NEWS FROM ECHO

AUTOMOBILIST EN ROUTE FROM PORTLAND TO HELENA.

Immigrants From Texas—Prospectors From Portland—All Kinds of Business Active in and Around Echo.

Echo, May 8.—The object of absorbing interest here today is an automobile. Word was 'phoned in from Butter creek in the early morning that one had been sighted in that vicinity and that it was headed this way. A number of persons were watching for its arrival and it had hardly stopped when a curious crowd gathered to discuss its merits and hear its operator cuss its faults.

It proved to be F. E. Simons and Melvin Lowenfeldt, of Portland, with their 20-horse power Winton machine on pleasure bent. They had shipped from Portland to The Dalles and then launched boldly forth through the desert. They report having encountered rough roads, high hills, some sand and a slight mixture of dust.

They left The Dalles Wednesday, missed their bearing several times, broke a brake coming down the John Day hill and arrived here about 1 o'clock this afternoon with everything jogging along all right. But they are about as dusty and greasy as one can imagine. They pulled into the blacksmith shop for repairs to their damaged brake and departed on their way to Helena, Mont.

C. A. Fox, who was here about a month ago from Texas, came in again last night.

H. B. Cotton and J. P. Cronin, of Portland, are doing the town today.

H. C. Willis, the enterprising butcher, is getting ready to start his meat wagon on the road, where he expects to keep it all summer.

NEXT EXAMINATION.

Candidates for High School Will Be Examined May 20, 21 and 22.

County Superintendent of Schools Nowlin returned yesterday from a trip of inspection to the country schools in and around Bingham Springs. The schools in the country and mountain districts are just opening for the summer term. The attendance is good and larger than last year at this time.

Professor Nowlin reports it to be quite cold in the mountains at the present time. Friday morning he had to break the ice in the watering trough before his horse could drink.

The superintendent wishes to announce that the next examination for the eighth grade will occur on May 20, 21 and 22. All teachers wishing questions for this examination will please write the superintendent at once.

MONUMENT UNVEILED.

Memorial to Sailors and Soldiers of Civil War.

Media, Pa., May 9.—The handsome monument erected in the courthouse square here, to the memory of the soldiers and sailors of Delaware county who fought in the civil war, was unveiled today with interesting ceremonies and in the presence of a great crowd. Prior to the unveiling exercises there was a great parade in which the old soldiers and sailors of the county, the county companies of military, school children and civic organizations took part. Orations were delivered by Judge Isaac Johnson and Daniel Ashworth, speaking on behalf of the army and navy respectively.

The monument consists of a shaft 40 feet high, and rivals any of its design in the state of Pennsylvania. The shaft is surrounded by a concrete approach, 14 feet wide, in which are set two brass cannon captured from Spanish war vessels. The whole is enclosed with an artistic iron railing eight feet high.

The monument was erected through the joint efforts of the Grand Army posts of Media, Chester and Norwood.

COLLEGE MEET AT GALESBURG.

Athletic and Oratorical Contests Under Auspices of Knox College.

Galesburg, Ill., May 9.—Galesburg is today the mecca for high school students from all over Western Illinois, the occasion being the third annual interscholastic declamatory and athletic contests under the auspices of Knox College. In the athletic contests this afternoon the crack athletes of Peoria, Moline, Rock Island, Princeville, Monmouth, Rockford and a score of other cities and towns will be seen at their best. The program comprises the events customary in scholastic meets of the kind. This evening the budding young high school orators will have their innings and this feature of the meeting is attracting much attention. The contestants will include one orator from each high school embraced in the association and to those making the best showing in their declamatory efforts handsome prizes will be awarded.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure all chronic and other blood poisons. According to a famous musician about 50 per cent of the German nation understand music.

MONEY AND BONDS PROFITABLE

Nearly Fifty-Four Millions in Profit for Present Month.

New York, May 9.—Disbursements of dividends and interest to investors during May will amount to approximately \$53,900,000, as compared with \$53,700,000 in May a year ago. The year has been one of large bond issues and during the last few months several important railroad companies have made additions to their capital stock. But few of the additional bond issues pay their interest in May and much of the new stock has not been issued long enough to share in the distribution of dividends. The Pennsylvania and the Northern Securities Company will make the largest dividend payments among the railroads and that of the former is much the greater. These are only railroad companies paying out over \$1,000,000 in dividends. In interest on bonds, only the Chicago & Northwestern will pay out over \$1,000,000. The increase in industrial dividends is partly offset in the total by the disappearance of a few large companies such as form the list of dividend payers since last May.

PRIMARY IN KENTUCKY.

Innovation in State Elections in Blue Grass State.

Louisville, Ky., May 9.—The democrats of Kentucky are holding a primary election today for the choice of candidates for the nine state offices to be filled at the election next November. The primary is an innovation with the party in this state, conventions having always been held heretofore. A number of party leaders have expressed views in opposition to the new plan and the outcome is awaited with interest. Governor Beckham, having been declared by the courts to be eligible to re-election, will in all probability head the ticket, although he is not without opposition.

AN AVERAGE WOOL CROP.

Not Much Doing in Wool Market—Buyers and Sellers Apart.

Oregon in 1902 with 2,000,000 sheep produced 17,000,000 pounds of washed and unwashed wool. The average value per pound scoured on October 1 was 50 cents as compared with 42 cents on the same date in 1901. The total value of the wool product of the four Pacific states last year was as follows:

Oregon, \$2,550,000; Idaho, \$2,896,875; Washington, \$572,272; California, \$1,920,922.

To Break Twine Trust.

The convicts of the Kansas state penitentiary are to be employed in the manufacture of binding twine to relieve the farmers from the grinding oppression of the binding twine trust. Last year the trust fixed the price arbitrarily at 11 and 11 1/4 cents per pound at Kansas City. This year its prices are 10 1/2 and 10 1/2 cents. The state manufacturing plant in the penitentiary at Lansing is to offer twine at 9 1/2 and 10 cents. Kansas is thus adopting the same policy in regard to this binding twine combine that California adopted many years ago when the jute mill was installed at San Quentin to break up the jute bagging ring.—Exchange.

WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin Diseases, Says It's a Germ.

The old idea was that dandruff is scales of skin thrown off, through a feverish condition of the scalp is exploded. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and causes a luxuriant growth. Delightful hair dressing. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.
