GENERAL NEWS.

Israel Bent and his wife were found dead in their home at Lincoln, Mass., Monday, under circumstances which suggest murder and suicide.

Josiah E. Lynn, at one time one of the richest men in this country, and a former partner of Jay Gould, died Tuesday in the county poorhouse at Washington, N. J.

Hartnett Stafford, of Brookline, Mass., Monday shot and slightly wounded his landlord, Stillman Bishop, because the latter had begun suit to dispossess him.

The decree lately issued by President Castro, defining the duties and rights of foreigners in Venezuela, is most drastic and excites great exasperation among all European residents.

B. B. Stafford, of Cadillac, Mich., a deputy game warden, Monday shot and killed Chris Mechain, who with his son and three other men were resisting arrest for catching fish out of season.

Judge Kilpatrick, of the United States supreme court, in New York, Monday ordered the receivers of the American Bicycle company to accept the offer of \$3,000,000 made by the reorganization committee.

The indictment of Captain Sam Boyd, of the St. Louis police, charging him with willful neglect in allowing dens of vice to exist in his district, was quashed yesterday by Judge Moore. The state will appeal.

Two more bodies, almost entirely consumed, were found Monday in the ruins of the Northwestern Star Oil company's plant at Minneapolis. All the ten known victims of the explosion and fire are now accounted for.

PACIFIC NORTHWEST NEWS.

Artesian water, a heavy and powerful flow has been struck at Hybelos, near Tacoma, at a depth of 70 feet.

Mrs. Adelaide Smith has been arrested in San Francisco and taken to Seattle, where it is said she obtained large sums of money under false pretenses.

The assessors of the counties along the O. R. & N. will meet at Arlington tomorrow to agree upon a uniform basis of assessment of that company's property.

The Montana clubhouse at Helena, costing \$100,000, has been burned.

The Quartzburg consolidation, which represents \$5,000,000, has nearly completed a large smelter at Sumpter.

Theodore Odenthal, a wealthy and apparently educated farmer near Salem, hung himself with balling wire wrapped three times around his neck, and with his knees resting on the floor.

Mayor Williams, of Portland, urges the master builders and painters of that city to meet with the Building Trades Council for a possible arbitration of their difficulties. The latter organization took the initiative.

E. H. Harriman, president of the Southern Pacific, announces that a new line of Pacific transports, sailing from San Francisco, will divide the Occidental trade with the Northern Pacific and that "Seattle will never get the lion's share of that business."

NEWS FROM ECHO

CITIZENS EXCITED OVER PROPOSED SAFE CRACKING.

Furore Also Caused by a Case of Supposed Smallpox—Mr. Odom Dangerously Ill With Pneumonia.

Echo, Ore., April 28.—Doors were doubly barred and a siege of blockade maintained in every business house and nearly every residence here last night. A telegram was received from a prominent official that he had been made "wise" as to a proposed effort to crack the safe belonging to the Echo mills. Word was quietly passed around to keep a lookout for suspicious characters. Finally it reached the ears of some of the women and pandemonium broke loose. Old rusty guns were brought from their dust-covered recesses, oiled, primed and loaded and preparations made to entertain the mighty visitor with screams and the booming of fireworks. The supposed guest failing to arrive it was interesting this morning to note the number of people who thought they had the laugh on someone else.

Another furore of excitement was caused this morning when a Mr. Harrows came riding into town with his face and hands broken out with a well marked case of smallpox. As it usually is the case there is a difference of opinion in regards to the matter, some claiming it is smallpox and others that it is not. To say the least and without attempting to enter the discussion in regard to smallpox, it is entirely safe to say that the young man has some contagious disease and should be promptly quarantined.

Dr. Smith was called down yesterday from Pendleton to see a young son of Mr. Odom, who is dangerously ill with pneumonia. Dr. Smith was accompanied by Druggist Talman, who came down to shoot some jack-rabbits.

John T. Whistler, who is to take charge of the geological survey that has been in progress here for the past three months by the federal government, came down today to begin operations. It is said that he will put to work two crews of men on permanent work in a few days.

Ralph Stanfield, who is doing the assessment work in this vicinity for Assessor Strain, says that he will finish his work here by the last of the month.

D. C. Brownell came up today from his work on his ditch below here. He says he is now through with his rock work and only has now to cut a distance of about 1½ miles until he will be ready for irrigation. This will be all the way in dirt. He has come home to remain till after hay harvest when he will return and finish his ditch.

W. C. Bradley, of Portland, was here yesterday. He expressed himself as delighted with this climate and thinks he will locate here.

Echo Land & Lumber Co. is doing a rushing business in lumber as they are unloading a car every few days. The finance committee on Fourth of July celebration reports grand success. A meeting for final arrangements is called for next Monday at 7:30 p. m.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite growing weaker day by day. Three physicians had given me up. Then I was advised to try Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at Tallman & Co.'s drug store.

Woodmen, Attention!

The O. R. & N. Co. will make a rate of \$1.00 for the round trip from Pendleton to Walla, on occasion of Log-Rolling at the latter place. Tickets on sale May 1st, good for return on May 3rd.

Purity Of Our Drugs

That's the point we are trying to impress on the public mind. When a clean, pure drug stock is spoken of we want that to refer to our store. We're doing all we can to merit that title. It's the main point of our business. We think about it and talk about it all the time. Bye and bye you'll bear this in mind if you haven't already. There is no extra charge for this purity. Together with accuracy it's our inducement for your prescription trade. We are careful and prompt with mail orders.

Sharples Tubular Dairy Cream Separator

Beats them all for close skimming and easy running, no disc or bowl complications whatever

The closest skimming and easiest separator yet produced, securing under the most adverse circumstances a regular quality of milk, and temperature of the milk, heretofore considered impossible. It delivers smooth, frothless, perfect cream that will out more butter than can be obtained from other Separator in existence. It is thoroughly and completely washed inside of the separator, as there are only three pieces to be washed. The Sharples Tubular machines are the simplest and durable made, and can be made at a low cost for oil and renewal parts. For catalogue, address
