Profitable Institute.

The local institute which convened here last Saturday was one of the most profitable and interesting events along the educational line of the season, from the fact that the teachers all were on the common level and engaged in the same class of work so they could exchange ideas that would be of some use to them. The theoretical part that we hear at our annual and state teachers' meetings are good but not practical in the rural districts, hence not of as much importance as the local ones. Those present were: J. F. Nowlin, of Pendleton; J. E. Cherry, of Adams; F. C. Salt, F. K. Wells and wife, Geo. W. Maybee, W. S. Mayberry, Mae Littleton, Elizabeth Hamer, Alice, Christian, Ada Pierce, Pres. W. C. Howard, of Columbia college.

Will Improve His Farm.

J. W. Keene, who lives six miles north of Adams, will build barbed wire and hog fencing around 150 acres of land and go into the hog business on considerable scale. Mr. Keene is a partisan of the Berkshire hog and believes that a high grade of that breed is the very best animal for this country. He favors a high grade rather than the thoroughbred, believing that it matures younger on the same amount of feed and in response to the same treatment otherwise than even a grade animal of any other breed.

THE FAIR

RACE MEET IN MEMPHIS.

Spring Season Opens With Enthusiastic Meeting of Jockey Club.

Memphis, Tenn., March 30.—They're off! The day for the annual spring meeting of the New Memphis Jockey Club has at last arrived, and the racing season is at hand. Nothing but inclement weather can prevent this being the most successful meeting ever witnessed in the South.

The classic Montgomery handicap—renewed for the twenty-fifth time—is the event of the opening day. This morning the candidates for the rich stake—including the favorites McChesney and Aladdin—were exercised over the track before a great crowd of turf followers anxious to form their final judgment on the probable result of the great race to be decided in the afternoon.

The handicap is the fourth event on the card and will be called at near 4:30 o'clock. The race from every point of view cannot fail to be a grand success. A half dozen look to have a good chance and will receive a liberal support.

The Montgomery handicap is the first big gun of the legitimate racing season, and is virtually the signal to the racing world, notifying them that the spring racing has begun. The Montgomery handicaps of past years invariably proved good index on which to base calculations on the best handicap horses in the West for their engagements later on in the Wheeler handicap, at Washington park, and for some of the West's richest all-aged stakes.

This year the class of the field that goes to the post is topped by McChesney, the unbeaten 4-year-old. The next choice is George C. Bennett's Aladdin.

HERE AT HOME.

Pendleton Citizens Gladly Testify.

It is the testimony, like the following that has placed "The Old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Pendleton citizen:

Charles W. Beale, expressman, living at 300 West Tustin St., corner of Aura street, and well known to every resident of Pendleton, says: "For four years past I have been troubled with kidney disorders, cause, I think, by heavy lifting required in my occupation. The strain was such that I was unable to stoop or rise again without pain and effort. The kidney secretions were irregular, especially at night and caused me much annoyance. When I first heard of Doan's Kidney Pills I decided to try them and got a box at Brock & McComas' drug store. They have relieved me to a very great extent, both as to the backache and the urinary trouble, and I have the greatest confidence in them."

Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. For sale by all dealers.
