INDIANS OF ALASKA

DISAPPEARING ON CONTACT WITH WHITES.
Little Hope for the Perpetuation of the Native Races — Civilization Drives Them Before It, or Kills Them.

Washington, May 12.—Dr. Sheldon Jackson, of the bureau of education, who has done so much for the relief of the natives of Alaska, both in an educational way and through the introduction of reindeer for their use, recently delivered an address in this city before the National Indian Association, in which he referred to the deplorable condition of the natives of Alaska, particularly in sections where there has been any considerable advent of white men.

"The discovery of gold in Alaska means almost the entire destruction of the aboriginal system and race in that territory," said he. "In the last six years one-half of the entire native population in the sections where the gold has been discovered has passed away. The intemperance and immorality which have accompanied the advent of the whites to the section have been communicated to the natives, with the effect that they have become more susceptible to disease, and they have died like flies.

"There is very little hope for the native race in Alaska, excepting those who are under the direct influence of the Christian missionaries." He told of the inhuman practices that obtained among some of the native tribes of Alaska, such as a son killing his aged mother at her request, and parents taking the lives of their infants, in order that there would be fewer mouths to feed and thus lessen the burden of their existence.

Speaking of the more hopeful aspects of the situation, Dr. Jackson said that for the past four years in the fields where missionaries have been at work there has been a notable revival of the Christian religion, and that the people showed a tendency to embrace Christianity and renounce their barbarous customs and religion. The country is in need of consecrated Christian teachers, he said, and he is hopeful of an increased number of missionaries being sent to Alaska in the near future.

A SAN FRANCISCO PHYSICIAN

Uses Herpicide Successfully in Treat-
ing Sycosis of the Beard.
He says: "I recently treated a case of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."
(Signed.) Melville E. O'Neill, M. D.
845 Howard St.,
"San Francisco, Cal."

Herpicide kills the dandruff germ and causes the hair to grow abundantly. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

In Memory of M. Severo.

Paris, May 12.—The "Pax" disaster, which occurred one year ago today and in which M. Severo, the Brazilian aeronaut, and his assistant, Saché, met their death, was commemorated today by the unveiling of a memorial tablet placed on the house on which the balloon fell. The tablet, which was provided by the Paris municipal council, bears an inscription relating the circumstances of the disaster.

The business of the meeting will occupy two days and will be transacted under the supervision of Great Sachem John T. Abney, of Columbus.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle. Hall's Family Pills are the best.

Swedish Lutheran Conference.

Minneapolis, Minn., May 12.—Several matters of more than ordinary importance are to be disposed of at the annual session begun here today by the Minneapolis conference of the Augustana Swedish Lutheran Synod. The proposition to remove Gustavus Adolphus college from St. Peter to Minneapolis will be discussed and acted upon. Another question to come up is the proposition to divide the conference, which now consists of the state of Minnesota with the northern part of Wisconsin and the Dakotas, into two years the membership has increased rapidly.
