The Chinese Peach Bloom.

Neither the blight nor the early
frosts can effect the value of the
Chinese peach bloom, even if these
things do affect the American fruit-
growers. This is because the Chinese
peach bloom appears on small vases
made 200 or 300 years ago. One of
them, six inches tall, sold in New
York for \$3200, enough to buy a good-
sized peach orchard in Delaware or
California.

Germany's City Governments.

The governments of German cities
were, prior to the law of 1892, which
Bismarck championed, notoriously
corrupt through spoils of politics, but
are today the models of efficiency
and honesty. The prominent features
of the law which caused their deliv-
erance are home rule, compulsory
service of the citizens in municipal
affairs, long tenure of office and civil
service.
