Andrew Carnegie Is Sure Time Will Bring About Union of the Three, Insuring the Peace of the World.

Andrew Carnegie is quoted as saying in his reply to an invitation to attend a demonstration of Canadian-born persons from all parts of the continent, to be held in July:

"Any such movement as that which you describe moves me deeply. The oftener people of the old home and the new gather together, and the better they know each other, the sooner will come that day, which I am certain is to come, when they will be united and insure the peace and prosperity of the world. That the people of Canada and of Great Britain are to remain divided, talking of boundaries and military forces on one side or the other; to protect one from the other, is not to be thought of. Some day they will come together and move together in all international affairs. Indeed, they will not be different nations. They will be one politically, as they are one racially."

PROGRESS AT THE HIGHLAND.

Neil J. Sorensen Tells of the High Grade Ores Now Being Uncovered.

The lead recently crosscut in the Glasgow claim of the Highland property shows a body of high grade milling ore 16 feet between the walls, on the west end line of the Glasgow, and near the east end line of the Bannock Burn, says the Miner. It is all solid ore of a good milling quality. The company is now turning to drift on the vein in order to get under the richer bodies which have been uncovered on the surface, and which have been thoroughly demonstrated to exist throughout the entire length of the Bannock Burn claim. The property is showing up in fine shape.

When asked as to the quality of shipping ore, a member of the firm of Neil J. Sorensen & Co., financial agents for the Highland, said:

"We have ores carrying surface values in gold alone which we can ship to any smelter in the United States with the full assurance that they will bring rich returns to the company. We have had assays from surface croppings running as high as $1000 to the ton. As to milling ore, of course you understand that we consider large bodies of greater value than smaller streaks of exceptionally high grade stuff. In this direction the company is especially fortunate since its ore bodies have been proved to be of enormous extent."

STRONG TESTIMONY.

This is Pendleton Testimony and Will Stand Investigation.

If you should doubt the following and wish to investigate, you haven't to go to some other state in the union to prove it. It's not a long story published in Pendleton newspapers about a resident in Kalamazoo, Mich., or Tampa, Fla. It's about a resident of Pendleton and given in his own words. No stronger proof can be had.

H. A. Thompson, retired, who lives on Stonewall Jackson street, says: "My kidneys troubled me by spells for 10 years, and at such times with a steady dull aching across my back. I used large quantities of various kinds of medicines said to be good for it, but they never benefited me enough so that I could notice it. Finally I got a box of Doan's Kidney Pills at the Brock & McComas Co. drug store and I found them to be just what I needed. They went right to the spot and not only relieved my backache, but cured it permanently. I will be only too pleased to tell others about the merits of this remedy."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Freedmen Cases Come Up.

Washington, D. C., April 13.—The Chickasaw freedmen cases, which have attracted much attention, came up for argument today before the court of claims. There has been a long-standing controversy over the relations of the freedmen to the Indians of the tribe. The present law provides that each freedman in the allotment of the property of the tribe is entitled to a homestead of 40 acres. The Chickasaws contend that this property, if taken from their lands, should be paid for by the government. This is the question to be decided in the case now before the court.

Tillman Case up for Trial.

Columbia, S. C., April 13.—The court room was filled to overflowing today when the case of James H. Tillman, charged with the killing of N. G. Gonzales, editor of the State, was called for trial. More than 150 of those present were persons who have been summoned as witnesses. Both sides were represented by eminent counsel and the case promises to be one of the most noted in the criminal annals of South Carolina.
