BRIGGSON ITEMS

PUMA DRIVEN FROM MOUNTAINS BY SNOW.

Many Easterners Investigating Country About Briggson for the Purpose of Purchasing Homes — Sam Rose and Party to Prospect in Bitter Root Mountains.

Briggson, March 16.—Winter in this section is unchanged. There was a slight fall of snow yesterday. Today it is warmer.

Feed is very scarce and horses are said to be dying in the reservation south of here.

Uncle Gus Johnson is recovering from his illness.

Mr. Bryan, who has been occupying the Erl house since last fall, has moved to Helix with his family.

Wild animals are becoming numerous in this vicinity. A strong lunged Puma made his appearance in the neighborhood last Thursday night. The human screams the animal made were anything but soothing. Evidently the deep snow in the mountains has driven the animals into the foothills in search of food.

Mr. Payne moved back to the Al Booher place Saturday where he could be handy to the timber on his place. He has a thousand cords of wood to cut.

Mrs. James Navin is rapidly recovering from her long spell of sickness. Early last fall she contracted a cold which stayed with her until the first of February.

Miss Bessie Navin, accompanied by Miss Elva Kirk, of Athena, spent Saturday and Sunday at the home of her parents, Mr. and Mrs. James Navin.

Several Eastern men have been investigating this section of the country of late in view of purchasing homes. They are seemingly well pleased with the soil. It certainly is of the very best, producing an abundance of all kinds of fruits, grains and vegetables. The apples are especially fine in flavor and are entirely free from worms. Strawberries and all small fruits are an excellent quality, often selling from 10 to 15 cents more on the crate than the Milton berries. This will undoubtedly be in a short time, one of the greatest fruit belts in the country.

John Herndon was in Pendleton on business the latter part of the week.

Sam Rose and party contemplate starting for the Bitter Root mountains on a prospecting tour in the near future. They intend being gone all summer.

GAME ANIMALS PERISHING.

Hard Winter is Killing Hundreds of Elk and Buffalo.

Butte, Mont., March 18.—Reports have been received here from the Yellowstone National Park telling of an appalling loss of wild game, consequent upon the extremely cold weather and blizzards which have been sweeping the wonderland and the mountains adjoining the reserve. Hundreds of animals have perished and in the canyons dead elk lie in heaps. In one place the carcasses of eight were counted. The only game appearing to withstand the intense cold is the bear. Italian miners on the park boundaries are making almost daily trips into the mountains after the dead elk and buffalo.

TO REPRESENT OREGON.

Governor Chamberlain Appoints Delegates to Conference.

Salem, March 18.—Governor Chamberlain has appointed eleven delegates to represent Oregon at the National Conference of Charities and Correction, which will be held at Atlanta, Ga., May 6 to 12, 1903, as follows:

W. T. Gardner, W. R. Walpole, William M. Ladd, Mrs. L. W. Sitton, Hon. Thomas N. Strong and George B. Hyland, of Portland; G. A. Hartman, Pendleton; Mrs. Henrietta Brown, Albany; C. W. James, superintendent of the penitentiary; H. E. Beckers, superintendent of the reform school, and Superintendent J. F. Calbreath, of the insane asylum.

SITE FOR SALMON HATCHERY.

Government Reserves Land for State on Grande Ronde River.

Washington, D. C., March 18.—On recommendation of Representative Moody, Land Commissioner Richards has directed the land office at La Grande to withdraw from entry two tracts of about 400 acres on the tributaries of Grande Ronde and Wallowa rivers in Wallowa and Union counties for the use of the state. State Fish Warden Van Dusen solicited Mr. Moody's aid in getting this withdrawal, indicating that the state decided to establish a fish and salmon hatchery in that vicinity, but, having no valid lieu base land at this time, was unable to make the selection in its own name. The land withdrawn is in T. 2 N., R. 41, and T. 5 N., T. 44 E.

At the request of Representative Moody the land commissioner has extended for 30 days the time in which the state of Oregon shall show cause why list 11, which was filed under the Carey act by the Oregon Development company for lands on the Upped Deschutes river, should not be rejected. Owing to bad weather and hindrances to travel, it has been impossible to secure the necessary affidavits in the first 30 days allowed.

Caplinger-Corley.

Married, yesterday afternoon at 2:30 o'clock, in the parlors of the Golden Rule hotel, Mr. Will H. Caplinger, of near Pilot Rock, this county, to Miss Laura Belle Corley, of Butter Creek. The marriage was performed in the presence of the father of the bride, and C. J. Manning and wife, Mrs. Scott and a few other special friends. The ceremony was performed by Rev. E. B. Jones, pastor of the M. E. church, South, of this city. The bridal party left immediately after the ceremony for the home of the groom.
