California Olive Oil

We have just received a fresh supply of California Olive Oil. We get this pure. You can prove this to your own satisfaction if you will notice the very perceptible olive flavor. It tastes just as the olives do. It is impossible to counterfeit this flavor and it is not found in any oil which has been adulterated to any considerable extent, because cottonseed oil and other adulterants are practically tasteless.

75c PINT OR \$1.25 FULL QUART BOTTLES

Use Olive Oil for every kind of frying or wherever you use butter. Most people, no doubt, consider Olive Oil too expensive for ordinary use, but it is not, as a quart of oil is equal to about two pounds of butter. Shall be pleased to show you our oil.

Will Import Thoroughbreds.

The J. E. Smith Company will the coming season import 100 registered and thoroughbred Delaine and Spanish Merino bucks for their flocks. This firm is a vigorous partisan of the claims of the two breeds of sheep mentioned, believing that they are the best animal ever introduced into the northwest. Their opinion is that the nearer to a thoroughbred the better—not merely high grade, but thoroughbred if possible. Of their 25,000 sheep in this county, 6,000 are thoroughbreds. They claim for this sheep, moreover, that not only is it the best wool sheep, but that it is as good a mutton animal as has ever been introduced here. The Smith Company will begin shearing May 1.

Mr. and Mrs. E. E. Judd, of Pendleton, are guests of the Hotel Portland, to remain several days, arriving at 4:30 o'clock Tuesday afternoon on the Chicago-Portland special train, the first time this train has run on schedule time for months, owing to "troubles with the boiler-makers" on the Union Pacific.—Oregon Daily Journal.
