NEWS OF MILTON

RESIGNATION OF MINISTER NOT ACCEPTED.

"Old Maids" Will Hold Another Convention—W. R. Craig Has Charge of Bee Hive Store—Standing Reward for Incendiary.

Milton, April 8.—Thomas Spence lost three head of cattle last week. Bud and Til Bowlers have driven their cattle to the hills.

The ditch running through town has been cleaned out, preparatory to garden irrigation.

Bert McKnight has the foundation laid for his new house, and a part of the lumber is on the ground.

A. B. Noblitt, who has been teaching school near Unionville, Wash., finished his term and returned home the first of the week.

The "old maids" of Milton will hold another convention next Friday night, but this time at the Vincent church.

W. R. Craig and wife, of Eugene, arrived here a few days ago, from North Yakima, where they have spent the winter. Mr. Craig will have charge of the business in the Bee Hive store. Mrs. Craig is a sister of Mrs. Robert Frazier.

Ernest Hudson, who was struck in the face and severely hurt last week with a windlass, has about recovered from the shock, and is able to be at work again.

The Walla Walla Produce Company has a standing reward of \$50 for any information that will lead to the arrest of the party or parties who tried to burn their warehouse near the depot in this city.

Resignation Not Accepted.

Rev. A. J. Adams, of the Presbyterian church of this city, received a call from the Central Washington Presbytery a few days ago, and called his congregation together to tender his resignation, but the members would not listen to it and voted to a member to retain him as their pastor. Mr. Adams has been pastor of this church for three years and is better liked as a minister and citizen every day of his life.

Traveling Curiosity.

Quite a curiosity was seen at the depot Monday evening. It was simply a common iron barrel hoop about 20 inches in diameter, that has traveled from Maine to California and from the Lakes to the Gulf. Hundreds of tags were fastened to it, and upon these tags were autographs with verses, strange statements, etc., of the agents of the different express companies through whose hands it had passed. The number of agents who had attached tags to it to date was 923.

BAKER CITY COMPOSER.

Prominent Mormon Writes a Popular March for the A. O. U. W.

Baker City, April 8.—Prof. L. D. Edwards, of this city, is the latest publisher of musical compositions to startle the local sphere of melody. He has recently caused to be published and yet more recently placed on sale here, a stirring march and two-step, the "A. O. U. W."

Professor Edwards has compiled a number of Sunday school songs which are sung in the Mormon church. His beautiful anthem, "Our Father in Heaven," was daily rendered at the dedication of the Salt Lake temple in 1893. In 1882 Professor Edwards entered a composition contest at the Deseret Sunday school and took second prize for his anthem, "Who can Stand Against the Works of the Lord." In 1885 he secured a prize for composition at Cleveland, first prize for the Christmas anthem at Lafayette, Ind. During 1896 he received a complimentary premium at Williamsport. At Salt Lake he took a special prize, a gold medal, in 1898.

The new march bids fair to become popular and while it is said to be of a different character of music than is wont of Professor Edwards to write, it has taken well.

DOGS KILL SHEEP.

Sheepmen of Salem Lose Many Animals—Will Sue to Recover Their Losses.

A great deal of disturbance has been going on lately among sheepmen up the river in the vicinity of the Pettyjohn place, on account of the depredations of sheep-killing dogs. The trouble has been going on for some time, and has resulted in the loss of nearly 100 sheep.

Sunday morning, about daybreak, one of the most terrible slaughters of sheep occurred on the Pettyjohn place, which has ever been known in this section of the state and all on account of the thirst of one dog for blood. The dog is owned by the widow Pingwald, and Sunday morning it attacked a band of sheep owned by O. G. Savage, of this city. Seventeen sheep were killed outright and a large number of others were badly mangled or their legs broken so that a number of them were killed and more will be later. Fully 50 head were lost as the result of the attack, and a number of others wounded, altogether 64 sheep being either killed or wounded. Mr. Savage shot the murderous beast as soon as he reached the scene of the slaughter. He reports it one of the most sickening sights he had ever witnessed, the ground being strewn with dead sheep and lambs, while the others were lying around struggling or walking with the flock, their hams or shoulders being torn open and leaving a trail of blood behind them.

T. A. Livesley & Co. have also lost 15 head of sheep and several other neighbors were losers also. Messrs.

The Grand Trunk Gold Mine

Sumpter, Oregon, Gold Mining District.
Is located upon the GREAT MOTHER LOPE system of veins and has for neighbors on that vein such well known mines as the NORTH POLE valued at \$10,000,000. THE COLUMBIA valued at \$5,000,000. Our Weekly Mining Letters on Sumpter, Oregon, Gold Mining District Free on Application.

Hoppey and Wilkins also owned sheep-killing dogs, so it is claimed, but they were both killed Saturday. It is now hoped that no more trouble will be experienced from dogs in this vicinity, but the angry owners of the dead sheep say they intend to have recompense for their losses before the trouble is over.—Salem Statesman.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Hair That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no preparation that will do that but Newbro's Herpicide. Herpicide killing the dandruff germ, leaves the hair free to grow as healthy nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Sold by F. W. Schmidt & Co.

CHINESE HONEYMOON.

Began With Wedding in Justice Huffman's Court.

Sick Mun, aged 29 years and Ah Oy, age 24 years, were married yesterday morning by Justice of the Peace J. J. Huffman, says the Union. As their names imply, both the contracting parties are Chinese. The girl was born in San Francisco and the man in China. They will make their residence in the vicinity of Walla Walla. From a Chinese point of view the marriage was almost not a marriage, but Caucasian would have called the ceremony very simple.

At 11 o'clock in the morning the door of the justice court slowly opened and a little brown man entered leading a demure Chinese miss. They were accompanied by a prominent attorney of this city, who made their wishes known to Justice Huffman.

The justice without the aid of a ring made the two Mongolians man and wife according to the laws of the state of Washington.

The fees were paid by Sick Mun, and then, while the justice was debating whether he ought to kiss the bride, Mrs. Mun walked out of the room on the arm of her lord and master.

The fact that this is probably the first Chinese couple married in Walla Walla according to law make the wedding very interesting.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1. Guaranteed by Tallman & Co., druggists. Trial bottles free.

To Convene in Detroit.

Detroit, Mich., April 8.—Arrangements are rapidly nearing completion for the ninth annual convention of the National Municipal League which is to be held at the Hotel Cadillac, this city, the latter part of this month. Applications for hotel accommodations indicate that the gathering will be attended by delegates from all the large cities of the East and Middle West. By invitation of President Angell of the University of Michigan it has been arranged to hold one session of the convention at Ann Arbor. The remaining sessions will be held in Philharmonic hall in this city.

Humane Harness—Something New and Economical

Humane Harness

In This age of advancement forward steps are taken in harness making as well as other branches of manufacturing. The greatest improvement in harness is the new attachment which makes harness humane. This new improvement is a sliding device which is attached to the hames and breeching and gives the harness an opportunity to move with the action of the horse's body. It works on the same principle as the latest suspender. The advantages of the Humane Harness are many and among them are

The comfort and ease they give to Horses wearing them; Will outlast the old style harness; does away with the back band; prevents the rubbing of the skin and thus prevents sores and blisters.

The Humane Harness is simple and made according to the most correct principles. No one interested in harness should fail to thoroughly investigate the new idea.

Don't buy old style harness until you have seen the Humane Harness. It's a revelation in harness making.

The Humane Harness is manufactured under contract with the patentee, exclusively by us, we having the sole right in Umatilla county, and will prosecute infringements.

The Humane Harness device can be attached to any harness at a small expense. Come and let us show how nicely it works and how simple it is to attach it.
