

—Our Line of—
Richard Hudnut's
Perfumes and
Toilet Requisites

Is now open for your inspection, including perfumes, toilet soaps, cold creams, sachet powders, talcum powders, almond meals, etc. We will be pleased to show you these goods whether you intend to buy or not.

BROCK & McCOMAS CO.
DRUGGISTS

SATURDAY, MARCH 14, 1903.

The author who has not made warm friends and then lost them in an hour by writing things that did not agree with the preconceived ideas of those friends, has either not written well, or has not been read. Every preacher who preaches ably, has two doors to his church; one where he attracts people in, and one where he preaches them out. Still it is a recompense to know that those who walk out, with unnecessary clatter, are seen tip-toeing in again before many moons.—Elbert Hubbard.

FOR THE PEOPLE'S GOOD

Today and tonight the citizens of Pendleton will discuss two questions which concern the progress of the city.

At the Commercial Association parlors, while this issue is being run off the press, Col. Frank Drake, superintendent of the Bureau of Information, of Portland, is addressing the citizens upon the vital importance of advertising.

Umatilla county believes in the theory of advertising. She believes in saying the right word at the right time; she is susceptible to opportunity and is on the alert for the high "tide that leads to fortune."

The visit of Colonel Drake to Pendleton will stimulate the people to greater effort to advertise Umatilla county.

Oregon, in miniature, is seen in the collection of resources in the permanent exhibit maintained in the union depot at Portland. Her concentrated wealth is there arranged in panorama before an admiring public. Each district is credited with the wonders it produces and each county takes the individual glory due.

Umatilla county must join that list. The greatest wheat producing, wool producing area in Eastern Oregon, she must line up beside her sisters. The world is looking at Oregon, through that exhibit. It is a mirror of the matchless wealth she owns, and it must be true to the original.

The Commercial Association will be called upon to settle the fate of the county in advertising in that exhibit.

The railways of the state furnish free transportation for all exhibits. The bureau of information is a company of Portland business men, which invites the co-operation of the different counties in placing the products of Oregon before the world.

Umatilla county must be found in the first rank in that collection.

Following this meeting, the citizens of Pendleton will discuss the school bond issue at the courthouse tonight, and must, in all earnestness, begin to prepare for next year's school term.

The district needs more room. There should be an excess of school room in Pendleton, instead of a shortage. The conditions should be inviting to parents in the country, who are desirous of educating their children in a pure, moral atmosphere, where the literary surroundings are encouraging and the physical conditions conducive to good health, and rapid educational advancement.

Don't patch up any more old buildings. Don't prepare any more makeshift rooms. Don't crowd the grades into small quarters, in hopes that delay will relieve the situation. The emergency is here. The city needs relief in the school room situation and no amount of discussion will settle the matter—it must be action.

While there is some well founded objection to erecting one \$25,000 building on the old academy site, these objections have been overdrawn.

Rents are just as high under the smoke of the woolen mills and planing mills as elsewhere. Property is just as high in that portion of town as anywhere else, and the presence of these great industrial factors has not decreased the desirability of that

women in the civil service. The girl who has a love for books and a fair knowledge of literature will find library work a pleasant and profitable employment. In city libraries appointments are made by the civil service commission of the city in which the vacancy occurs. The examination and method of appointment usually resemble the United States civil service system.

Positions in the congressional library at Washington are not on the classified list, and are not, therefore, filled through examination. Examples of the salaries paid there, however, may be some guide in estimating the salaries paid in other large cities. There are 251 employees in the library 107 of whom are women. No woman receives more than \$1400, and no one, with the exception of five messengers, is paid less than \$520. There are five assistants in the reading room who receive \$900 each and 18 who receive \$720. Four assistants in the cataloging division are paid \$1200, and three are earning \$1000, seven \$900, nine \$720, two \$600 and nine \$540. Among the clerks are five with salaries of \$1200, two with \$1000, seven who get \$900, one \$800, four \$720 and one \$600.

The questions used in library examinations in large cities are those which any person acquainted with English literature should answer easily after reasonable preparation.—The Pilgrim.

ROAD BUILDING.

The newspapers are full of progressive ideas about good roads, and some good will come from all the stuff that is printed educating the people to demand better roads and insisting on having them.

There has been great improvement in vehicles the past five years. Wide tire wagons and rubber tire vehicles are leaving the roadways in better condition.

In a country where there is no freezing of the soil in winter there is no great difficulty in the way of building good roads, and doing it very cheaply and successfully.

There are just two things to be done—the roadbed must be thrown up high and rounded in the center and then covered with a layer of metal-broken rock or gravel.

It would seem as though there was sufficient intelligence in the county and district officials, and in the people who pay for and use the roads to insist on getting money honestly expended for these two simple propositions. Of course, to do even these two simple things there must be engineering to place culverts, provide drainage, and insure proper construction of the work undertaken.—Salem Journal.

AUTOMATIC NURSE.

An ingenious contrivance has been invented by a Swiss, who claims to have produced a mechanical substitute for a baby's nurse.

The apparatus is attached to the cradle, and should the child wake up in the night its cries cause the wires attached to a special phonograph to vibrate, which action sets the machine to work singing a lullaby calculated to soothe the youngster to rest. At the same time the cradle is rocked steadily to and fro by clockwork. When all this has had the desired effect the wires cease vibrating with the end of the baby's cries, the cradle stops its music, and the phonograph stops its mill.—Geneva Letter.

MISSOURIAN MISSED A MEAL.

President Francis, of the St. Louis exposition, evidently enjoyed a very inexpensive visit to Berlin. He was only there a few hours, and Baron von Richthofen, representing the kaiser, gave him a dinner, and Dr. Lewald, the German fair commissioner, treated him to breakfast, but as nothing is said about lunch, he must have either missed that meal or paid for it himself.—Helena Independent.

The powder puff may help to hide the ravages of time but it avails little to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface, to the blood, which is corrupt and impure. Dr. Pierce's Golden Medical Discovery cures disfiguring eruptions which are caused by impure blood. It cures scrofulous sores, erysipelas, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Tazewell Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used 'All-Healing Salve,' which made a complete cure. It was slow, but sure. I was taking the medicine about eight months. 'I would say to all who read this; try Dr. Pierce's Golden Medical Discovery before wasting time and money.'

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities. Babbit Metal, best in the world, in bars. Price, \$1 per bar, at the East Oregonian Office.

CHEMICAL ANALYSIS

Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

SO SAYS PROF. L. J. MILLER, CHEMIST.

PROF. L. J. MILLER.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 327 N. Clark Street, Chicago, Ill., as follows: "As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents.

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health.

"I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

LADIES, TAKE NOTICE

Attention now, ladies, all happy and gay! Just see my last offer! But Two Bits to pay For a beautiful photo, full cabinet size. That would make your best fellow just open his eyes.

Just east the E. O. at Danner's old stand. You will see our exhibit—so beautiful and grand. We will there try to please you, the best we know how. With that same pleasant smile and an artistic bow.

It matters but little how old you may be—Whether sweet sixteen or age twenty-three—Be you handsome and tall, or as cute as an elf, You will get a nice photo of your sweet little self.

Our work is FIRST CLASS and so fine you must know. That all the best people know just where to go. Through the whole month of March we will sing you this song. So bring your best fellow and come right along

DANNER,
 118 E. Webb St.

LET US FILL YOUR BILL FOR LUMBER

We can supply you with Building Material of all descriptions and save you money.

DOORS • WINDOWS

Building paper, lime, cement, brick and sand. Wood gutters for barns and dwellings a specialty.

Oregon Lumber Yard

Alta St., Opp. Court House

The Columbia Lodging House

Newly Furnished, Bar in connection.

Bet. Alta & Webb Sts. In Center of Block.

F. X. Schempp
 Proprietor

New.. Goods

Coming in daily, such as Skirts, Shirt Waist Suits, Muslin Underwear, Shirt Waists, Silk Monte Carlos and Underskirts. These are by far the best in style and price in town.

Ed Eben

645 Main street.

Sweet Potatoes, the good kind.

Celery, fresh and crisp.

Cabbage, solid heads.

Garden Seeds

The kind that grow in this soil and climate. Fresh stock of 1903 Seeds.

D. KEMLER & SON

The Big Store in a Small Room.

Alta Street, Opposite Savings Bank

SUBSCRIBERS TO MAGAZINES, IF YOU want to subscribe to magazines or newspapers in the United States or Europe, remit by postal note, check or send to the EAST OREGONIAN the net publisher's price of the publication you desire, and we will have it sent you and assume all the risk of the money being lost in the mails. It will save you both trouble and risk. If you are a subscriber to the East Oregonian, in remitting you can deduct 10 per cent from the publisher's price. Address EAST OREGONIAN PUB. CO., Pendleton, Oregon.

"Builds up the System."
 Hon. Joseph H. Ridgeway, Secretary of the American Anti-Treat Society writes the following letter from the Grand Central Hotel, St. Paul, Minn.: "It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all it claims. I have used it several times and know of nothing that cures so completely, and at the same time builds up the system. "I have recommended it to a number of my friends and always feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgeway.

"Feel Better Than for Five Years."
 Mr. James B. Taylor, Roberts, Ind., writes: "I am at the present time entirely well. I can eat anything I ever could. I took five bottles of Peruna, and feel better now than I have for five years. I have doted with other doctors of and on for fifteen years, so I can recommend your medicine very highly for stomach troubles. I take great pleasure in thanking you for your free advice and Peruna."—James B. Taylor.

"I Enjoy my Meals as I Used to."
 Mr. J. W. Pritchard, Wolf Lake, Ind., writes: "I am pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to, and it is all due to Dr. Hartman and his wonderful medicine, Peruna.

"It has been one year since I was cured, and I am all O. K. yet, so I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of summer catarrh. A remedy that will cure catarrh of one location will cure it anywhere. Peruna cures catarrh wherever located. That it is a prompt and permanent cure for catarrh of the stomach the above letters testify.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

The Gasoline Engine is made the most handy companion. See the Improved

THEME Gasoline Engine

It's something new. Requires no packing and has no stud bolts to twist off.

Let us show you our irrigation plant. Irrigation in this country means wealth.
