Healthful

No Hills to Climb

To the Public

COLE'S ADDITION to the CITY of PENDLETON

is now on the market; straight warranty deeds to all purchasers. The abstract is extended to the present owner, and has been passed upon by an attorney, and his certificate attached showing the title to be absolutely perfect.

This ADDITION is but SEVEN BLOCKS from the MAIN STREET BRIDGE. The easy grade of JACKSON STREET extends to the elevation of this addition, overlooking the entire city. It is just the place for an ideal home, and you will make no mistake if you secure a lot or a whole block at once, for the growth of the past and the present warrant our assertion that the NORTH SIDE is the COMING RESIDENCE PORTION of PENDLETON.

Parties desiring to look over the addition will be furnished free transportation by cab or carriage upon application at this office.
