GENERAL NEWS.

The diet of Japan will assemble May 8, and be in session for 21 days.

Contracts for the building of an immense iron and steel plant at Brunswick, Ga., has been let to cost $10,000,000.

After yawning without interruption for three days, despite every effort to relieve her, Mrs. William Jenner, of Oshkosh, Wis., is dead.

A year before Philadelphia rang joyous bells on account of the Declaration of Independence, she made the first piano ever produced in this country.

An explosion occurred at the arsenal powder company, of Canton, China, Wednesday. Fifteen hundred persons are reported to have been killed.

The cost of repairing and overhauling the Iowa, including the damage caused by the recent explosion, is estimated by the navy department at $500,000.

After seriously shooting and wounding Miss Ceiba Young, at Little Rock, Saturday, Will Alexander, 32 years old, killed himself. Jealousy was the cause. Miss Young will recover.

An immense tract of anthracite coal has lately been discovered in Luzerne county, Pennsylvania, said to be the most valuable deposit found in that region since its general development.

The anniversary of the emancipation of 23,000,000 Russian peasants, liberated by Alexander II. in 1861, is to be celebrated hereafter in the orthodox churches by elaborate thanksgiving services instead of by a single requiem mass.

Two boys, aged 11 and 13 respectively, fought a duel with pistols Friday night in Brooklyn. They took a distance of 20 paces and the youngest boy fell, fatally wounded, at the first discharge of shots. The older boy was arrested.

Because her sex was repudiated and disinherited by the founders of the republic, Mrs. Kate Woolsely, of Kentucky, has resigned her membership in the organization of the Daughters of the American Revolution, of which she was a charter member.

When steel is exposed to the action of sea water and the weather, it is said to corrode at the rate of an inch in 82 years; an inch of iron under the same conditions, corrodes in 190 years. When exposed to fresh water and the weather, the periods are 170 years for steel and 630 years for iron.

PACIFIC NORTHWEST NEWS.

In the Wallowa city election Saturday, the ticket in favor of an open town was successful.

The teachers of the government Indian school at Riverside, Cal., have struck for higher wages.

While plowing in a field near Dillon, Mont., Saturday a farmer found the bones of a giant Indian who in life was over seven feet tall.

An American firm has lately bought 10,000 acres of land in the state of Tabasco, Mexico, and will go into the business of growing rubber trees.

For the fourth time in succession, Whitman College, of Walla Walla, won the annual intercollegiate debate with the Washington Agricultural College Saturday.

ECHO COLD STORAGE

IMPORTANT FEATURE OF AMERICAN HARE CANNERY.

Will Establish and Operate a Cold Storage Plant in Connection With Their Cannery—Local Capitalists Back the Enterprise.

H. C. Willis, secretary and principal share-holder in the Echo Cannery and Cold Storage Company, is in the city today, on business connected with the institution. He is having several thousand additional circulars printed and has ordered a large amount of stationery ,labels and special circular letters for his company.

One of the principal features of the cannery will be the establishment and operation of a cold storage plant in connection with the cannery. Fruit driers will also be built, when the enterprise is once under way, and vegetables will be prepared for market.

The aim of the promoters of the industry is to handle in cold storage, the entire beef, pork and mutton output of Echo, and vicinity, in order to save freight and bring increased profits to the producer.

Several local capitalists have signified their intention of giving financial backing to the institution, and as there is need for the industry ,its promoters hope to be able to handle all the business in its line in that district, within a short time.

ECHO NEWS ITEMS.

Sheep Shearing Retarded by Cold Weather—Some Fruit May Be Killed.

Echo, Or., April 12.—Owen Horton, city engineer of Colfax, came down again yesterday to pursue further his studies of the physical features of this vicinity.

Mr. and Mrs. Henry Thompson, of Butter Creek, took last night's train for Portland.

Today's train brought in a great number of men who came with the view to going to work shearing. The continued cold weather has delayed the work of shearing and it is said that much of the early fruit is killed. It is much warmer today and from every indication shearing will commence in earnest within a few days.

PAUL DE LANEY HERE.

Will Write a Series of Special Historical and Industrial Articles for the Daily Journal.

Paul DeLaney, formerly editor of the East Oregonian, but now connected with the Oregon Daily Journal, arrived in the city this morning. Mr. DeLaney will spend a month or more in Eastern and Central Oregon, writing a series of special articles for the Journal. For the past six months Mr. DeLaney has furnished the Journal regular articles and stories on the range districts of the Inland Empire and has done some valuable work in introducing the great "unexplored" interior of Oregon to the public. He will spend a few days in Pendleton before departing into the Central Oregon districts.

Tramps Released.

The two tramps whose detention here for a week or two has been due to the charge of sodomy, have been discharged from custody on the motion of Prosecuting Attorney Hailey, who became convinced not only that the two men could not be convicted, before any jury of the charge, but also that they actually were not guilty. Mr. Hailey considered the evidence wholly insufficient and unreliable, and gave the men the presumption of innocence.

Wheat at Fulton.

E. P. Shafer and H. J. Taylor, of Fulton, state that the wheat is generally a good stand, but that on account of the protracted cold nights it is small. They aver that the wheat looks the least promising from the city northward and northwestward for a few miles, than farther away. The fruit trees in that neighborhood are in good condition.

Enjoy Life

SPRING WHEAT DAMAGED.

Seed Blown Out of the Ground at Eureka.

The spring wheat crop in the Eureka Flat country, especially where sown in the lighter soil, was considerably damaged by recent high winds prevailing there, says the Union. Seed sown in the sandy soil was blown out of the ground and will have to be resown.

Such is the report made by John Sleeman, of Eureka Junction. Winter wheat, he says is growing under most favorable conditions.

Walla Walla Art Student.

Joseph Lutcher, the young Walla Wallan studying dramatic art at the Stanhope-Wheatcroft Dramatic School of New York, continues to receive favorable mention in the leading dramatic papers of the big town. His recent work in "Old Acre Folk" is favorably criticized by the New York Dramatic Mirror. Mr. Lutcher is a brother of Byron Lutcher, of this city. He has been in the East about six months.—Walla Walla Union.

STATE OF OHIO,)
CITY OF TOLEDO,) ss
LUCAS COUNTY,)

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. F. J. CHENEY & CO., Toledo, O.
Sold by all druggists, 75c.
Hall's Family Pills are the best.

The Jolly Dozen wish to announce to those holding invitations, that the next dance of their series will be given Monday evening, April 13.

Purity Of Our Drugs

That's the point we are trying to impress on the public mind. When a clean, pure drug stock is spoken of we want that to refer to our store. We're doing all we can to merit that title. It's the main point of our business. We think about it and talk about it all the time. Bye and bye you'll hear this in mind if you haven't already. There is no extra charge for this purity. Together with accuracy it's our inducement for your prescription trade. We are careful and prompt with mail orders

INDIGESTION

is the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. **Acker's Dyspepsia Tablets** will make your digestion perfect and prevent Dyspepsia and its attendant disagreeable symptoms. You can safely eat anything, at any time, if you take one of these tablets afterward. Sold by all druggists under a positive guarantee. 25 cts. Money refunded if you are not satisfied. Send to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y.

A Bad Wreck

But not so bad as it might be, nor so bad but what it can be thoroughly repaired by us, as skill and experience, good workmanship, new paint and varnish can do wonders. A good vehicle is always worth repairing if it is repaired right, and that is what we always do. And furthermore our prices are very moderate.

Our Winona wagons are the easiest running wagons on the market. The outer bearings, blocks and steel clad hubs make them indestructable in this climate. Our hacks are made by the same firm and are guaranteed to be the best made. Call and see our buggies. The Syracuse Plow handled by us is the slickest thing in earth.

NEAGLE BROTHERS
We sell and guarantee the Stover Gasoline engines.

CATARRH A COMMON COMPLAINT

Catarrh begins with a stubborn cold in the head, inflammation of the membrane or lining of the nose, discharge of mucus, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop into the throat and stomach, and the blood becomes polluted and system contaminated by the catarrhal poison, then the sufferer begins to realize what a disgusting and sickening disease Catarrh is. It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

I had a continual headache, my cheeks had a purple, my nose was always stopped up, my eyes had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and commenced to use it and after taking several bottles I was entirely cured, have never since had the slightest symptoms of the disease.
Miss MARY L. STUBBS,
Northwest Cor 7th and Felix Sts., St. Joseph, Mo.

S S S

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

Sharples Tubular Dairy Cream Separator

Beats them all for close skimming and easy running, no disc or bowl complications whatever

The closest skimming and easiest running Separator yet produced, securing under the most adverse circumstances as rega'd to quality, condition and temperature of the milk, results heretofore considered impossible. It delivers a smooth, frothless, perfect cream that will churn out more butter than can be obtained from any other Separator in existence. Can be thoroughly and completely washed inside of five minutes, as there are only three pieces to the bowl.

The Sharples Tubular machines are the most simple and durable made, and can be maintained at a less cost for oil and renewal parts than any other Separator on the market.
