#### Very Backward Spring.

Joseph Kyle, of Cabbage Hill, reports six inches of snow as yet on the ground in that part of the mountains. and that the spring in the mountains s the most backward in four years. All kinds of livestock are very thin and unless the snow goes quickly and is succeeded by weather warm enough to stimulate the grass into quick and vigorous growth there will be considerable loss of livestock this lic affair under the auspices of the spring yet. Mr. Kyle last week had a good horse lie down and die while being driven to Pendleton.

### Is It Distemper?

B. F. Palmer, of Cabbage Hill, was in town Saturday. Mr. Palmer re-ports that many of the cattle in that part of the county are afflicted with an ailment resembling distemper, Purley Smith, of Cabbage Hill, will though it is not believed to actually be that disease. Its origin is supposed to be wholly due to the animals being in poor flesh from the protracted cold weather and insufficient feed, supplemented by catching cold.
