OFFICERS ELECTED

STANDARD-CONSOLIDATED MINING COMPANY ORGANIZES.

T. C. Taylor is President and Dr. Edward W. Mueller, of Sumpter, General Manager and Secretary.

Last night the Standard-Consolidated Mining Company of this city, completed organization by electing a full set of officers, as follows:

T. C. Taylor, president; Zoeth Houser, vice-president; Dr. Edward W. Mueller, of Sumpter, general manager and secretary; C. B. Wade, treasurer; Elmer E. Cleaver, auditor, and T. C. Taylor, Sam P. Purdy, of Weston, Frank Richet, wholesale grocer of Portland, E. E. Cleaver, Ed W. Mueller, F. L. Forbes and Zoeth Houser, directors.

The company is organized under the laws of Arizona and is capitalized at \$5,000,000, one-half of which is in the treasury.

Stock is now on the market and the sales have started with very flattering prospects. At last night's meeting over \$200,000 worth of stock was purchased.

Development work on the property will begin immediately. The snow has now disappeared on the ground, but the roads leading into the district are in very bad condition yet. Dr. Mueller, the general manager and secretary will reside in Sumpter, where an office will be opened. Headquarters for the company, however, will be located and permanently maintained in this city.

There is now more than enough ore blocked out in this famous property, than will equal the value of the stock offered for sale, according to reports of expert mining men who have examined the holdings.

One of the most important features of the property is that the greatest ore bodies lie above the tunnel levels and can all be stepped down, for some 1200 feet, making the cost of operation very light.

The new company starts out with bright prospects and the Standard-Consolidated, with its 25 rich claims, promises to develop into one of the best properties in that famous district of which Sumpter is the hub.

Pleased With Pendleton.

A North Carolinian, one of the 20 or more from that state who have settled here within the past month, was doing business the other day with Dr. Garretson, and referred to the unfailing cordiality with which he and his fellow immigrants from North Carolina had been treated since they came here. He said: "People here act as though they are pleased that we came here, and put themselves out of the way to show us the town and the country and explain things. What's more, we are not robbed in the purchase of things, as we were all the way out and were led to believe we would be after arriving here."

Cannot Recover.

All hope of recovery has been abandoned in the case of Lou Reynolds, and he will be brought home from Walla Walla to die. This brave boy has withstood his great suffering with unflinching fortitude and deserves to live, but death knows no discrimination. Since the amputation of one leg, bone tuberculosis has appeared in the knee joint of the other.—Weston Leader.

Badger Mill Running.

Susanville, April 14.—The mill at the Badger mine, Susanville, is now running full head. The tunnel to the main shaft will be completed in a week or so and then the tramway will be done away with, the ore being brought out at the mill instead of hoisting several hundred feet to the top of the shaft, which has been a great inconvenience and expense.

Senator Ankeny at Home.

Walla Walla, April 14.—Senator and Mrs. Ankeny, accompanied by the senator's private secretary and his wife, returned yesterday morning from Washington. Senator Ankeny has fully recovered from a recent attack of the grip and is looking the picture of health.

Amalgamated in Session.

Columbus, O., April 14.—More than 200 delegates were present when the annual convention of the Amalgamated Association of Iron, Steel and Tin Workers was called to order today. President Theodore Shaffer presided. The morning session was occupied with the appointment of committees and other routine preliminary work. Tomorrow the reports of officers will be read, and on Thursday the wage committee will make its report, which will be the principal subject of discussion thereafter. The delegates present represent directly some 100,000 workers, but a half million employes of the iron trades are actually governed by the decisions of this body.

Women M. D.'s Meet.

Sioux City, Ia., April 14.—The state Society of Medical Women, the only organization of its kind in the United States, began its annual convention in Sioux City today. The program occupies several days and calls for a series of professional papers including a discussion of the prevention of insanity, manual training in public schools, and the duty of physicians to disseminate information. The president of the society is Dr. Jessie V. Smith, of Winterset, and the secretary is Dr. Mary Breen, of Le Mars.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at Tallman & Co.'s drug store.

It is stated that the grip microbe is only sixteen one thousandths of an inch in length, and it might be added that it can give the industrious ant cards and spades in the game of being "busy."—Kansas City Journal.

Purity

OF

Our

Drugs

That's the point we are trying to impress on the public mind. When a clean, pure drug stock is spoken of we want that to refer to our store. We're doing all we can to merit that title. It's the main point of our business. We think about it and talk about it all the time. Bye and bye you'll hear this in mind if you haven't already. There is no extra charge for this purity. Together with accuracy it's our inducement for your prescription trade. We are careful and prompt with mail orders
