a cost of nearly \$1,000, besides the risk, and by raising about 100 tons of potatoes saved the community from a potato famine. As \$1.50 per cwt. is a pretty good living price for potatoes in any country, they see no reason why the Italians should combine with their farmer gardeners to raise it. The Italians have held down prices all along the line all season. Though their prices would be considered high in the Willamette valley, they are lower than usual here and the sympathy of the public is with them.

Assistant to Dr. Lorenz Coming.
New York, March 10.—Dr. Frederic Muller, the assistant of Dr. Adolf Lorenz, the famous Viennese surgeon, is a passenger on the steamship Barbarossa, which is due here today or tomorrow. Dr. Muller will remain in New York about five days, after which he will proceed to Chicago, where he will look after the future treatment of Lolita Armour, whom Dr. Lorenz operated on while there. Dr. Muller will then remain in Chicago, where he will become professor of orthopedic surgery in the medical school of the University of Chicago. During his brief stay in this city, prior to leaving for Chicago, Dr. Muller will operate on a number of Jewish children of the East Side at the request of influential Jewish friends here.

NOT A RELIEF BUT A CURE
