WORK FOR THE FAIR

DIRECTORS ASKED TO AID THE WOMEN.

Flag Raising and Sacajawea Statue Among the Principal Points of Discussion and Meeting of Committees.

Portland, May 9.—The women of Oregon are anxious that a women's building be provided at the Lewis and Clark Centennial Exposition. This fact was made evident yesterday at a meeting of representative women workers held in the parlors of the Perkins Hotel. When it was unanimously decided to ask the directors of the Lewis and Clark Fair to make an appropriation to cover the expense of erecting a women's building.

The meeting was well attended. There were 23 representatives of the women's clubs, both Portland and outside Oregon towns being represented. The meeting was intended merely as a conference of the leaders in the work, and the showing of strength was interpreted by those interested in the fair as a most favorable sign of the women's hearty co-operation.

Not only were members of the regularly organized Lewis and Clark women's clubs in attendance, but women who have been prominently identified with the Federation of Women's Clubs were also present. Not a word was spoken during the entire afternoon that indicated that there was any trace of factional differences between the representatives of different interests.

The suggestion for the erection of a woman's building came originally from the federated clubs. It was taken up yesterday and endorsed by the general conference. No plan of control was under discussion. The women advocated a building wherein could be displayed the products of women's work, and where also the women who will visit the Lewis and Clark Fair might rest or meet other women also in attendance, and spend a very profitable day in the building.

The plan for collecting an exhibit of the handwork of Filipino women was approved. This plan contemplates the form a part of the general display of work of the women of the Philippine Islands and placing one of their number in charge of the exhibit. Since the Philippines bear a close trade relation with Portland and other Northwest points, it is believed this would be a feature of the exhibition of women's work that would attract general attention.

The Sacajawea monument project was regarded in a favorable light. The women who met yesterday declared this monument should be erected near the women's building, and should form a part of the general display of women's work. An appropriation for the erection of the monument will be asked from the directors of the Lewis and Clark Fair.

The flag raising ceremony was discussed to a limited extent. It is proposed that the women of Oregon shall purchase and raise the first flag to be floated over the exposition grounds. Already the approval of the directors of the Lewis and Clark Fair has been secured. It is likely the women will make definite arrangements for securing the flag and complete other details of the ceremony at the coming convention of women's Lewis and Clark clubs to be held in Portland on May 20.

The exposition committee on ceremonies will have general charge of the flag raising ceremonies. It is believed that the flag will be raised over the grounds at the time ground is broken. It is likely some ceremonies will be observed at this time, and the women will be given a prominent place on whatever program is arranged for the occasion.

SEPARATE STARS IN FUTURE.

Nat Goodwin and His Wife, Maxine Elliott, Have Parted.

Cleveland, O., May 9.—With tonight's performance in this city, the firm of Goodwin and Elliott will dissolve, and husband and wife will follow the example of so many other married stars and each head a separate company. For more than six years the popular comedian and his talented wife have starred jointly and while their success, both artistically and financially, has been satisfactory, it is felt by both that the public demands their professional separation. Their experience in the matter is merely a repetition of that suffered by James K. Hackett and his wife, Miss Mary Manning, and other married couples who have attained popular favor behind the footlights.

Maxine Elliott will take a long rest preparatory to starring next season in "Her Own Way," a new play by Clyde Fitch. The latter part of the month she will sail for Europe. England and France will be visited, and in the summer, it is said, she will go as the guest of Emperor William and the Empress on a long cruise in the Baltic. Meanwhile Nat Goodwin and the company will keep on playing across the continent. Miss Elliott's part in the cast is to be taken by Florence Rockwell, formerly leading lady with Henry Miller.

HARD ON SHEEP.

The Past Winter Worst Ever Known in Idaho.

Edwin J. Burke, the popular wool buyer, representing Judd & Root, of Hartford, Conn., is in the city, says the Heppner Gazette.

Mr. Burke came in direct from Idaho, where he has been for the past month looking over the field in the interest of his firm. He was all along the Oregon Short Line, and says that prospects among the sheepmen this spring are not flattering.

The past winter in Idaho has been very severe, in fact, one of the worst seasons ever known, so far as it affected the sheep industry. Losses have been very heavy. It is conservatively estimated that the losses will average 30 per cent, almost one-third of the sheep in Idaho having died during the past winter.

COLONEL DEWEY DEAD.

Prominent Idaho Man is the Victim of Dropsy.

Boise, Idaho, May 9.—Colonel W. H. Dewey died of dropsy Friday morning at the Dewey Palace hotel at Nampa. He was 80 years of age, and a native of New York.

Colonel Dewey was one of the very prominent men of the state. He made a fortune in the mines in Silver City, and more recently developed the valuable Dewey mine at Thunder Mountain. He built two short lines of railway, one from Nampa to Murphys, the other from Nampa to Emmett. Another monument is his Nampa hotel, which was opened three months ago. It cost \$250,000. His estate is estimated at from \$1,000,000 to \$1,250,000.

Met After Half a Century.

J. L. Reel, of Oklahoma, I. T., arrived here last evening and was embraced by his brother, J. W. Reel, of this city, whom he had not sighted in 54 years, says the Baker City Herald. The brothers parted in Western Iowa in 1849, J. W. Reel coming West to try his fortune. It will be remembered the latter officiated for some time as pilot of the lone car which traversed the Baker City line until two years ago, when the old white horse and patient driver entered other vocations. The meeting between the brothers was indeed a happy one.

Scotsmen claim St. Patrick as a countryman, but it is not so well known that the erstwhile rebel ditty, "The Wearin' o' the Green," is claimed on behalf of a Scottish composer, James Oswald. The song is 150 years old if it is a day.

School Girls

Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. — LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

"Miss Pratt Unable to Attend School."

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months. "I recommend it to all young women who suffer from female weakness." — MISS ALMA PRATT, Holly, Mich.

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
