Still Unsettled.
Last Saturday a meeting of the electors of the Bend school district was called for the purpose of voting a bonded indebtedness of \$1200. After the meeting was called to order a question in regard to previous acts of the school board was raised. Words flew back and forth, and the meeting finally broke up in a general row, leaving the bond question still to be settled.—Bend Bulletin.

Fooling With Uncle Sam.
Thursday's stage, going toward Prineville, brought about two weeks' mail, which the postmaster at Silver Lake refused to handle, and dumped it off at the Deschutes postoffice. The order stated that the Silver Lake office should handle no mail from Crook county until all danger of smallpox was over.—Bend Bulletin.

NEXT PAYMASTER-GENERAL.

Great Scramble for a Lucrative Appointment.

Washington, D. C., May 5.—The term of Paymaster-General Kenny of the navy expired today and he was placed on the retired list on account of age. His successor will not be chosen until the president returns in June, but already there is a lively scramble for the place. The action—almost without precedent—of the Pennsylvania legislature in recommending the appointment of Pay-Director James N. Speer, of that state, is believed by prominent officers of the department to militate against rather than to promote the chances for that officer to secure the coveted honor. Pay-Directors Hobbs, Harris and Boggs, and Pay-Inspectors McDonald and Mudd are the men now most prominently mentioned for the succession. The detail is for four years, and as Directors Hobbs and Harris have only two years to serve before reaching the retiring age, they may be passed over for a younger man. The position of Paymaster-General of the Navy is one requiring experience in the naval service, business qualities of a high order, executive and administrative abilities, and individual force and tact.
