Will Raise But 50 Per Cent.
Reports from the lambing camps in Gilliam county thus far indicate that the increase this year will be far below the average of former seasons. One sheepman remarked the other day that he would do well if he raised 50 per cent of the lambs, while another avers that 17 per cent will be about the average raised this year. This means that the loss will be larger than usual owing to the cold spring weather chilling the lambs and retarding the growth of the grass. The ewes are rather weak.—Condon Globe.

New Engines Arrive.
Three more new engines for the O. R. & N. have arrived at La Grande. Two of them, Nos. 310 and 311, are big freight engines of the compound type. The third engine, No. 27, is a simplex, and is to be used for switching purposes. They came disconnected and will be set up in the shops at La Grande. The freight engines will go into service in this district and the switch engine will be sent to the Umatilla yards.

"The Resurrection."
Toistol has written many dramatic books on the wrongs imposed upon the helpless, but none are more touching than the "Resurrection." The dramatization by Chase is said to be faithfully true to the story and Pendleton theater-goers will be given an opportunity to witness the production of this masterpiece tomorrow night, April 15, at the Frazer.

Few Locating at Echo.
O. H. Horton, of Colfax, is in the city en route from Echo home. He notes a sudden cessation in the immigration into the Echo country of late. About 20 people from Colfax and vicinity fled on government land in the irrigation district since the government survey began.

"Father," said the youth, "what is your understanding of the saying, 'The race is not always to the swift'?" "Practically, my son," replied the wise father, "it means that in the race for life the fast men don't usually come out ahead."—Philadelphia Press.

HUNZIKER
THE PROGRESSIVE JEWELER

California Olive Oil We have just received a fresh supply of California Olive Oil. We get this direct from the growers in Southern California. This Oil is absolutely pure. You can prove this to your own satisfaction if you will notice the very perceptible olive flavor. It tastes just as the olives do. It is impossible to counterfeit this flavor and it is not found in any oil which has been adulterated to any considerable extent, because cottonseed oil and other adulterants are practically tasteless.

75c PINT OR \$1.25 FULL QUART BOTTLES
Use Olive Oil for every kind of frying or wherever you use butter or lard.
Most people, no doubt, consider Olive Oil too expensive for ordinary use, but it is not, as a quart of oil is equal to about two pounds of butter.
Shall be pleased to show you our oil.
