MONDAY, APRIL 6, 1903.

GENERAL NEWS.

The foot and mouth disease has broken out among the cattle of Northern Kansas.

The early fruit crop of Ohio was badly damaged by the frost and snow of Saturday night.

The plague epidemic is disappearing from Mazatlan, Mexico, and that city is recovering its wonted aspect of animation and gaiety.

The United Brotherhood of paper-makers has served a demand upon the manufacturers of Appleton, Wis., for shorter hours and it is stated a strike is probable.

The revolutionists of Acre have declared themselves a free and independent people and proclaim Colonel Placido Castro as governor and commander of the troops.

The fines and forfeitures imposed upon and collected from the enlisted men of the army were vastly increased during the year subsequent to the abolishment of the canteen.

General Sierra, the president of Honduras, has sent a representative to Acetuna to make peace arrangements with General Bonilla, the president-elect of that country.

Of the five new battleships authorized by congress the three 16,000 ton vessels will be named Vermont, Kansas and Minnesota, and the two 13,000-ton vessels will be named Mississippi and Idaho.

A disagreement between the anthracite operators and miners occurred Saturday regarding the strike commission's ruling on number of hours to constitute a day's work, which resulted in the closing of many collieries in Pennsylvania.

After four months of controversy between the Wabash road and their employees the differences were finally adjusted and satisfactorily settled Saturday evening. The officials of the brotherhoods declare that the settlement is a sweeping victory for organized labor.

W. R. Dixon, a railroad man, attempted to embrace a servant employed in a boarding house in Peoria, Ill., Friday evening. The girl threw up her hand, and a knife which she held accidentally penetrated Dixon's neck, severing the spinal cord. He died a few hours later.

The heaviest snow of the season fell at Livingston, Mont., Saturday. Stockmen and ranchers are jubilant, as the heavy moisture will have an excellent effect on the ranges and ranches. The storm is reported to be very severe in the National Park, and all trails which the president will travel, are covered deep with snow.

PACIFIC NORTHWEST NEWS.

The heaviest fall of snow of the season visited Western Montana Saturday night and Sunday forenoon.

The Salem Christian Scientists have erected the first church building owned by this denomination in the state.

Over 12,000 people attended the 73d anniversary of the founding of the Mormon church at Salt Lake last week.

Employees of the Portland Woolen Mills have abandoned their organization, in fear that the mills will be closed down.

New standard concentrators have been placed in the Equity Gold and Copper Mining Company's property, at Quartzburg.

Walla Walla school district will vote \$50,000 additional bonds for the purpose of building a new school-house this spring.

The Marion County Fruitgrowers' Union has selected a local manager and will market their own fruit, independent of the commission houses.

Food and Dairy Commissioner Bailey is expected to be in Baker City Tuesday to investigate the cases of butchers who sold "lumpy jaw" beef.

At a meeting of shingle mill owners held in Seattle Saturday, 159 mills were ordered shut down, in order to curtail the production of shingles. It leaves 2,500 men idle.

The La Grande girl who left her home Saturday, threatening to take poison, was found Sunday morning at Island City, two miles from home, at the house of a friend.

Charles Hickman, of Colfax, was shot and instantly killed by a friend, William Kelly, while at target practice Sunday. It was caused by the accidental discharge of a rifle.

FORM A DISTRICT

FARMERS PETITION FOR AN IRRIGATION DISTRICT.

Milton, Freewater and Hudson Bay Company Arrange for Construction of Ditches—List of Petitioners to the County Court.

The project which was detailed at length in the East Oregonian several weeks ago for the organization of an irrigation district at Milton and Freewater, which was to be the first irrigation district in the state under the law of 1895, will probably crystallize. At the time the plans were first made public, it will be remembered that there was some doubt about the promoters hanging together. Most of those interested had been using water from private ditches for years and many of them were loath to relinquish the privilege they had so long enjoyed in their own way. However, nearly everybody interested has come to an understanding and the project will undoubtedly be put through according to its original projectors, or nearly so.

A good deal of the credit for the present concert of action belongs to Jonathan Talbert, who has been active and insistent for a long time in the interests of the proposed district. Through his efforts and those of others the objections to the plan have been allayed by a careful study of the law of 1895, and its interpretation by Judge Lowell. It is expected that the petitioners to the county court will be those whose names appear below. A few of the original petitioners withdrew their names at one juncture, when it was feared the plan would have to be abandoned, but it is understood that these names have all or nearly all, been returned to the list.

The petitioners are as follows: Jonathan Talbert, W. H. Wilmut, John Schott, H. L. Cauvel, E. D. Olsen, W. L. Powell, James Shaw, B. S. Brooks, James Andrews, Nels Swanson, Lewis Furness, Fred Beller, C. L. Sanders, August Tanke, H. H. Stewart, W. B. Downs, W. A. Dixon, James Skee, A. A. Wilder, F. E. Laborde, J. A. Clements, Mrs. Nellie Russell, W. F. Kyle, L. B. North, William Lloyd, A. S. Pearson, J. W. Arnold, J. B. Middleton, John Ritter, F. Lombard, Howard Evans, M. W. Fogarty, James Whitman, Mrs. C. C. Davis, S. Holdman, F. M. Evans, G. W. Boyer, G. A. Hobbs, H. Forsythe, G. W. Wharton, J. L. Rae, Charles Richards, D. E. Mobley, W. S. Montgomery, Charles Schwald, W. R. Stewart, M. J. W. Hammer, F. Sullivan, A. S. Dunlaw, A. T. Brower, J. A. Rogers, Mrs. Nancy Briggs, G. L. Long, C. S. Andrews, A. T. Morse, J. T. Prichett, A. J. Crigley, W. V. Staley, N. G. Mason, Louise Overturf, Mollie Rogers, O. V. Preston, A. E. West, America Lydell, George Lydell, W. F. Webber, Ellen Knight, John S. Vinson, Charles A. Barton, R. J. Manela, A. Hornbecker, C. J. Lawler, Dr. A. W. Hill, G. W. Hansell.

The affairs of this company will be watched with great interest.

CASH AND PACKAGES.

Carried by Latest System at the Peoples Warehouse—Improvement is Nearly Completed.

The Peoples Warehouse now has in operation its new cash and package delivery system and it adds greatly to the facilities for handling the trade. In the dry goods department all purchases are sent to the wrapping department, which is located in an elevated position near the cashier's desk in the rear of the store, where they are neatly tied up and returned to the person making the sale.

Will Be Completed Soon.

The contract for the completion of the Ferguson & Maloney business house adjoining the East Oregonian building on the south, will be let next week and the building will be finished some time before it was anticipated. It could be when the foundation was built during the winter. Contrary to the expectations of the owners, brick can be obtained by the first of May instead of at some indefinite time later on. The increase in the capacity and force of employees at the Weston brick yards justifies Mr. Nelson in contracting to furnish the brick for the Ferguson & Maloney building at the time mentioned above. The plans of the architect, C. E. Troutman, have been accepted. It is to be a two-story building and one of the most attractive fronts in the city, besides being in every respect modern.

Enjoy Life

Out door exercise means improved health and a sunny disposition.

All Kinds of Sporting and Pleasure Goods

No matter what game or pastime your fancy runs to, you can get the goods to promote it at

Book and Stationery Store

STRAIN TOO GREAT.

Hundreds of Pendleton Readers Find it so.

The bustle and worry of business men: The hard work and stooping of workmen: The woman's household cares.

Are too great a strain on the kidneys.

Backache, headache, dizziness, Kidney troubles, urinary troubles follow.

A Pendleton citizen tells you how to cure them all.

F. A. Morris, retired, who lives on Park avenue, and is well known to Pendleton people, says: "I was troubled with my kidneys off and on for three years. In early days, I had worked in a shirt factory in Rockford, Ill., standing all day at a bench and later on I became a motorman on an electric car. That, too, kept me on my feet all day and aggravated my complaint if it did not start it. It annoyed me through the day more than at any other time. I finally got a box of Doan's Kidney Pills at the Brock & McComas Co. drug store and used them. They cured me. I have not had even the slightest attack of backache for five years, nor have I used any pills since I stopped the treatment last October."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—DOAN'S—and take no other.

The ship Arcana is thought to be lost off Cape Flattery, as great quantities of lumber has been sighted in the open sea.

Lose Your Corns

Wouldn't it be a comfort to get entirely rid of your corns? You can. Can do it easily and quickly, with scarcely any trouble, no hurt at all and for slight cost.

Oregon Corn Cure

is a guaranteed remedy. It can't fail once in five hundred times. If it does fail you are asked to come back for your money. No matter what you've tried, you don't know what a real corn cure is like until you try this one.

Price 25c.

Farmers should buy their harvest dishes now—it will pay.

OWL TEA HOUSE

THE BEST MANUFACTURING COMPANY STEAM AND HORSE POWER COMBINED HARVESTERS

As McCormick was the original inventor of the reaper and harvester, so was "Best" the original inventor of the first successful combined harvester.

We wish to call the attention of our friends who contemplate purchasing a Side-Hill Combined Harvester the coming season, that we are still in the lead in the way of improvements, in harvesting machinery, and which our farmer friends have rightfully named "KING OF THE FIELD." After watching its work in the field the past sixteen years, and for the season of 1903 it will be still better as we have made a number of valuable improvements.

The MACHINE is the strongest and most durable made.

IMPROVED DRIVE WHEELS—5 feet 4 inches high, 22 inch diameter. RUNAWAYS—are a rare thing with us. There is a brake on main drive wheel, which is controlled by the driver.

HEADER—is driven independently from the grain wheel of separator, and is arranged with a clutch for throwing in and out of gear when turning corners.

THE SEPARATOR—We wish to call your attention particularly to the separating qualities of our machine. We claim that no other combined harvester on the market can in any way compare with it for speed and thoroughness of work, in all kinds and conditions of grain, and will require less team to operate it.

AUTOMATIC GOVERNOR—Our patent wind governor, on the fans governs the blast so that at any speed at which the harvester may be traveling, the wind is automatically regulated and prevents clogging the shoe and carrying the grain over in the straw.

We take pleasure in inviting you to call on Temple & Wilcox, Pendleton, and make a personal inspection of each and every part of our machines before placing your orders. Every machine warranted to do all we claim for it and to be first-class in every respect.

TEMPLE & WILCOX, Local Agents

Have Your Water Pipes Examined and Repaired at Once
