RIDGE AND VICINITY

THUNDER STORM LAST WEEK BURNT OUT PHONES

Farmers Through Their Seeding—Grain Looks Well—Warm, Cloudy Weather—Personal Notes.

Ridge, April 25.—G. W. and L. A. Linsner moved their herd of cattle to their John Day range a few days ago. J. S. Cherry, of Pilot Rock, was around assessing last week. He reports as many as 16 poll tax payers working for the J. E. Smith Livestock Co., of Bear creek. This is a good start out for a young army.

The thunder storm a short time ago melted out the phone of W. O. Owings, so as to prevent conversation a short time but he had it repaired immediately. W. E. Baker replaced some posts and repaired the main line a few days ago.

All, or most all the people are through seeding. Some are summer fallowing and others breaking sod. Grain looks well, except from the need of a little rain just at present.

We have had warm, cloudy weather most of the week, with a small rain fall last Tuesday night; grass is growing nicely, grain is coming up in apparently good condition and everything seems all right except it being a little too dry and warm. Thermometer registered from 38 to 72 all week and prospects for a continuance of dry, hot weather for awhile.

Mr. and Mrs. P. E. Fletcher were visiting friends and relatives around Nye last Sunday.

John Brown, the Pendleton hide buyer, was transacting business in this part a few days ago.

William Fletcher of Nye was a guest of his sons at Ridge last week.

The Simonton brothers were transacting business in Pendleton a few days ago.

Mrs. Frank Kopp and family, who have been living in Pendleton all winter have returned home.

William Simonton and family, of Gardane, are at present living in this part.

Mrs. F. L. Hoskins, of Colville, Wash., is visiting with her parents, Mr. and Mrs. Simonton.

It is reported that one of William Fetter's young teams ran away a short time ago and demolished a fine plow.

Ed Chapman, of Vinson, was a visitor in this locality a few days ago.

Mrs. E. M. Hoffman, of Pendleton, was visiting her daughter, Mrs. M. E. Fletcher, a few days ago, and now Mr. and Mrs. Fletcher are visiting with her at her home in Pendleton.

Our school began this week with Miss Elizabeth Warner, of Pilot Rock, as teacher.

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ballroom—a man's black dress coat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Newbro's Herpicide kills the hair-destroyer germ, and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; pleasing in color, and cooling to the scalp.

MISS STONE.

Will Speak Tonight at the Christian Church of Her Experiences in the Balkans.

Miss Stone is an entertaining speaker, has a clear open way of addressing her audiences and is not confined at all to manuscripts. She speaks in no uncertain words of the cowardly robbers, who took two women to the mountains for a ransom, and brought home to her hearers much of the horror of the six months of trouble, yet she says, at the same time, she found even among those men a feeling of humanity and a sympathy for their captives in their most sorrowful days. With many little pictures, dramatic and heart-touching, the story of the capture is told, while her hearers listen attentively to every word.

Acker's Blood Elixir positively cures Chronic Blood Poisoning and all Scrofulous affections. At all times a matchless system tonic and purifier. Money refunded if you are dissatisfied. 50c and \$1.00 F. W. Schmidt & Co., druggists.

Stay at Home.

We are going to have a great May day celebration and every one should stay at home and help everyone else to have a good time. The May pole will be wound, three bands will play and Mayor Halley will dispense eloquence to the rhythm of the music.

In the afternoon there will be a ball game whether or no. If Pendleton connects with the league, Colfax will come down and try to carry away the honors of the day; but if the city stays out of the league a game will be played between the Indians and the negroes of the town. Either way there will be a game and a celebration that it will pay to attend, and all Pendleton will be sure to put away the cares of business and the worry of domestic life and whoop it up.

Captain Boyd Dead.

The Captain Boyd, who is mentioned below, is a first cousin of Colonel E. D. Boyd, of this place, and is well known to many citizens of this place. The dispatch is taken from the Richmond, (Va.) Times-Dispatch of April 16:

Wytheville, Va., April 16.—Captain Charles R. Boyd, a noted mineralogist died today in Nelson county, Virginia, where he suffered a stroke of paralysis a few days ago. Captain Boyd was a son of the late Colonel Thomas J. Boyd, known as the "Father of Wytheville." He was a captain of engineers during the civil war. He leaves his wife, who was a Miss Spiller of Wytheville, and three children—Charles R. Boyd Jr., and Miss Cornelia Boyd, of Wytheville, and Mrs. R. R. Iron, of Mississippi. He had been a noted mineralogist and metallurgist in his day, and made topographical and mineral maps of many of the counties in Southwest Virginia. He was the author of many well known works on mineralogy. He was 63 years of age. He will be buried here.

Arguments for Good Roads.

Speaking then, only of the money side of the question, it would seem that all must agree in the following reasons for good roads, bringing dollars and cents into the farmers' pocket. A good road will:

1. Economize time and teams in transportation between farm and market.
 2. Enable farmers to take advantage of market fluctuations in buying and selling.
 3. Permit transportation of farm products and purchased commodities during times of comparative leisure.
 4. Reduce wear and tear on horses, harness and vehicles.
- Enhance the market value of real estate.

BLOOD HUMOURS

Skin Humours, Scalp Humours, Hair Humours,

Whether Simple Scrofulous or Hereditary

Speedily Cured by Cuticura Soap, Ointment and Pills,

When All Other Remedies and Best Physicians Fail.

COMPLETE TREATMENT, \$1.00.

In the treatment of torturing, disfiguring, itching, scaly, crusted, pimply, blotchy and scrofulous humours of the skin, scalp and blood, with loss of hair, Cuticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional humours, such as bad blood, scrofula, inherited and contagious humours, with loss of hair, glandular swellings, ulcerous patches in the throat and mouth, sore eyes, copper-colored blotches, as well as boils, carbuncles, scurvy, sties, ulcers and sores arising from an impure or impoverished condition of the blood, yield to the Cuticura Treatment, when all other remedies and methods fail.

And greater still, if possible, is the wonderful record of cures of torturing, disfiguring humours among infants and children. The suffering which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for the skin and blood. Infantile and birth humours, milk crust, scall head, eczema, rashes and every form of itching, scaly, pimply skin and scalp humours, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies suitable for children, and even the best physicians, fail.

 - 8-qt. granite tea kettle, each, 73c
- Everything else at corresponding prices

OWL TEA HOUSE

THE BEST MANUFACTURING COMPANY STEAM AND HORSE POWER COMBINED HARVESTERS

As McCormick was the original inventor of the reaper and header, so was "Best" the original inventor of the first successful Combined Harvester.

We wish to call the attention of our friends who contemplate purchasing a Side-Hill Combined Harvester the coming season, that we are still in the lead in the way of improvements, in harvesting machinery, and which our farmer friends have rightfully named the "KING OF THE FIELD." After watching its work in the field the past sixteen years, and for the season of 1903 it will be still better, as we have made a number of valuable improvements.

- The MACHINE is the strongest and most durable made.
- IMPROVED DRIVE WHEELS—5 feet 4 inches high, 22 inch tire.
- RUNAWAYS—are a rare thing with us. There is a brake on main drive wheel, which is controlled by the driver.
- HEADER—is driven independently from the grain wheel of separator, and is arranged with a clutch for throwing in and out of gear when turning corners.
- THE SEPARATOR—We wish to call your attention particularly to the separating qualities of our machine. We claim that no other combined harvester on the market can in any way compare with it for speed and thoroughness of work, in all kinds and conditions of grain, and will require less team to operate it.
- AUTOMATIC GOVERNOR—Our patent wind governor on the fans governs the blast so that at any speed at which the harvester may be traveling, the wind is automatically regulated and prevents clogging the shoe and carrying the grain over in the straw.

We take pleasure in inviting you to call on Temple & Wilcox, Pendleton, and make a personal inspection of each and every part of our machines before placing your orders. Every machine warranted to do all we claim for it and to be first-class in every respect.

TEMPLE & WILCOX, Local Agents
