San Francisco Is Preparing for Reception That Will Outdo Any Former California Function

San Francisco, Cal., May 7 .- San Francisco is making the most elaborate arrangements for the reception and entertainment of President Roose velt next week. velt next week. The program in some respects will resemble that car-ried out at the time of the late Pres-ident. M. Fine. ident McKinley's visit. The latter, however, came to attend the launching of the battleship Ohio, and this event was necessarily the chief feature of the program. With the visit of President Research the care less than the chief the chief the chief the care less than the chief the chie ure of the program. With the visit of President Roosevelt the case is different and the entire time of his stay in the city will be given over to features of entertainment. From preparations now going on it is safe to assert that the city will be illuminated as never before. Great arches of artistic design will span the chief thoroughfares of the business district and the streets everywhere will be strung with varie-colored electric bulbs

There will be a military parade on a gigantic scale and a big reception so that all may see the president. On Wednesday the speech to the people of California will be given and the occasion will be marked by a magnifi-cent display of fireworks, The Grand Army will hold their annual encamp-ment here during the week. This will ment here during the week. This will bring many visitors to the city from various parts of California and Nevada. Passenger officials of the rail-roads forecast one of the largest crowds ever entertained in San Fran-cisco.
