

RHEUMATISM

ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking cripples and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past. S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

Through our Medical Department the pain-racked, despondent Rheumatic sufferer will receive helpful advice from Physicians of experience and skill without charge. Write us fully about your case.

Bowling Green, Ky.
Gentlemen—About a year ago I was attacked by acute Rheumatism in my shoulders, arms and legs below the knee. I could not raise my arm to comb my hair. Doctors prescribed for me for over two months without giving me any relief. I saw S. S. S. advertised and decided to try it. Immediately I commenced its use I felt better, and remarked to my mother that I was glad I had at last found some relief. I continued its use and am entirely well. I will always feel deeply interested in the success of S. S. S. since it did me so much good.
Yours truly,
MRS. ALICE HORTON,
111 Twelfth Street.

FOR PORTLAND FAIR

UTAH LEGISLATURE
APPROPRIATES \$10,000.

Will Transfer Her Entire St. Louis Exhibit to the Lewis and Clark Exposition.

Salt Lake City, March 11.—The Utah legislature today passed a bill appropriating \$10,000 for an exhibit at the Lewis and Clark Exposition to be held in Portland in 1905. Action on the measure, which had previously been passed by the senate, was unanimously in favor of the bill, which went through without discussion.

Although but \$10,000 is named as the appropriation for the Portland fair, the exhibit will really cost many times that amount. A companion bill, which also passed the legislature today, provides for the expenditure of \$50,000 for a Utah exhibit at St. Louis in 1904. The St. Louis exhibit will be moved entire to Portland. The appropriation for the Portland fair is designed to cover the cost of transfer, and to replace any portions of this display that may be lost or destroyed. Should the funds permit, additions will be made for the Portland exhibit, as it is the wish of Governor Wells to make the most creditable showing possible at the Portland fair. It is certain that Governor Wells will approve both measures passed by the legislature today. The governor has been a strong advocate of a large appropriation for the purpose of these exhibits, and heartily indorses the two bills.

An effort, which lacked general support, was made to cut down the St. Louis appropriation. Tietjen, a Mormon representative from Utah county, proposed an amendment cutting the amount to \$25,000, and Austin, another Mormon member, from Utah county, proposed making the appropriation \$40,000. After considerable discussion, the bill as originally introduced appropriating \$50,000, was passed with but few votes against it.

The Portland commission will consist of four members, and the same number will constitute the St. Louis commission. While detailed plans have not yet been announced, it is certain that the Utah display will be

a fine one. The state is in possession of many fine relics and specimens which can be made a part of the exhibit without the expenditure of anything beyond the cost of transportation and arrangement. This will permit the erection of a building at one of the fairs, and possibly at both. It is the intention of Governor Wells to have the mineral, agricultural and other resources of Utah fully represented, and to this end he will name as commissioners men especially well fitted to collect and display the exhibit to the best advantage.

WOMEN JOURNALISTS.

First Paper Outside of Paris Run by Women Now in Cambridge, Mass.

Boston, March 11.—The first newspaper to be run entirely by women in the United States, and the only one in the world outside of Paris, made its appearance in Cambridge today. It is a weekly sheet and is called the Cambridge Press. The publisher and managing editor, Miss Alice Spencer Geddes, is a prominent young woman of Cambridge, and for the last five years she has edited the women's department of the Chronicle. Miss Besse Bratnard is associate editor, and Mrs. Estelle J. Norton the assistant managing editor.

Everyone on the staff, from the chief to the office girl, is of the gentler sex, and in the mechanical department all are women with the single exception of the pressman. The paper starts with a large subscription list and the promoters consider the outlook exceedingly bright.

Another New Mexico Line.

Santa Fe, N. M., March 11.—It is reported that the actual work of construction will be commenced shortly by the Rio Grande & Southwestern railroad, which was recently incorporated here. The line will be 42 miles in length, and will be constructed from a junction with the Denver & Rio Grande, in Rio Grande county, N. M., and extend in a south and south-westerly direction until the Jicarilla-Apache Indian reservation is reached. The road will penetrate a rich and productive country, now without any railroad facilities. There is fine timber for railroad supplies, material, etc., and the Denver & Rio Grande will receive over this spur line a large quantity of maintenance material for its system in the adjacent portion of Colorado.

NEURALGIA

If a person has neuralgia in his system this the season when it will be felt. It is an ailment that may spring from a variety of sources. Anæmia or a depressed state of the bodily functions are frequent causes. The exhaustion resulting from rheumatism also makes it easy for neuralgia to get a foothold.

Scott's Emulsion has for years been recognized as a powerful agent for good in giving new life to the worn-out nerve centers and building up the weakened tissues which are responsible for neuralgia.

In Scott's Emulsion the pure cod liver oil combined with hypophosphites of lime and soda, the latter contributing strength to the blood and bones.

As the principal mission of Scott's Emulsion is to give healthy, solid flesh, active tissue, pure blood and rich bone marrow it will be readily seen why Scott's Emulsion is so effective in driving out the causes of neuralgia.

WE ARE NOW OFFERING THE

SECOND ALLOTMENT OF 100,000 SHARES OF HIGHLAND GOLD STOCK

AT SIX (6) CENTS PER SHARE.

The first allotment of 100,000 Shares was disposed of at six cents per share, mostly by telegram, and in order to allow those whose orders failed to reach us by the 20th of February, on account of delayed mails and blocked trains, an opportunity to secure "HIGHLAND GOLD" stock, at the bedrock price of six cents per share, we have placed the second allotment upon the market at the same price. This is a ground floor offer, and an opportunity to invest your savings in a gold mine with a brilliant future, one which will, without doubt, after a course of systematic development, rank as one of the largest gold producers and dividend payers in the Sumpter gold fields.

LOCATION AND DESCRIPTION
The HIGHLAND GOLD MINES COMPANY owns twelve quartz claims (240 acres) in the heart of the famous SUMPTER DISTRICT OF EASTERN OREGON, and located on the same belt as the world-renowned NORTH POLE, the COLUMBIA, the GOLCONDA, and the E. & E. MINES to the west, and the BAISLEY-ELKHORN and other large producers to the east, the great CHLORIDE mine lying to the north of the HIGHLAND GROUP.
This wonderful belt or zone, after passing through the mines to the west, strikes the HIGHLAND ground and runs through it for a distance of 3500 feet. The vein or ledge has been thoroughly prospected and pay-ore has been uncovered the whole distance—in fact, the longest and most continuous pay-shoot or ore body ever discovered in the district is found in the HIGHLAND ground.

FREE TRIP TO THE MINES
To any who wishes to invest a reasonable sum in the HIGHLAND, we will pay all the traveling expenses to and from the mine for the purpose of his making a personal investigation. We have a good mine and we are not afraid to show it. Mining men and experts of known ability who have visited the HIGHLAND are all unanimous in saying that the HIGHLAND will make a large mine and a good producer.
In inviting you to purchase stock in the HIGHLAND, we do so with the end in view of securing you as a permanent customer and client, believing that by fair and honest treatment only can we retain the confidence of investors.
From our prospectus you can learn all about our enterprise. It is a good one—safe and certain. We recommend it to our most conservative clients.

SECOND ALLOTMENT IS NOW OFFERED AT 6 CENTS PER SHARE \$30.00 will buy 500 shares; \$60.00 will buy 1,000 shares; \$300 will buy 5,000 shares. No discount on large orders.
THIS IS POSITIVELY THE LAST BLOCK OF THIS STOCK THAT WILL BE SOLD AT SUCH AN EXTREMELY LOW FIGURE

USE THIS BLANK FOR YOUR ORDER
