Real Estate Transfers.

G. S. B. Hayden has sold his confectionery business at 909 Court street, to Charles Miller, who came here recently from Indiana, and who is now in charge.
Adam Leonhardt has sold to J. H. Thompson for \$1,500, his 140 acre farm, two miles west of Yoakum.
Fred C. Searcey has bought of Edgar L. Smith, paying therefor \$8,000, his 320-acre farm in section 1, township 3, range 31. The place lies six miles north and three miles west of Pendleton.
John C. Records has bought of Frances M. Derrick, paying therefor \$4,000, the latter's 80-acre farm in section 30, township 6, range 35. The place is six miles northwest of Milton.
Arthur Roberts has bought of John Hansen his 160-acre farm, eight miles east and four miles north of Weston, paying therefor \$1,600.

Will Move His Residence.

Dr. C. J. Smith will move his residence in which he resides, at present, to lots on East Lewis street, several blocks from where it now stands. His new residence will stand on the site of the old one, and work will begin upon it as soon as the site is ready for the reception of the material. The new residence, the plans for which were drawn by T. F. Howard, will be modified colonial style, with, of course, all the modern improvements. It will contain 11 rooms, with a full complement of halls, store-rooms, etc., and will cost not less than \$7,000.

Stock Thin.

J. M. Ogle, of Butter Creek, eight miles south of Vinson, reports stock thin on account of protracted forage feeding, but stock is all healthy. Sheep shearing will begin in that neighborhood May 1. There is yet some measles in that neighborhood, Charles Lightfoot being confined to his house with an attack but all traces of smallpox and scarlet fever have disappeared. Eleven people in that vicinity had smallpox during the past winter.

Winter on Upper McKay.

Dan Bowman from Upper McKay Creek was in Pendleton visiting today. He says that almost all of his neighbors as well as himself have fed the last wisp of hay and straw and if feeding weather keeps up they will have to feed grain to their sheep. The past winter, while quite mild, has been a winter requiring much more feed than most winters. He says the snow still hangs on in Upper McKay district.

Claims Not Settled.

None of the claims for insurance, growing out of the Pendleton hotel fire, have yet been settled. A force of men is at work today on the roof, which will be the first damage to be repaired. Work on the interior will then be prosecuted at once, and it is thought that the building will be ready for occupancy inside of 10 days. The pipes from which the fire hose should be supplied will be put in perfect repair so the water supply will be instantly available all over the building in case of fire.

A Correction.

The list of large sheepowners of Umatilla county, published in yesterday's East Oregonian read "J. E. Cunningham Company," where it should have read "J. E. Smith Company, 25,000 head."

California Olive Oil

We have just received a fresh supply of California Olive Oil. We get this direct from the growers in Southern California. This Oil is absolutely pure. You can prove this to your own satisfaction if you will notice the very perceptible olive flavor. It tastes just as the olives do. It is impossible to counterfeit this flavor and it is not found in any oil which has been adulterated to any considerable extent, because cottonseed oil and other adulterants are practically tasteless.

75c PINT OR \$1.25 FULL QUART BOTTLES

Use Olive Oil for every kind of frying or wherever you use butter or lard.

Most people, no doubt, consider Olive Oil too expensive for ordinary use, but it is not, as a quart of oil is equal to about two pounds of butter.

Shall be pleased to show you our oil.
